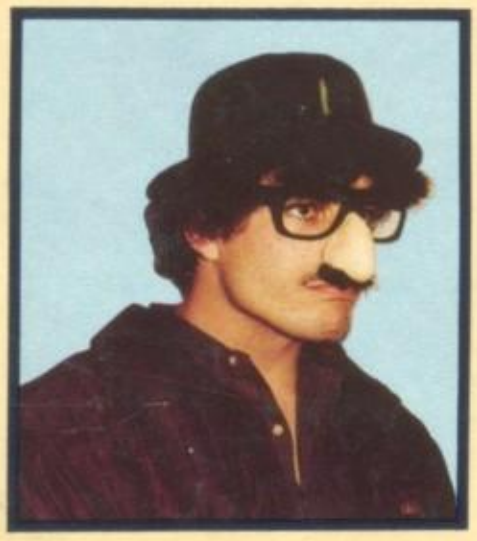
THE UNOFFICIAL

LANCER HANDBOOK

EDITION XVIII 1984-1985

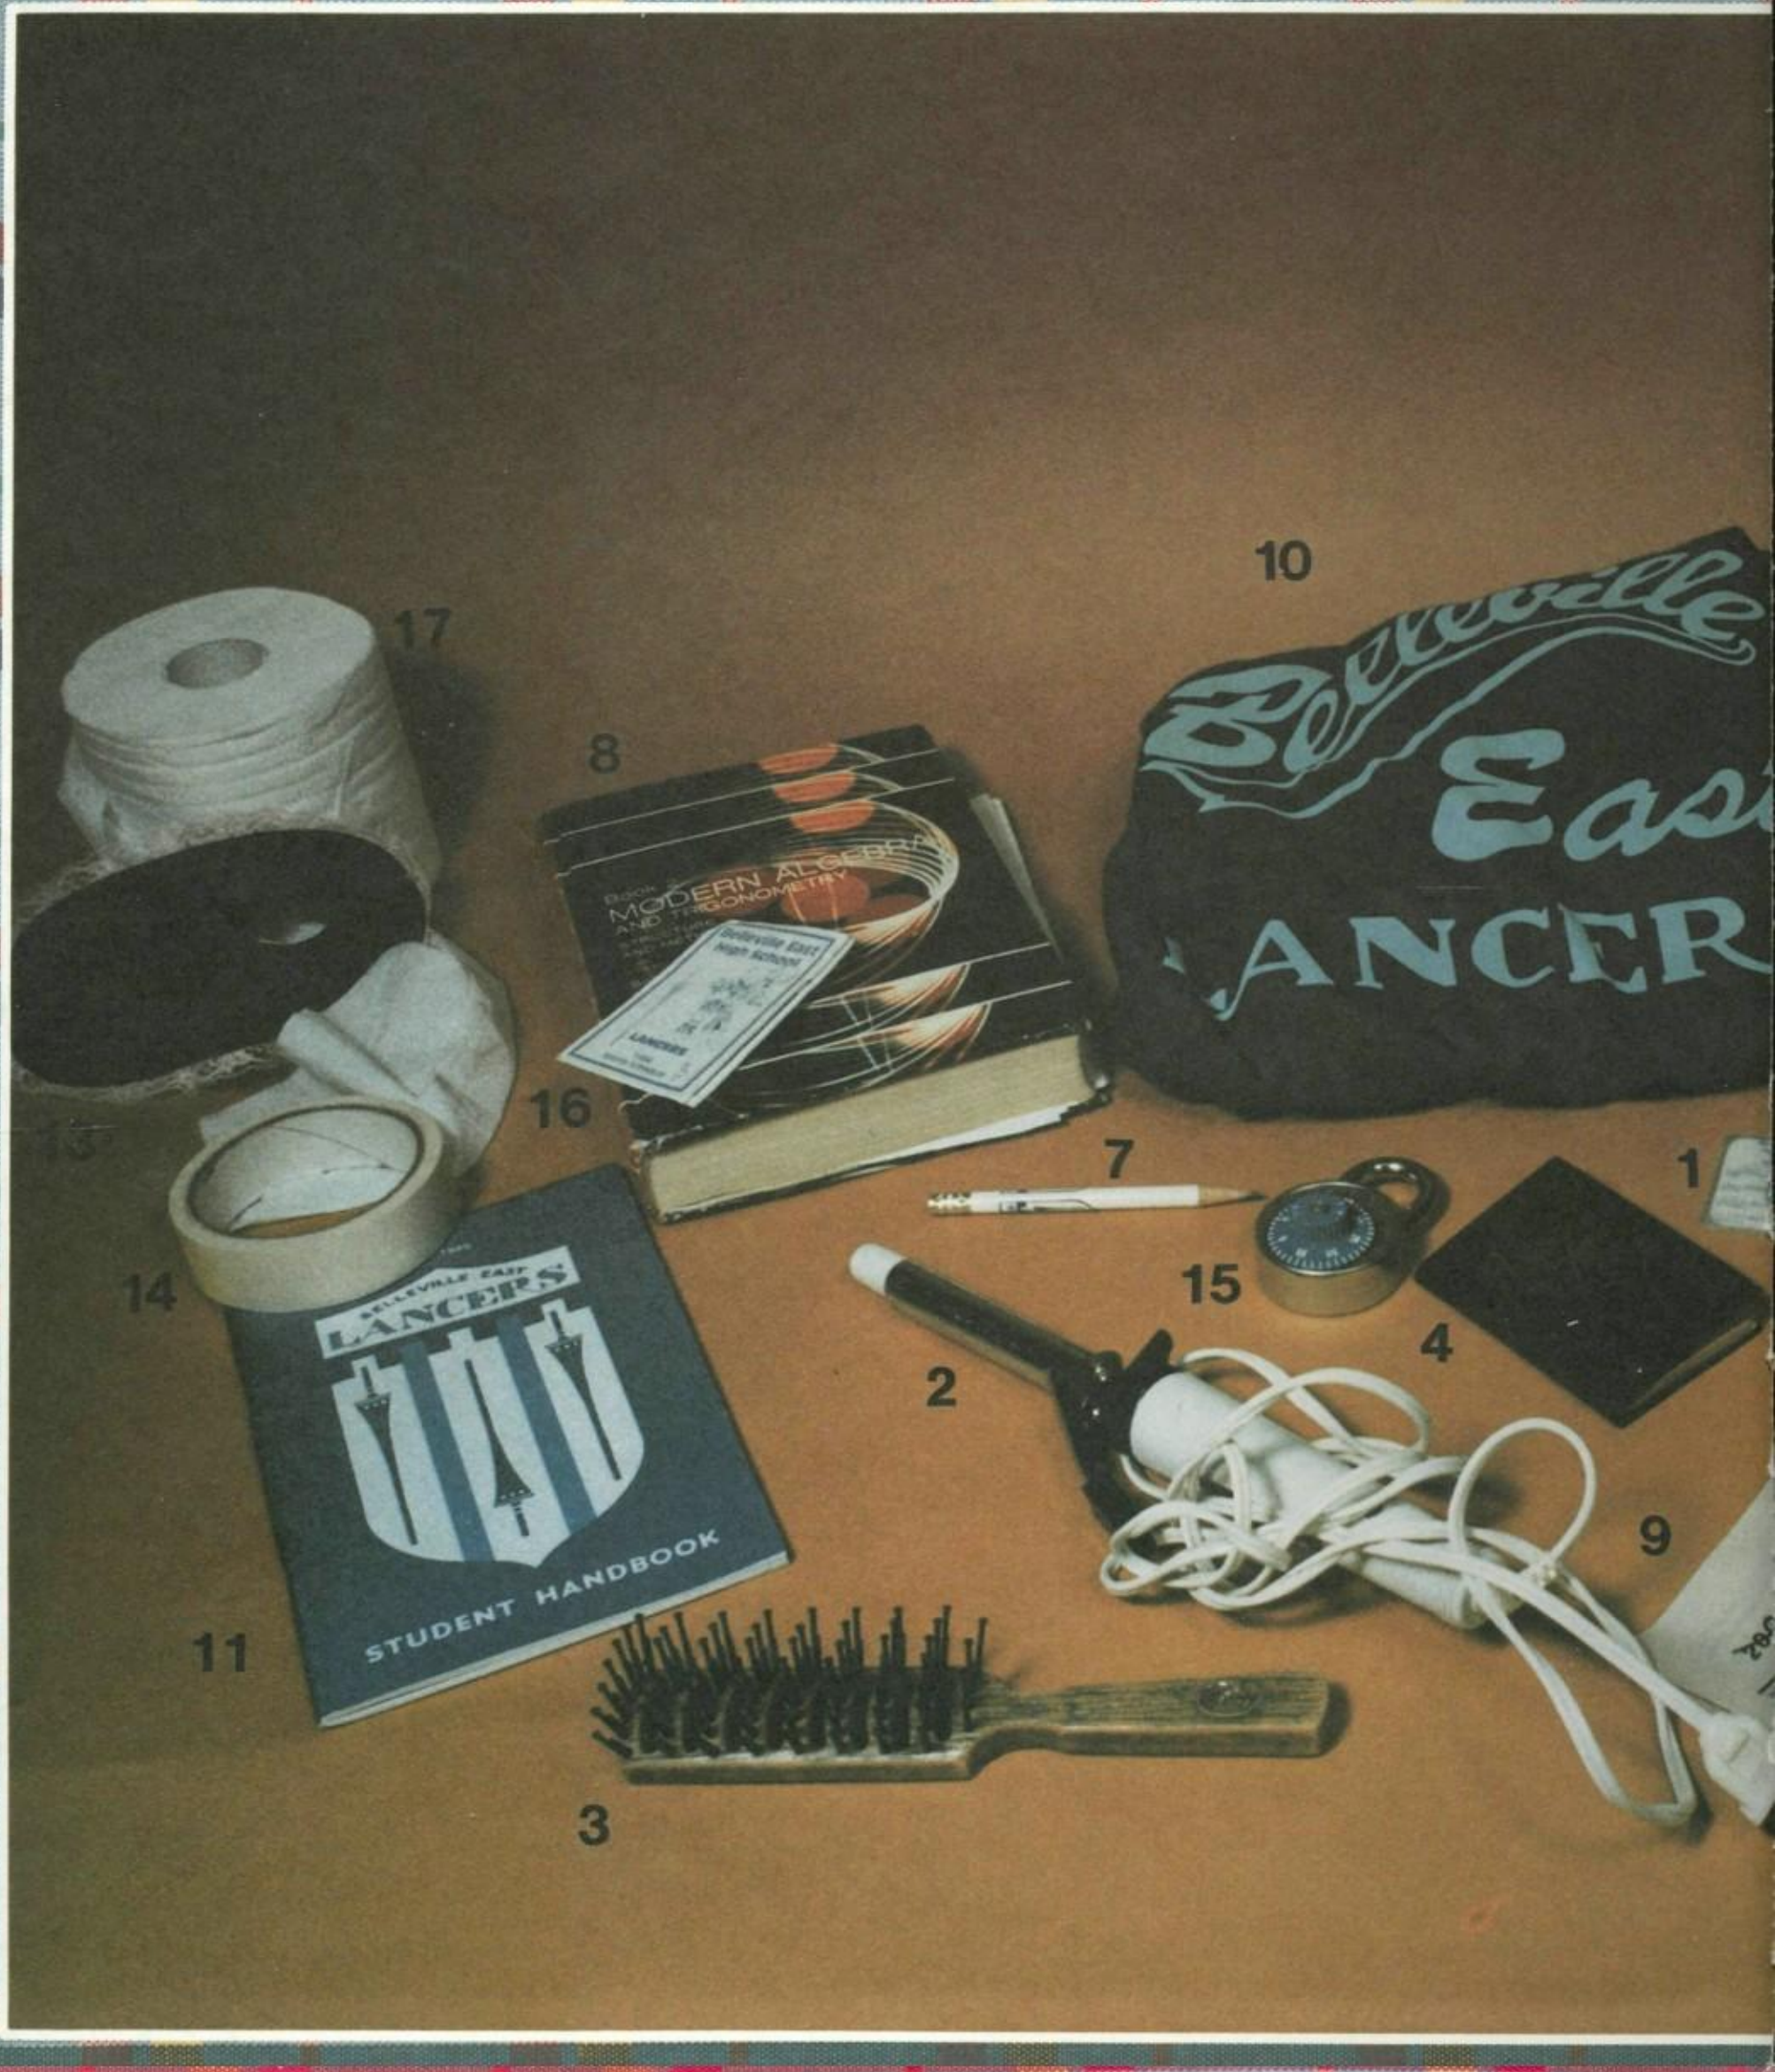
"There are two kinds of students, those who go to Belleville East and those that wish they did."

H. FRED CURTIS



The East ring symbolizes a Lancer's high school career. Activities and the year of graduation are engraved on the ring.

Eighteen typical accessories that no



ancer should go without

YOUR OFFICIAL EAST SURVIVAL KIT

1. **ID-** Proof that you exist at Belleville East. Second only to the credit card.
2. **Curling Iron-** An essential for the girls after P.E., but if it's raining or you got up late, the end of history is O.K. too.
3. **Brush** (substitutable for comb if you are a guy) — 80% of the girls at East cease to exist without their brush. Most often in use at the last five minutes in class, right after the makeup has been applied. Boys, on the other hand, are armed with a comb *at all times*, and use it . . . whenever time permits.
4. **Black Address Book-** (get this if nothing else)- A guy without his little black book is like a sea without water, a bird without wings . . .
5. **Notebook-** primarily used for your writing assignments, but, as we all know, it's also useful for doodling in while plagued with boredom in class.
6. **Pen-** the pen is most commonly used for your essays and notes, but you sometimes see their inkblots all over your desk, which some Rorshach-happy nut from Psychology left behind — watch where you set down those papers!!
7. **Pencil-** used for Algebra and Geometry homework, but it is also used for making more detailed pictures on your desk along with inkblots.
8. **Algebra Book-** the Algebra book's most obvious use is for teaching algebra and providing assignments to do. While trying to do assignments, some students find it makes a good pillow. It has other uses, like . . ., um, acting as an umbrella in the rain! Or perhaps kindling for the fire! (After it has been used, of course.)
9. **Laureate** (school newspaper)-When the newspaper comes out, you can always find the Laureate staff. They are the ones loaded down with tons of newspaper, trying to unload them onto you for 20¢.
10. **Jacket-** Yes, when you enter high school, you feel an obligatory tug to get an East jacket. Go ahead, everyone else does.
11. **Handbook-** An item handed to you in one of your English classes at the beginning of the year containing the sacred commandments of Belleville East (usually found at the bottom of everyone's locker.)
12. **Shoes-** typical Lancer shoes: never seen with socks and worn all year round.
13. **Phantom Mask-** Only essential to bankrobbers, masqueraders . . . or seniors who wish to become phantoms, that insidious group who wreak havok upon the East campus by "decorating" with toilet paper and masking tape during Loyalty Week. They cover their faces so they can't tell who taped up that freaky comment of David Letterman's, or who loves such-and-such . . . you get the idea.
14. **Tape-** used by students to post up signs, letters, etc., while teachers think it could be more wisely used on students' mouths.
15. **Lock-** The lock is used for protecting items that you don't want stolen, such as clothes, books, and other personal items. Then you have your locker combination (most of the numbers unreadable) which usually takes the poor freshmen ten times before they can even get it open.
16. **Lancer schedule-** If you don't know what to do on a Friday (hard to believe, but some people don't), just pick up your Lancer schedule and attend a game in your local area: B.T.H.S. West.
17. **Toilet paper** A major item that has many uses. It can be used to decorate our school, get back at your favorite teacher's trees, blowing your nose etc. (comes in a variety of colors and florals)
18. **The Belleville East Letter-** The East school letter is usually sewed on the sweaters or jackets of jocks or preps. This "B" is a prestigous symbol for them to show off to their girlfriends or boyfriends.

The First Day! What

You know it's the first day of school when ....

1) You go to your locker and find out that you can't remember your combination.

2) You wait at the bus-stop for an hour and then realize that this might not be the right one.

3) Everyone is wearing new clothes.

4) Everyone is extra happy because they are seeing their old friends again, or they are unhappy because school started.

5) Most people come back looking like they were in a Coppertone commercial and you look like you've been in a cave the whole summer.

6) The school food is fresh.

7) People are looking at the snack-bar prices with their mouths open.

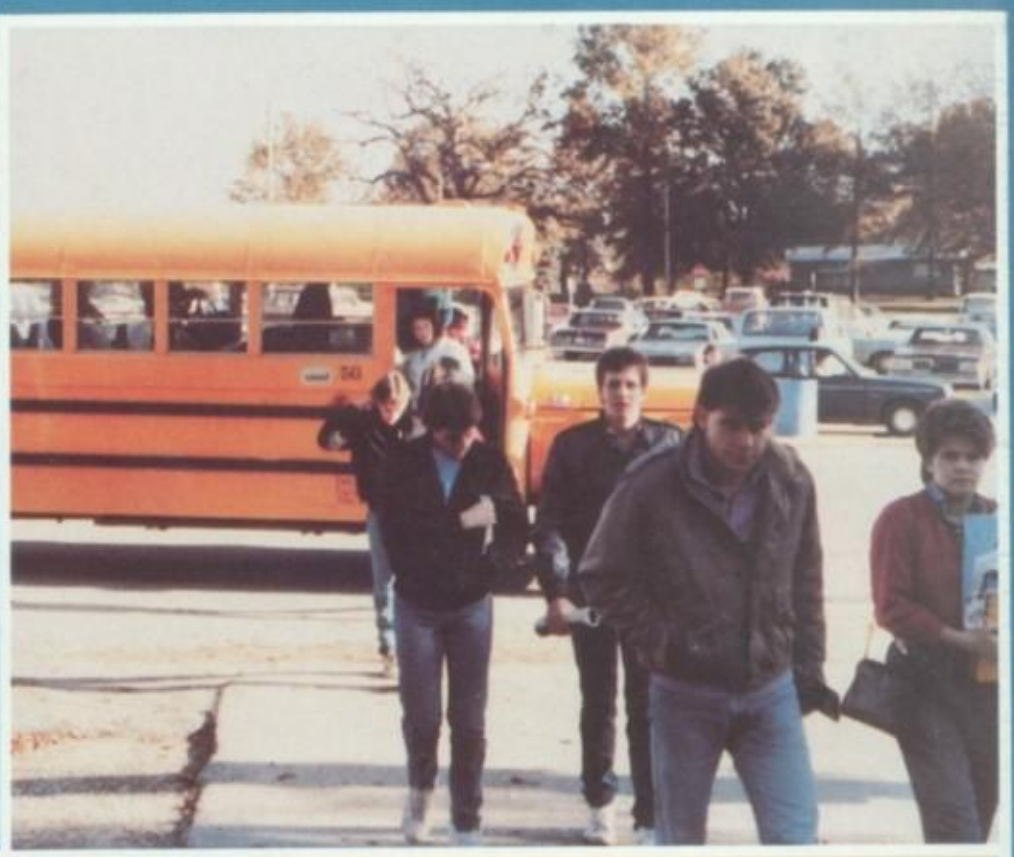
8) You get rich on selling elevator passes.

9) You've been asked ten times where Q building is.

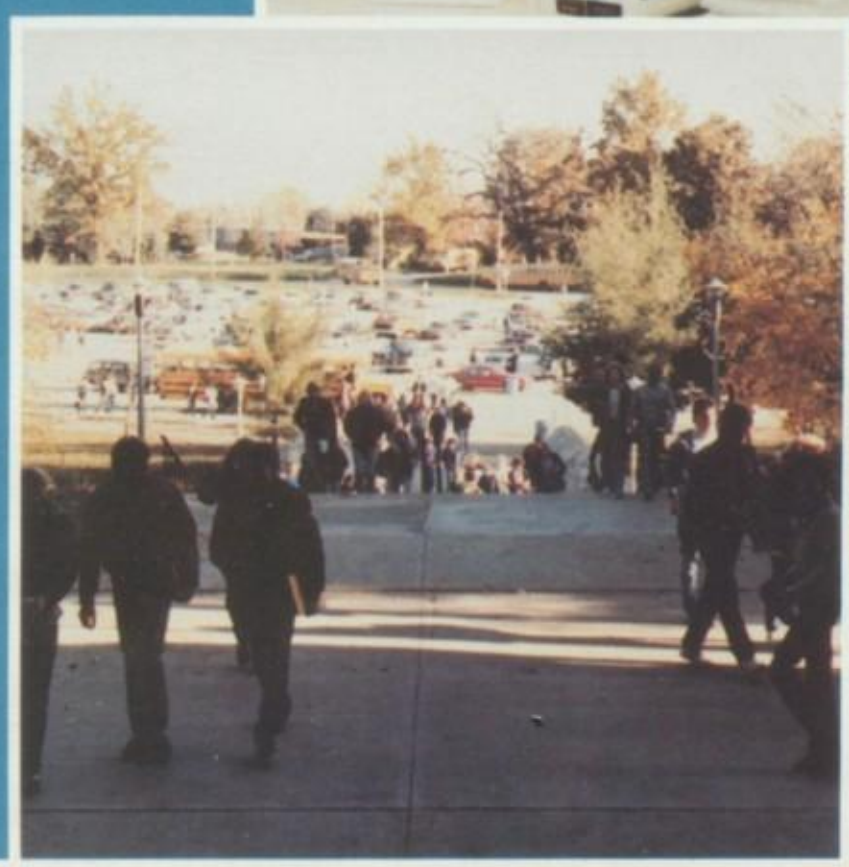
10) People have their hair blond, and last year they were brunettes.

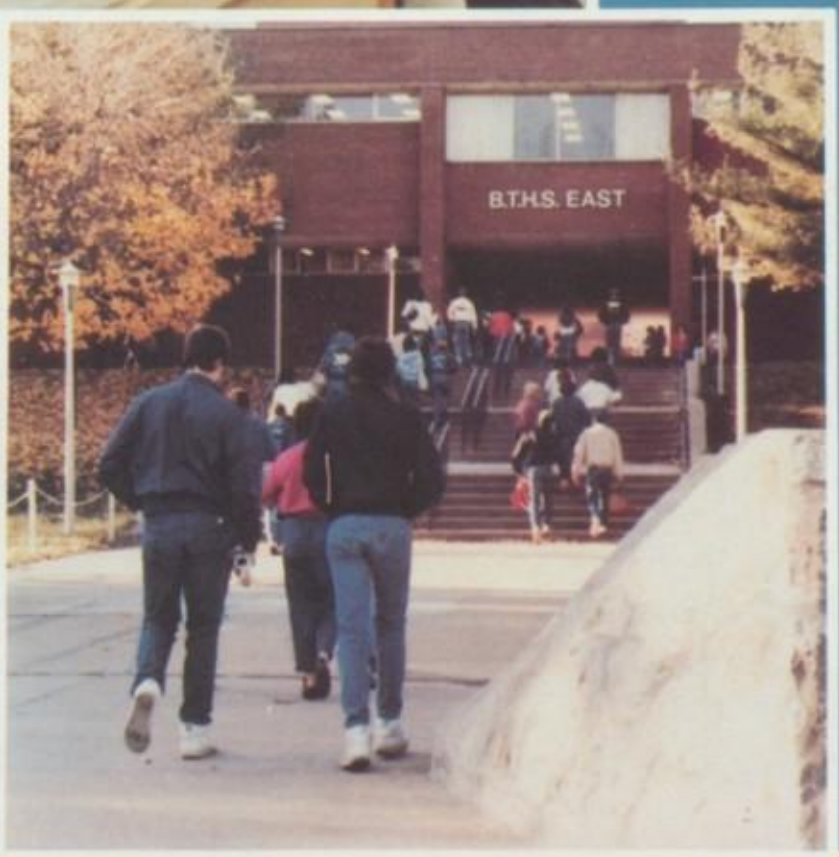
11) You have to check out what everyone is wearing.

12) You walk down that mile to find your bus.

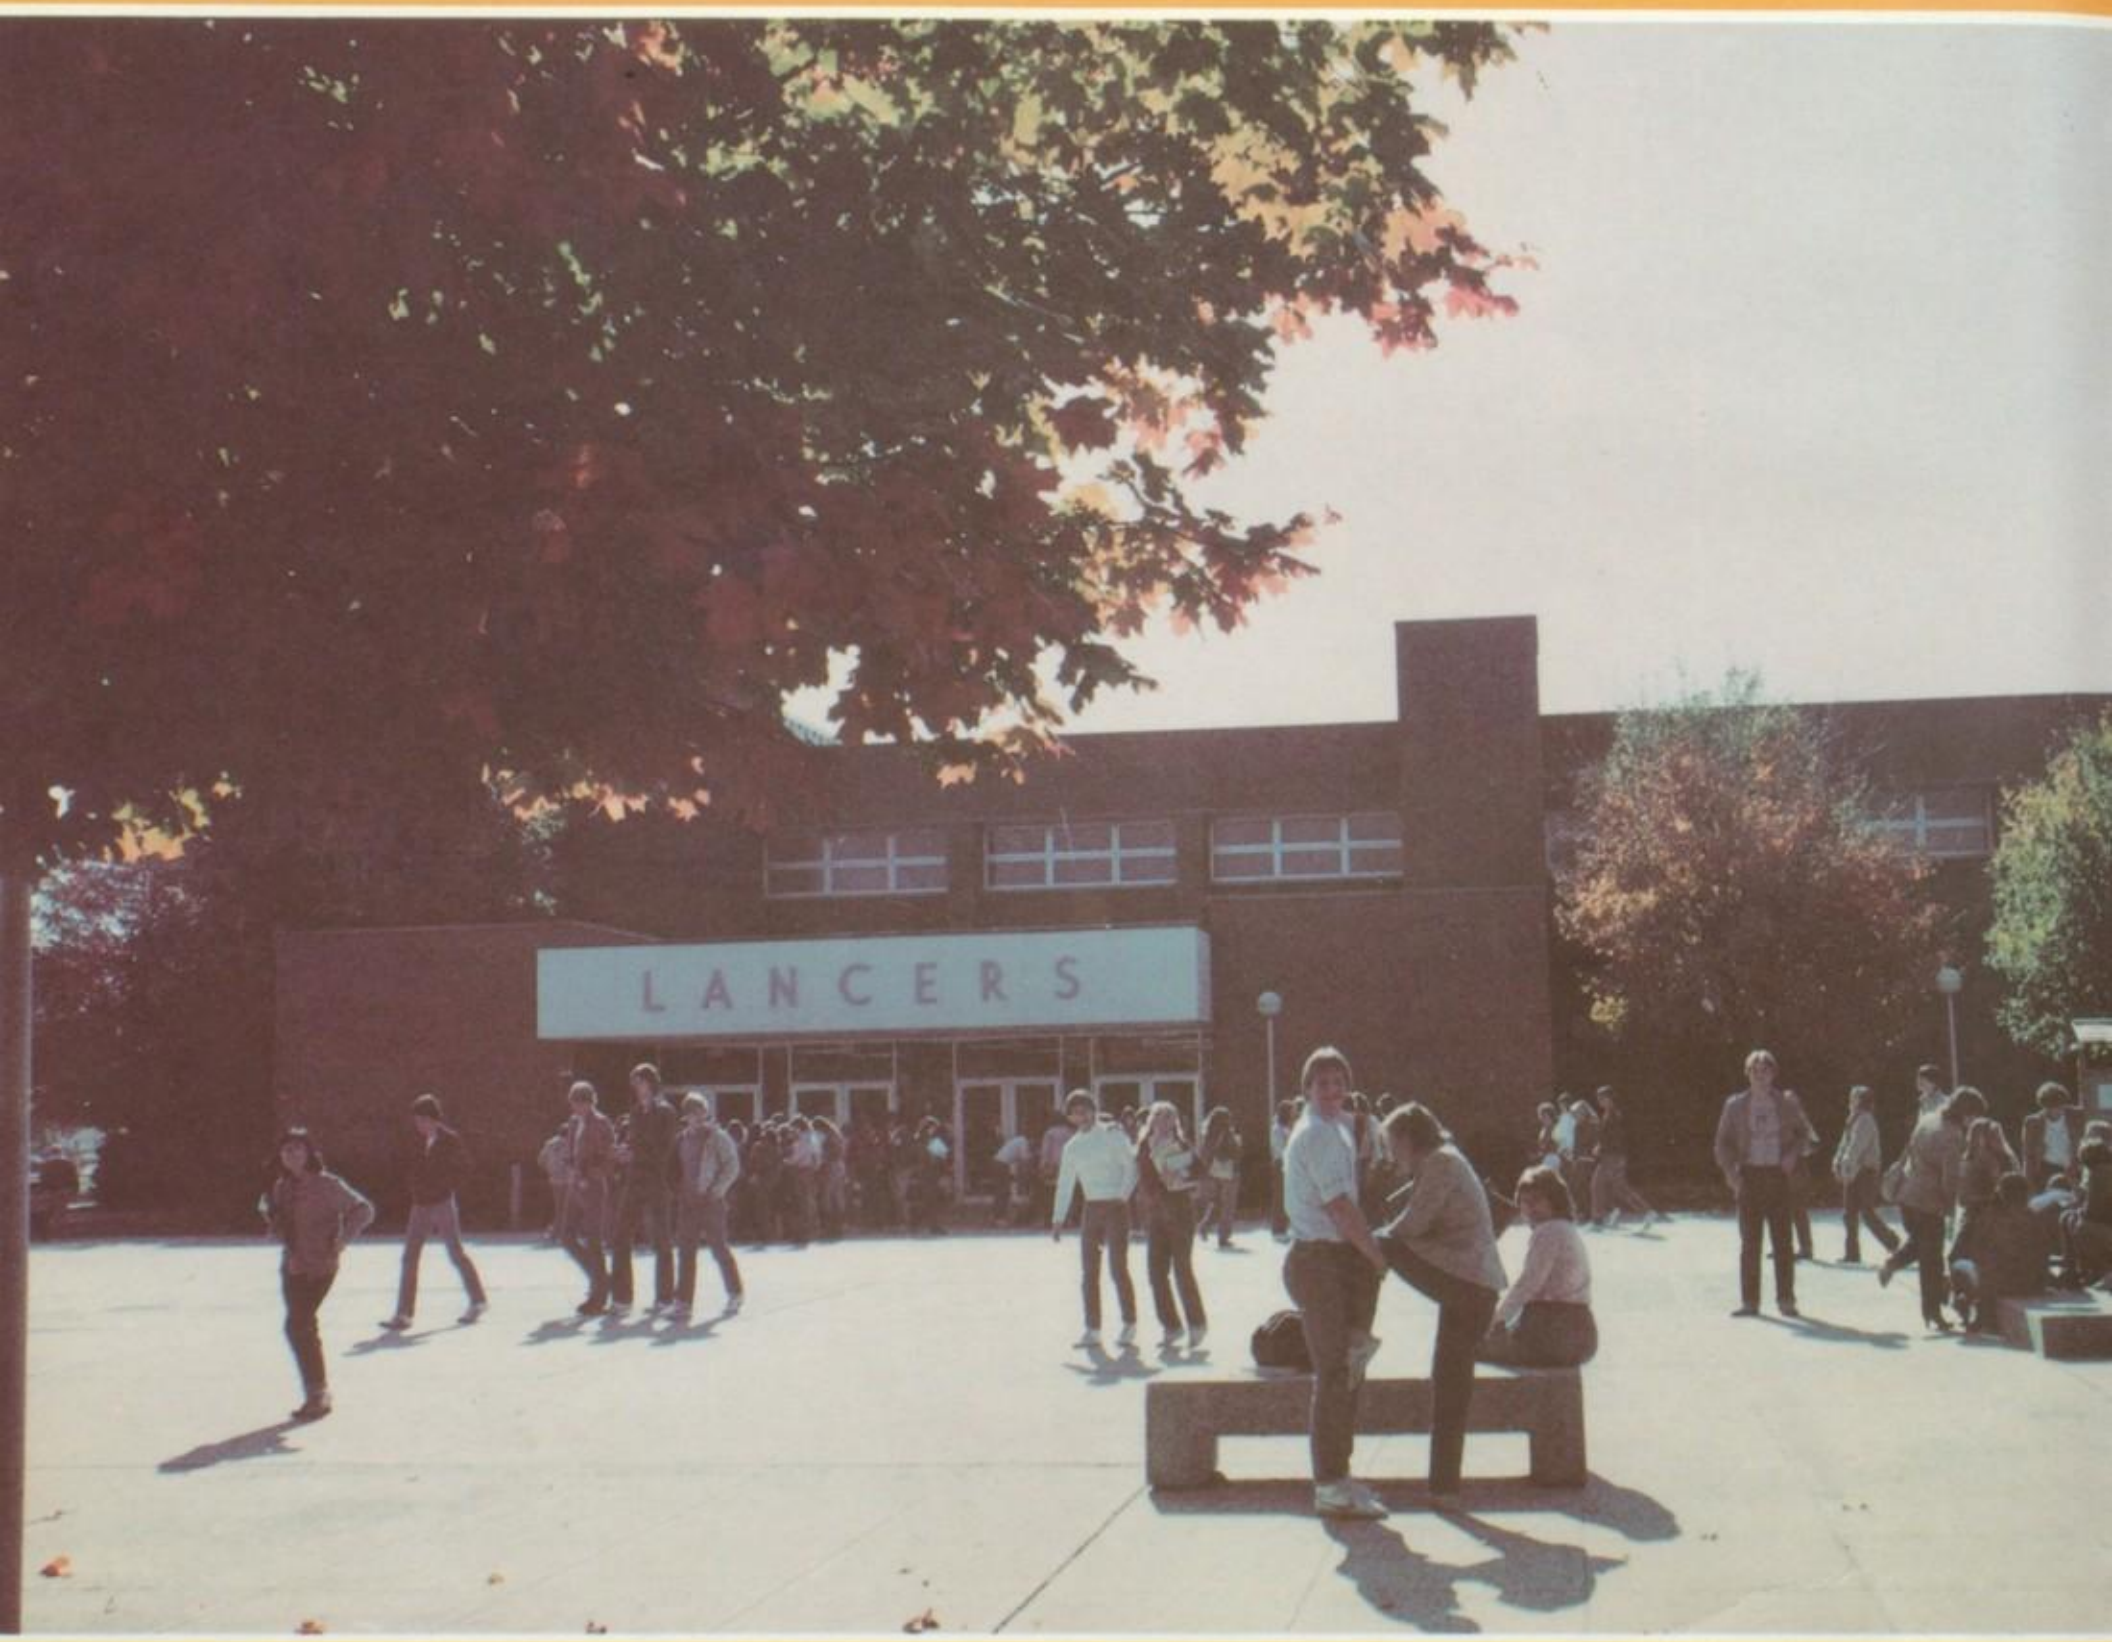


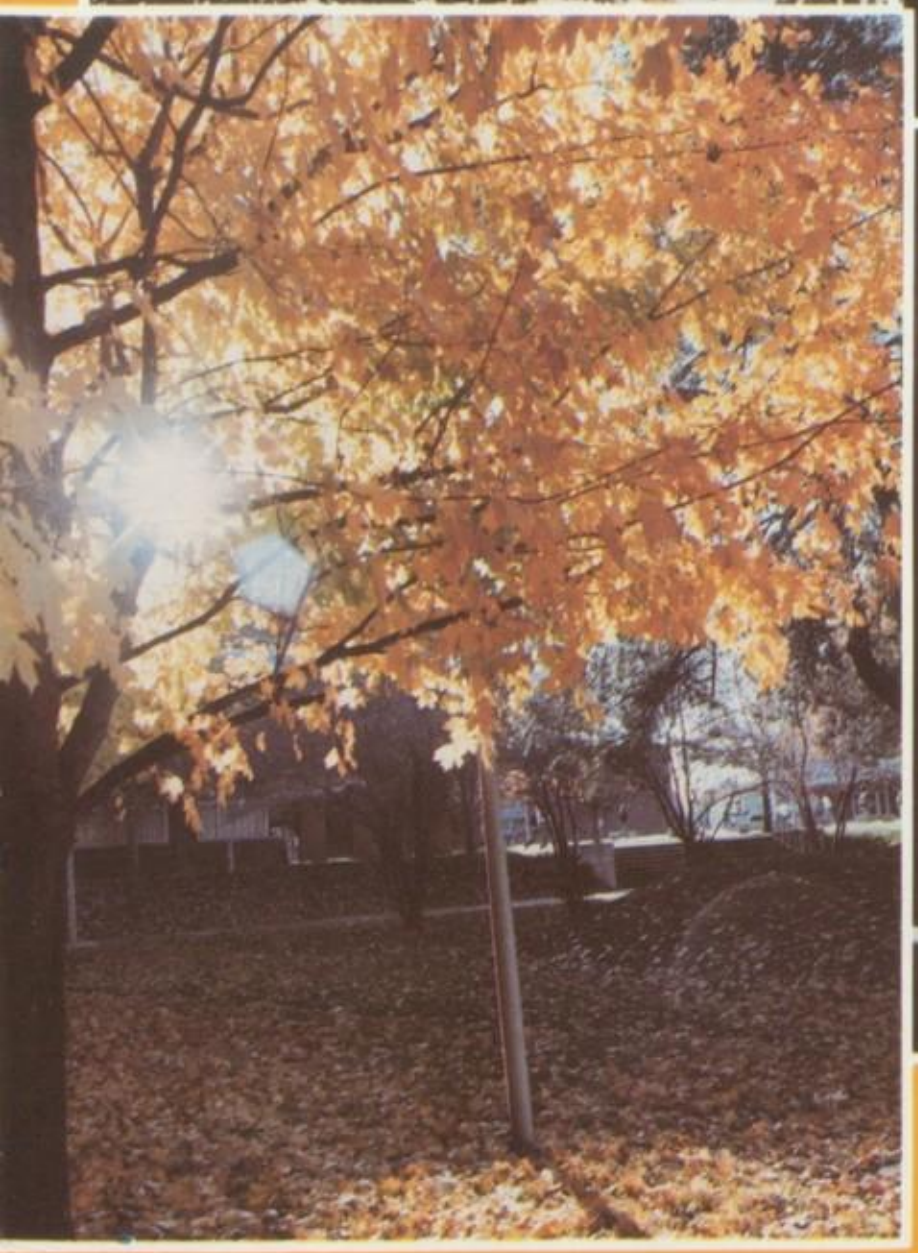
A Thrill!

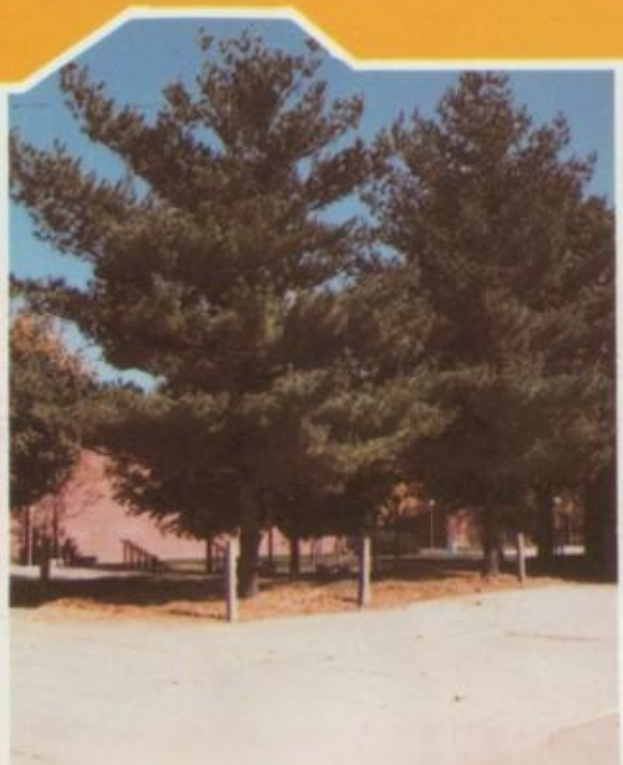




Get An Eyeful Of East







Lancers In Their

Although it rained throughout this 19th Loyalty Week, Lancer Spirit could not be dampened. Students showed their spirit for East by actively participating in the following Dress-Up days:

1) Favorite Television Character or Celebrity Day
2) Inside-Out/Backward/Opposite Day
3) MTV/Music Day
4) Tourist/Sheik/Hawaiian Day
5) Lancer Blue Day.

During the week, people passing by the East campus may have thought that the whole student body had gone crazy. There were all kinds: people walking around with their clothes on the wrong way, guys dressed as girls, people dressed in sheets and others walking around with newly sprayed neon-orange hair.

Visitors would have sworn that a portion of the student body couldn't dress themselves, some were having a Boy George crises, some just got up from bed with the sheets and all, and others were straight out of an MTV video.

Some of the more colorful and stand-outish costumes included Gandhi, Aunt Jemima, ZZ Top, Gilligan, and even a television proudly bearing the MTV symbol. (Honorable mentions go to all the others we neglected to mention.) In any case, the student body as a whole had a good time and made the entire week enjoyable.

1) Tim Eiserle sets off enthusiastically to another class.
2) Oliver Bell, Scott Gass and Robb Nabb
3) Fashions this year really went for the "individual look"
4) "If only we could find Q-building on this map.
5) To Jerry Costello, Grant Blaies, and Jon Rosenstengel dressing as ladies was quite an adjustment.
6) Tammy Fischer, Tracy Arnold, and Jill Kaufman go for the "boy-ish" look.
7) Just two average students on their way to their next class.
8) Jerry Costello and Larry LeCompte take a needed break. They've had a horrendous day!!
9) There seems to be a bit of a misunderstanding here.

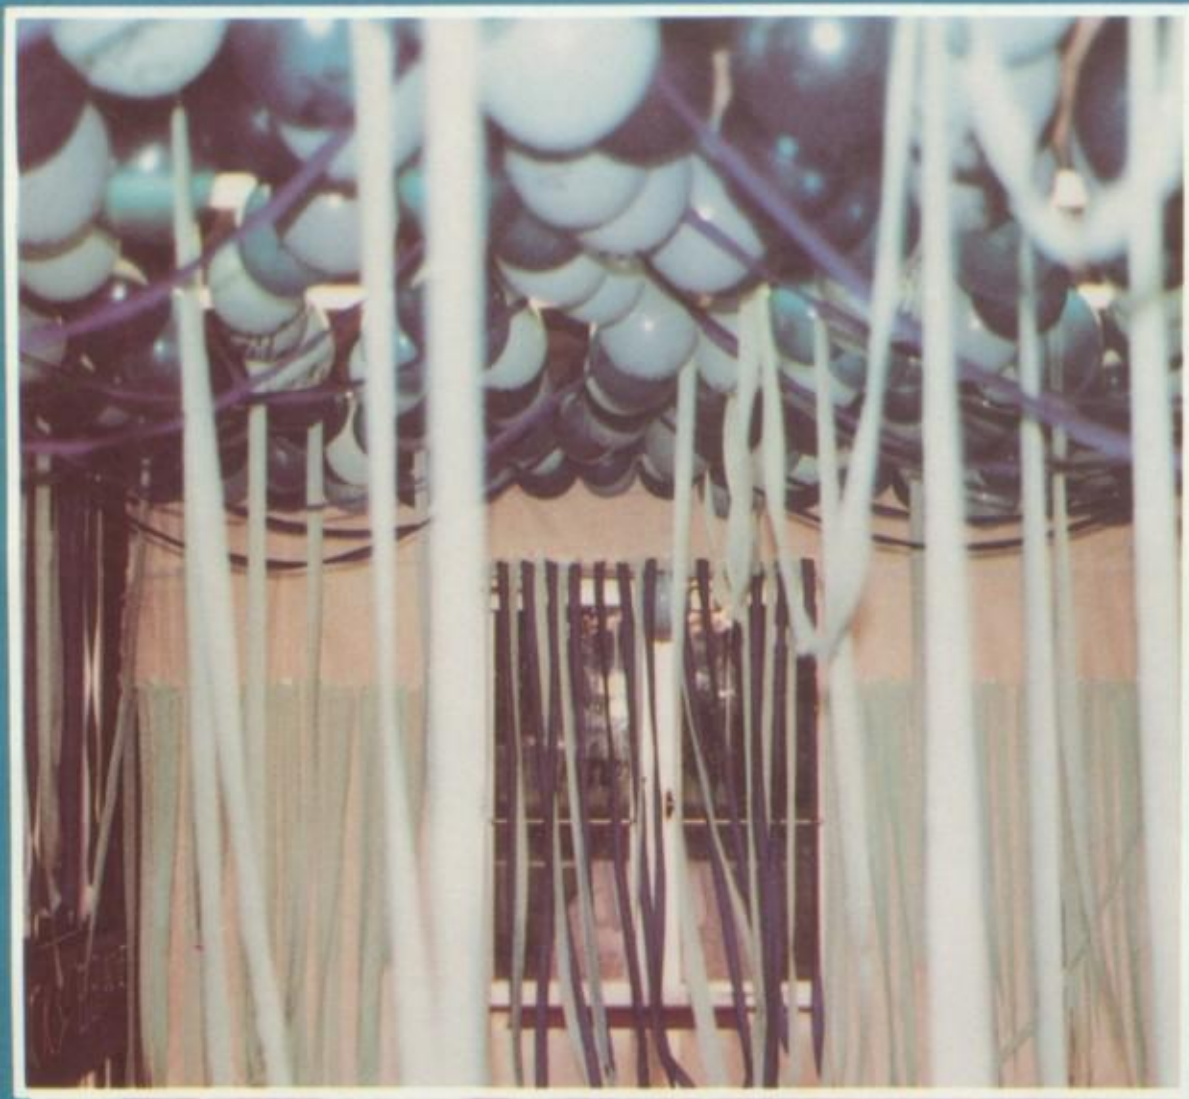
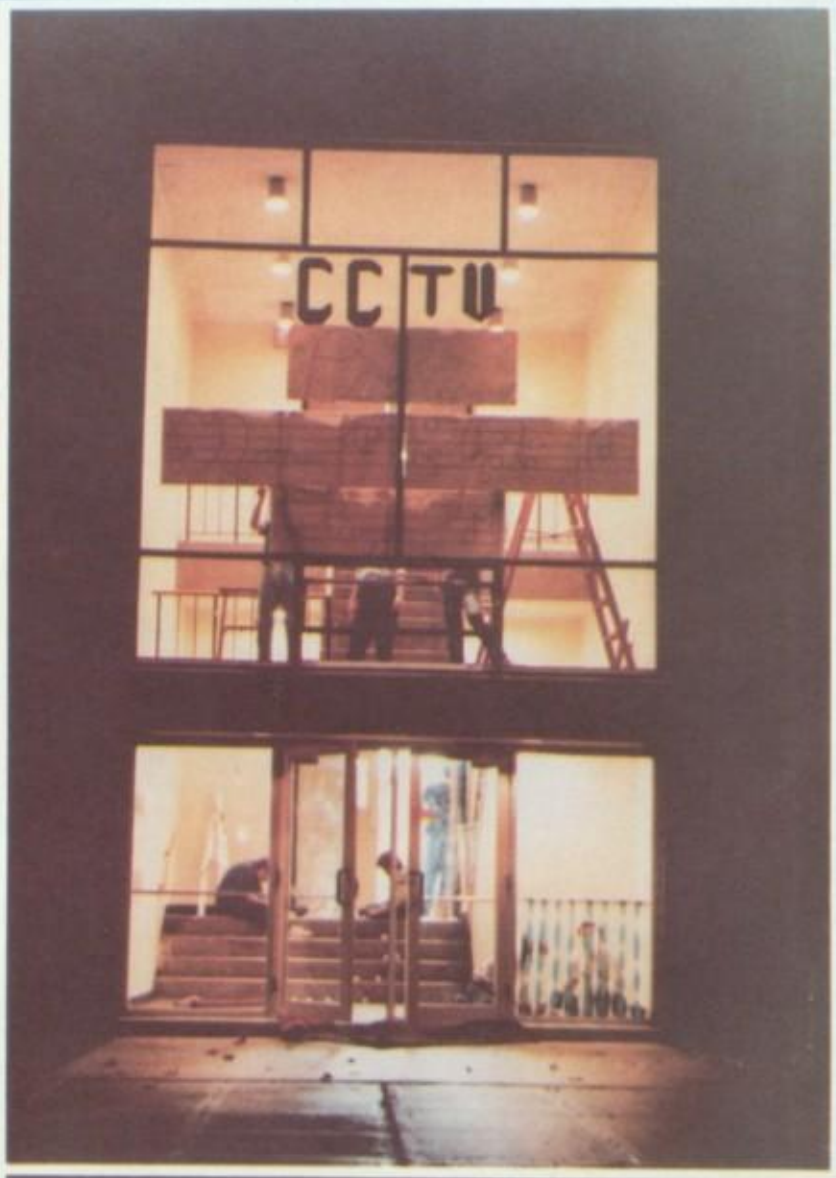
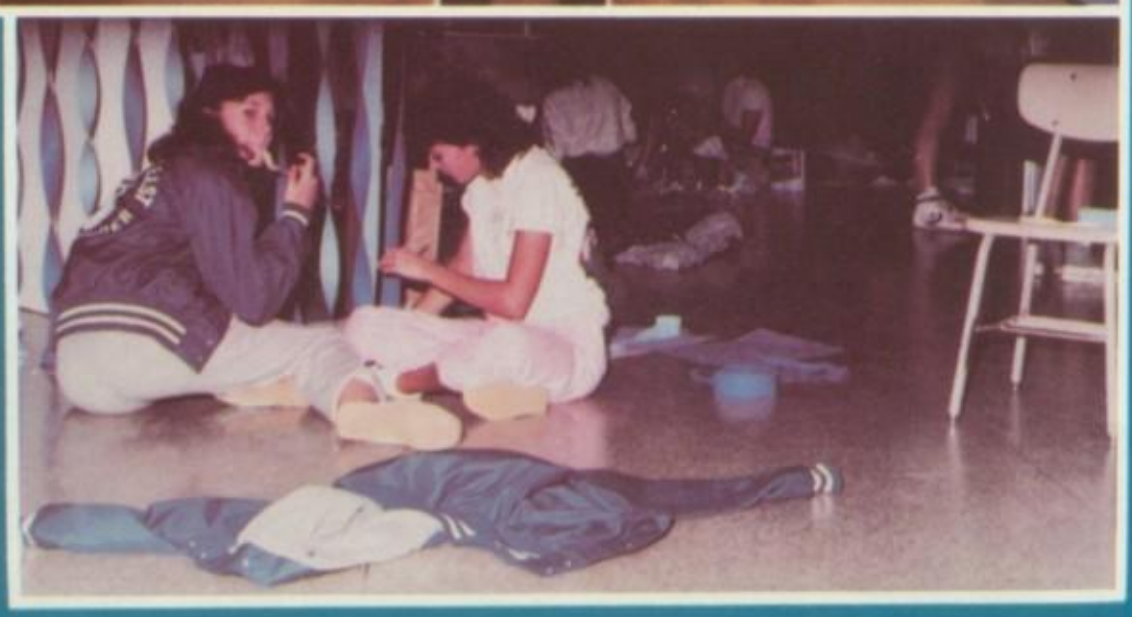
Lancers Deck The Halls







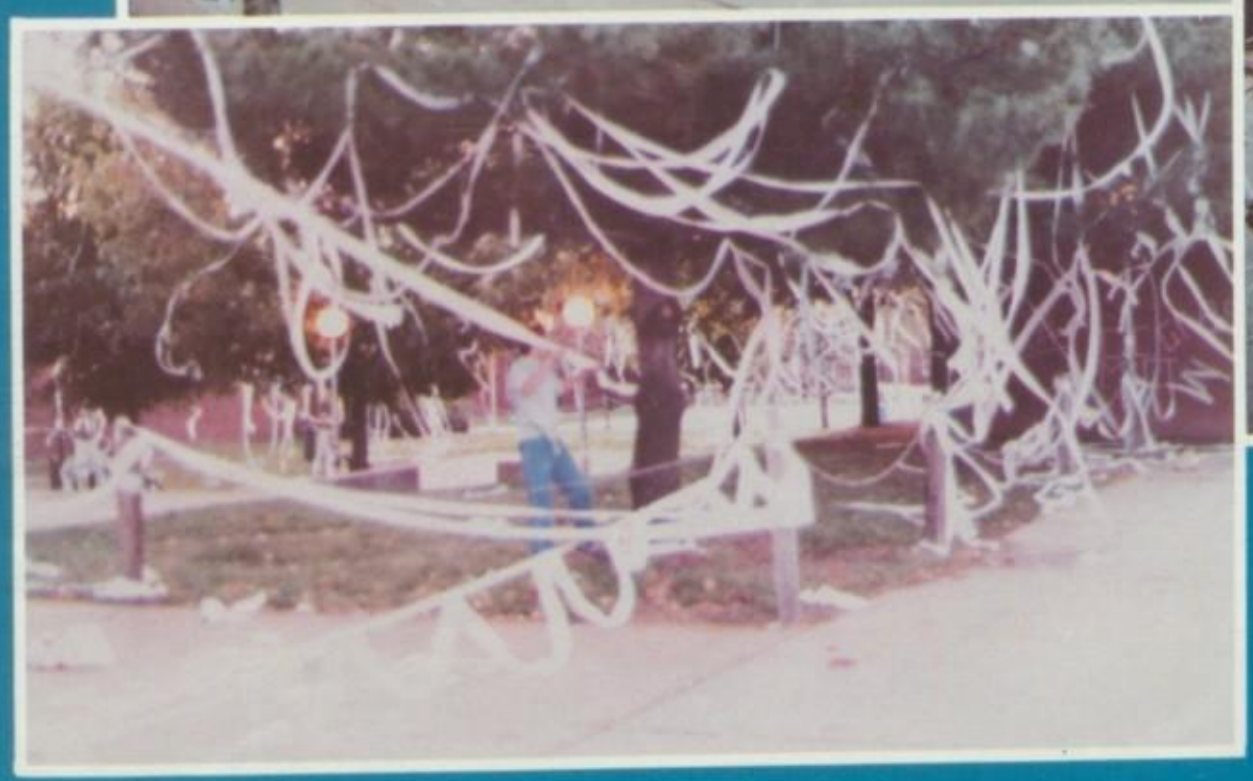
This year, as in years past, the halls were decorated during Loyalty Week. This not only shows the spirit of some of East's organizations, but gets the student body as well as the teachers in a more festive mood.

Some of the organizations that participated in this event were Drama-Speech, German Club, Cheerleaders, and Concert Choir.

The halls are decorated Thursday night by dedicated members of these organizations.

The winner of this event was . . . . . Concert Choir, who presented "C.C. T.V." It won hands down!

Vandalism On Our Campus?



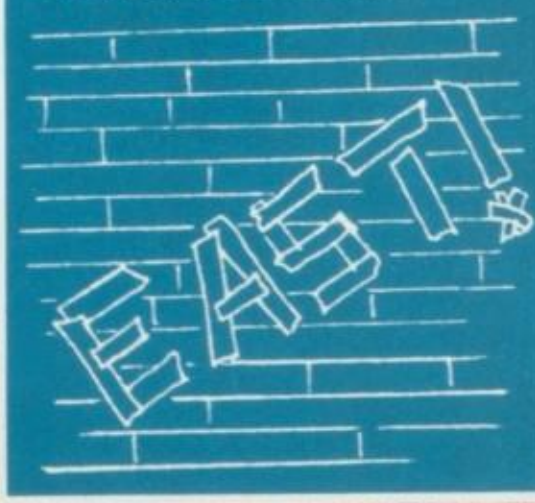
It was a normal, end of the month, September morning when I arrived at East. As a new student, I still had a lot to get aquainted with, but basically, everything was falling into place on my schedule and I didn't notice much.

I noticed a couple of things though: the leaves were turning color, the wind was getting nippy, toilet paper and tape were strewn all over the East campus . . .

. . . TOILET PAPER AND TAPE WERE STREWN ALL OVER THE EAST CAMPUS?!!

I was frantic. Some kind of diabolical group had sabotaged the place overnight and no one seemed to notice. In fact it seemed to get people more peppy!

Later I found out that this was the work of the phantoms, a group of students who decorate the school in order to visually show their spirit. It sure seemed to work too! Eveybody was walking around talking about the game that was to come, that we would eventually win. Maybe the idea wasn't so bad after all!!



The XVIII Annual Powder-

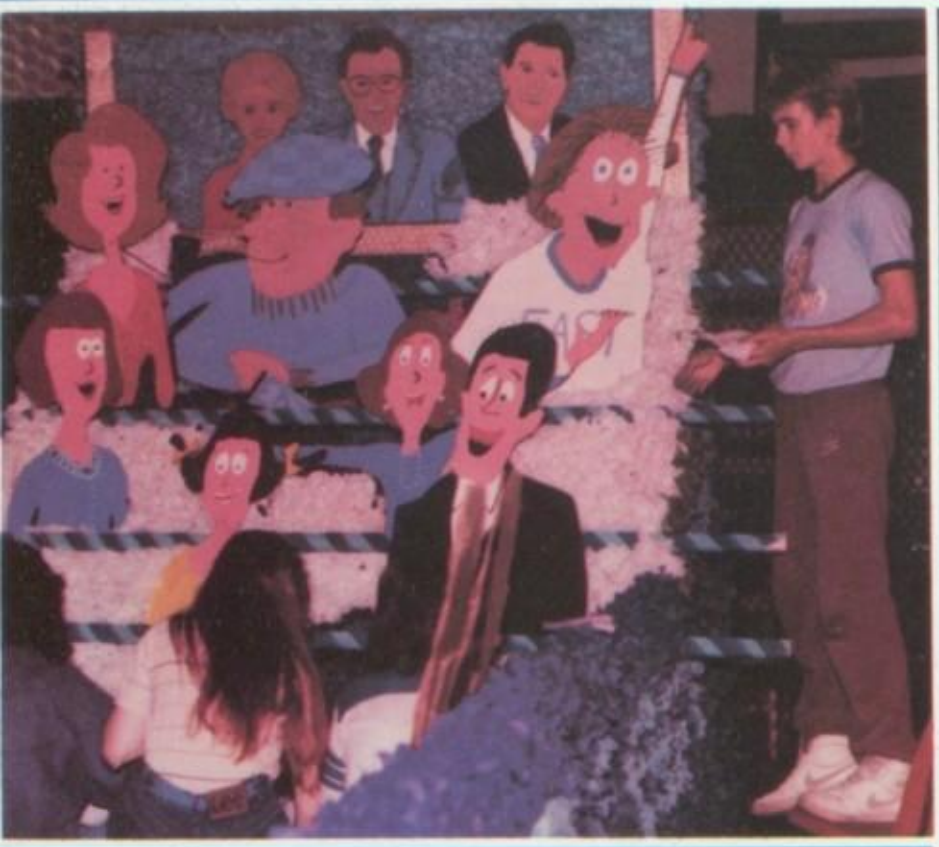
Puff Olympiad

During Loyalty Week, amny student body members actively participate: by dressing up on the dress-up days, being a phantom, or taking part in one of the assemblies. Another Loyalty Week tradition has been the P.P.O. or Powder Puff Olympics, in which a group of senior girls try out for one of four teams (athletic talent is not necessarily required; P.P.O.'s basic purpose is to have fun and show Lancer spirit, while also preparing for the football game.)

Four teachers volunteer to coach their team to a hopeful victory. This year Mr. Robert Vitek, Mr. Terry Blaies, Mr. Larry Patton, and Mr. George Siebert captained the teams of "Vi's Guys", "Blaies' Bandits", "Patton's Tuff Puffs", and "Siebert's Superstars". The various events were relays, three-legged races, or the famous tug of war.

All teams had strong members, but "Patton's Tuff Puffs" eventually won their way to the top!

East Paints The Town Blue

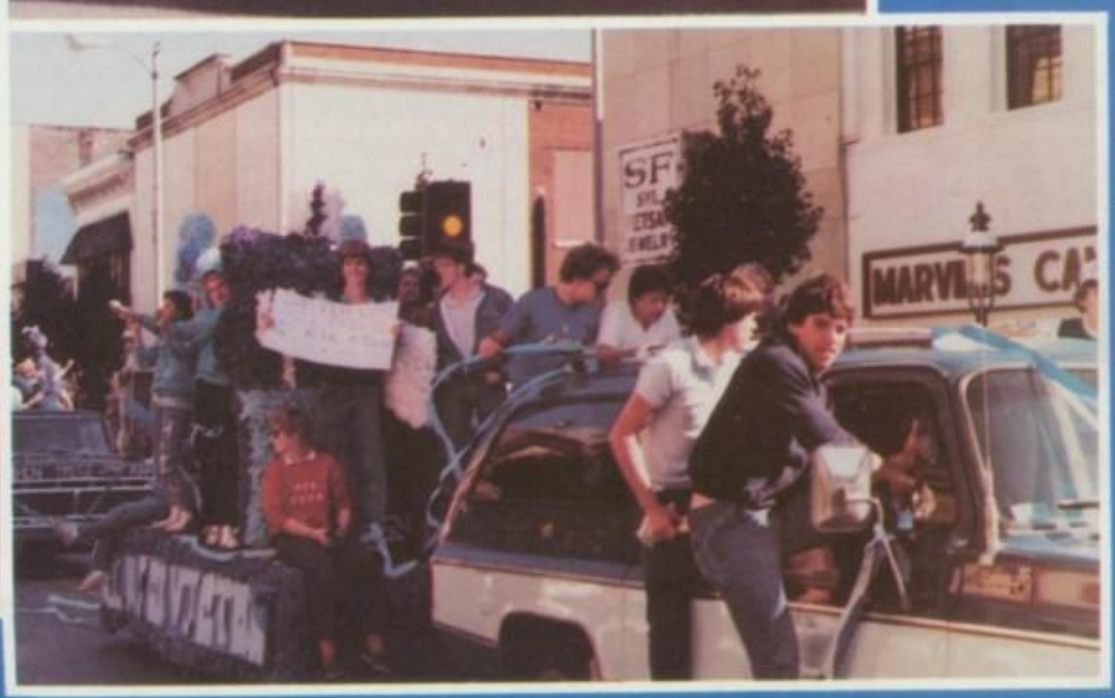


Finishing touches were put on the floats by students like Frank Lunn (junior).

These floats: "Aim for Victory" - seniors, "Cheers to East" - juniors, "The A-Team" - sophomores, and "Wide World of Sports" - freshmen were completed just in time for the 19th annual Loyalty Week Parade.

The winning float was the "Aim for Victory" float built by the senior class. All the floats, however, showed great imagination and ingenuity.

The Belleville East Marching Band along with the Lancer Line (Pom-Pon girls) also played a big part in the East tradition.



1) 2) 3) Juniors, sophomores and freshmen show their spirit on their floats. Juniors, however, say they are number one.
4) Our Loyalty Week Queen, Michelle Eastman, joins in the festivities after being crowned.
5) Her court consists of Janice McAteer, Tami Trover,
6) Robyn Schneider, Ise Sooter 7) and last, but defenitely not least, Monica Mohr and Tammy Nunez.

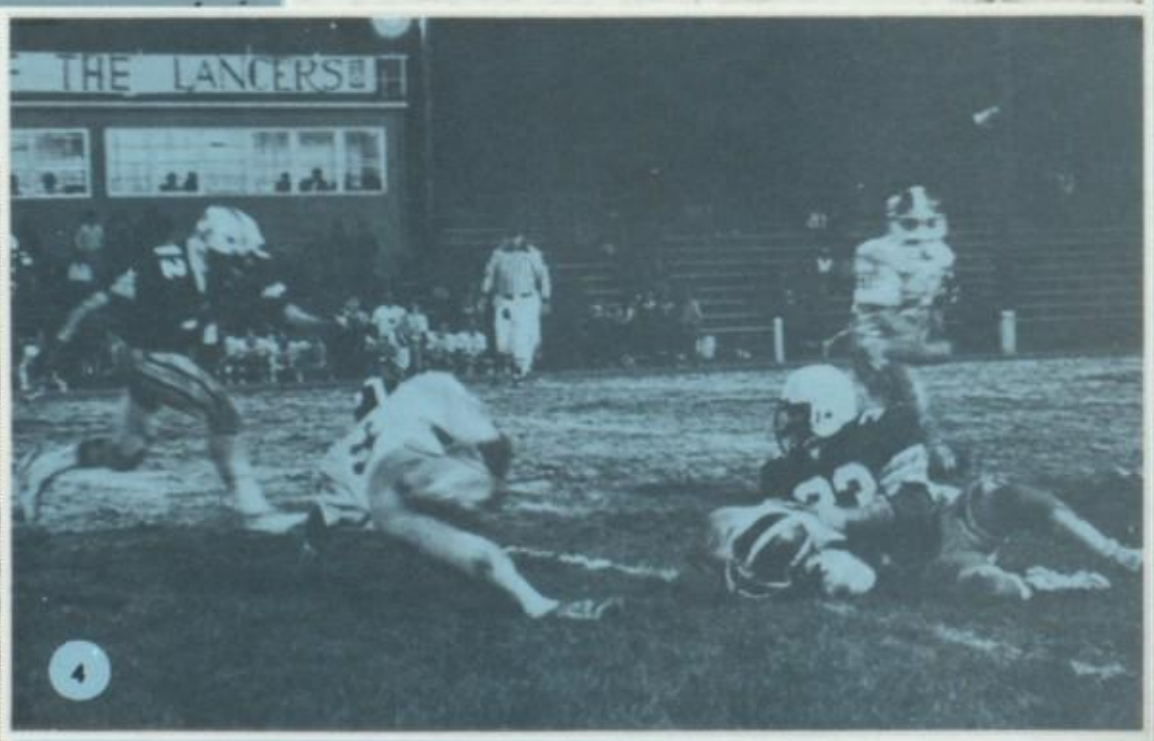
2) The Loyalty Week queen, Michelle Eastman, awaits to enter with Steve O'Neil.
3) The second runner up, Monica Mohr, was escorted by Bob Eagan.
4) The new queen and her court just after being crowned.
5) Gary Leonard and Tammy Nunez begin the "long walk" across the gym.
6) Last year's queen, Michele Reinecker, shows up to pass on the crown.
7) Janice McAteer being escorted by Steve Jacobs.
8) Robyn Schneider and Matt Talley pause a moment for pictures.
9) All of the candidates with their escorts.
10) The underclassmen princesses with their escorts.

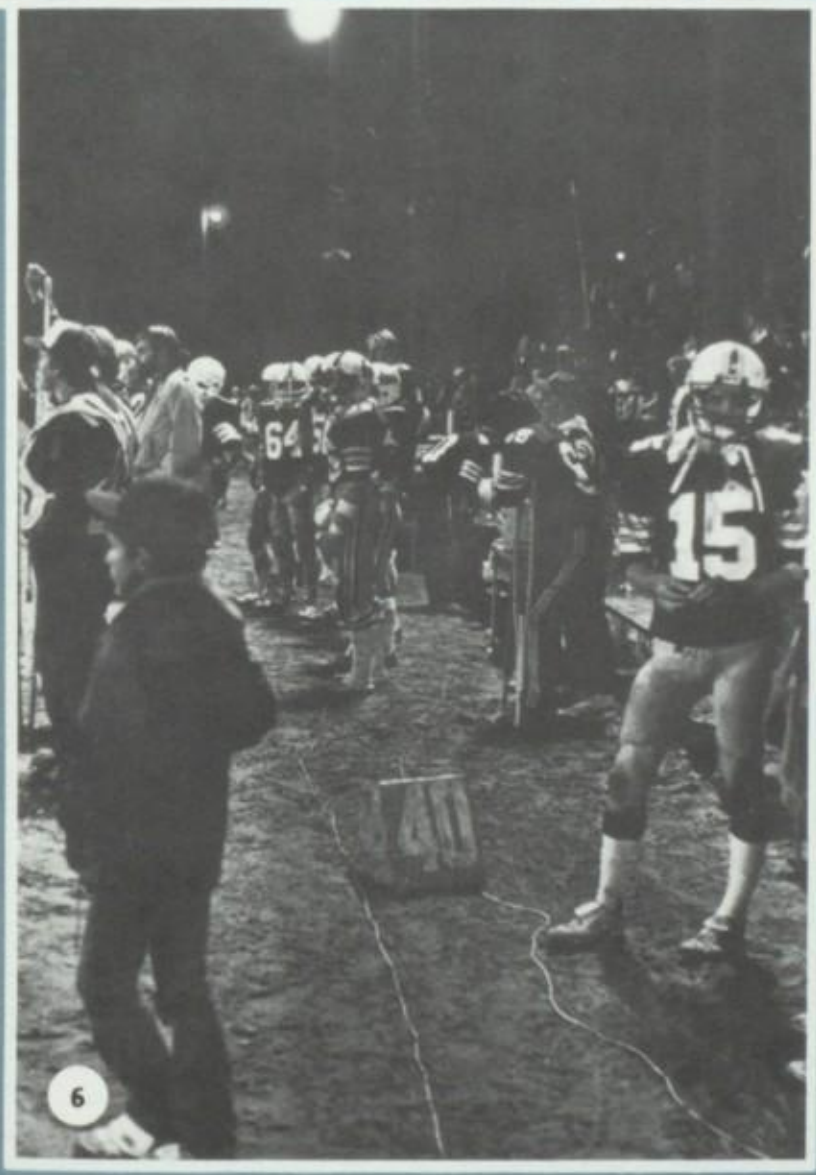
The date was Friday, October 19, 1984. Seven senior girls sat nervously in a crowded gym. They awaited the final decision of who would be this year's Loyalty Week Queen. Finally, after what must have seemed like hours to them the winner was announced. It was Michelle Eastmann.

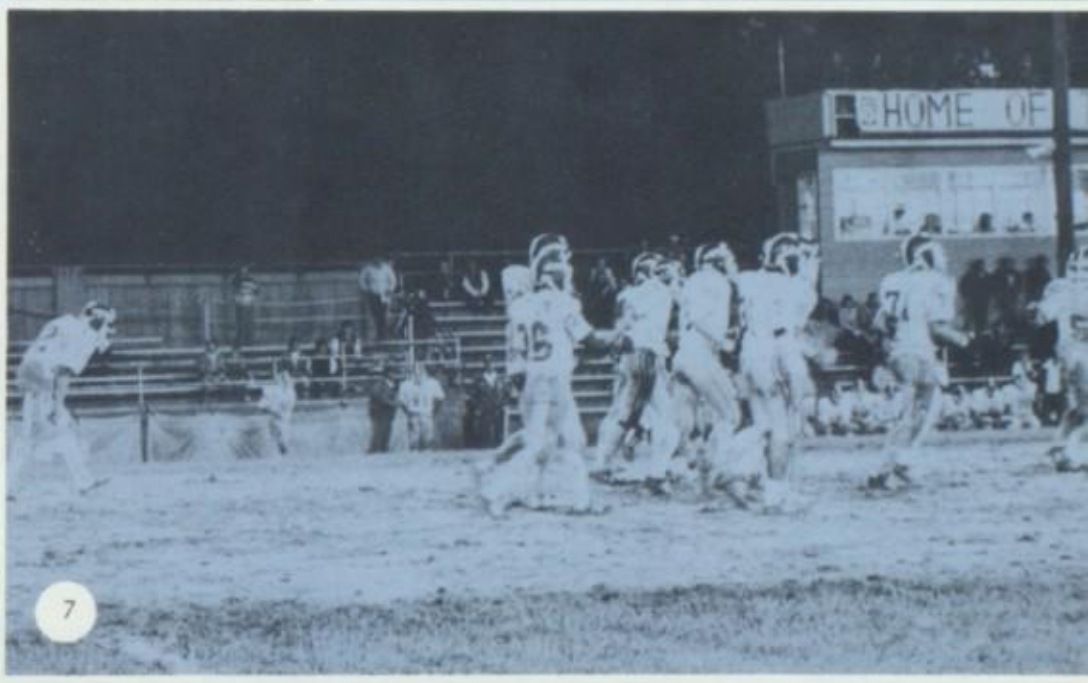
Her court included Tammy Trover, Tammy Nunez, Janice McAteer, Ise Sooter, Monica Mohr and Robyn Schneider. Their escorts were Bob Eagan, Gary Leonard, Brian Burkett, Matt Talley, Steve O'Neil, Steve Jacobs and Joe Miller.



1) I pity the fool who mess with Lancers.
2) TOUCHDOWN!!!
3) Good way to get in the games free, Kevin.
4) "Ooh, *?@#!!! I lost my contact!"
5) Lancer fans cheer on their team.
6) Worried opponents crevulate on sideline.
7) "Alright guys let's get 'em!!"

Lancers Guide Their Team To Victory!





This years Loyalty Week football game was reminicent of many other games we have played in the past: it was cold, everyone was huddled together screaming against the other team and getting hoarse, and the ground was muddy and slick. However, none of the factors stopped Belleville East from charging to an impressive victory against Collinsville: 21-0.

Perhaps this continued Loyalty Week winning streak by the Lancers can be primarily credited to the four men behind the football squad: Head Coach McGinnis, Coach Snep, Coach Thompson and Coach Voelkel.

It was easy to see how the fans felt about the game but it's hard to keep from thinking about how much pressure must be put upon the coaches in the final minutes of the game without losing your cool.

Coach McGinnis replied this when asked how he felt about the game, "Despite the impending weather, the football team once again pleased the crowd with another win and made an impressive showing."

Right Now!

One of the many events that take place during the year at East, are assemblies. Assemblies are an East tradition and have been for many years. Assemblies are held at different times throughout the year. There are many purposes for having assemblies. One of the most important is to get the student body "peppy" and excited about the particular sports game to come. This allows our Lancer teams to get self-confidence and lets them know that the whole student body is behind them 100%. Also, assemblies can act as learning events. A couple of examples are the "Pepsi Assembly" and the assembly on drugs. And, of course, we have our yearly Christmas assembly so Santa Claus can come to visit us.

During are assemblies we are entertained by the Lancer bands and orchestra, by our choirs, by the cheerleaders, and the pom-pon girls always have a routine ready to get us going.

True Entertainment

The Belleville East production of *You Can't Take It With You*, by George Kaufman and Moss Hart, was one of the most successful ever to be performed at East. The three act comedy is centered around the Vanderhofs, a family trying to survive in the '30s, the years of the Great Depression. All of the action in this play takes place inside the Vanderhof home. The large family features some unique members — Essie, an otuout-of-this-world ballerina; Boris Kolenhov, who occasionally comes over to "train" Essie; Ed, who prints anything; Helga, the Swedish maid; Penny Sycamore, a writer who gives her work more credit than it deserves; and finally, Paul Sycamore and Mr. DePinna, who manufacture fireworks. There is also Alice Sycamore, Penny's daughter, who sticks out like a sore thumb: she is the only real "down to earth" member of the family.

The play essentially covers the unique talents of each member of the family and the romance that begins to blossom between Alicee Sycamore and her beau, Anthony Kirby.

Tony and Alice face many problems in their love lives.The magor problem is that Tony's parents aren't accepting the Sycamores as well as Tony did. However, as all love stories go, the couple and their families find a "happy ending".

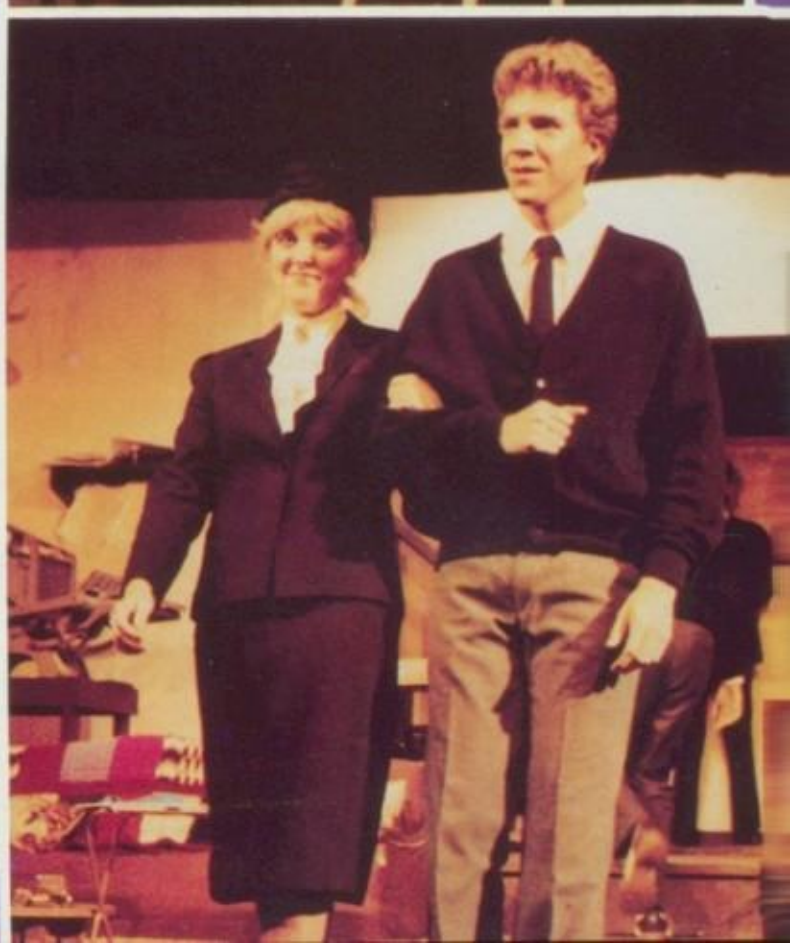
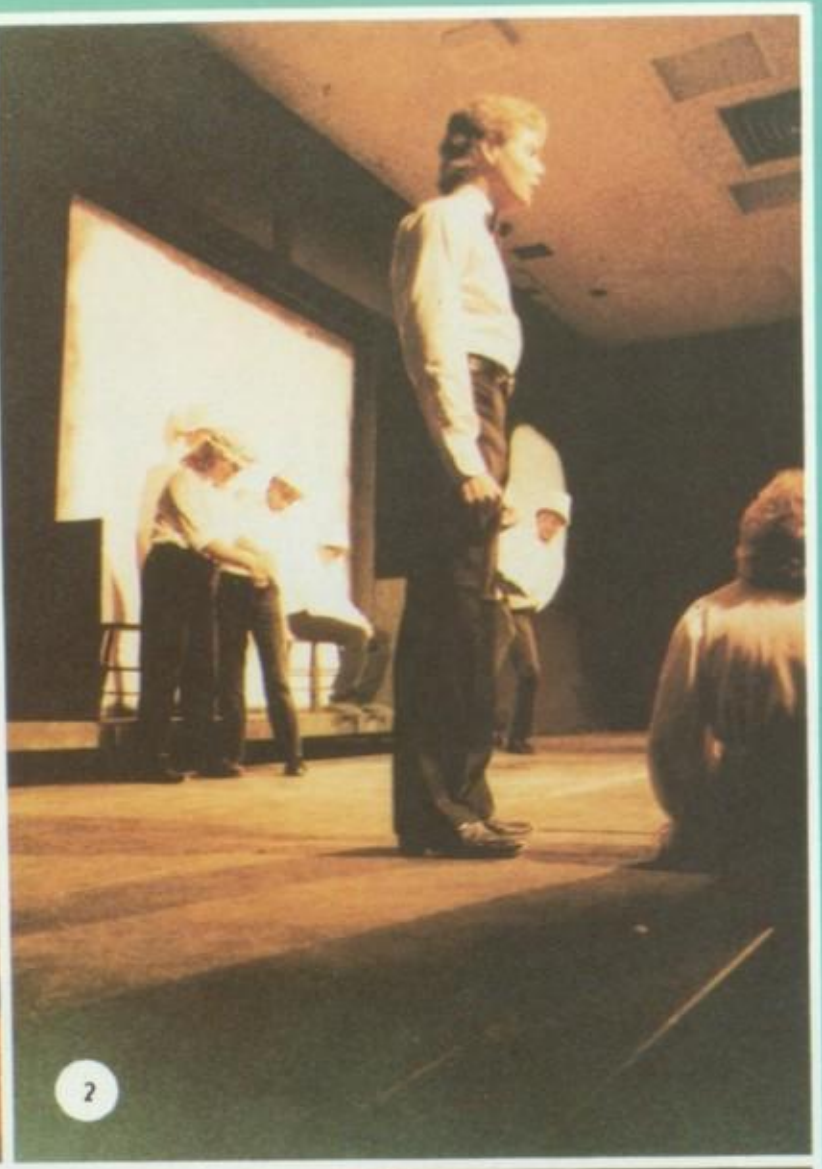
Mr. DePinna — Kevin Vogt
Boris Kolenkhov — Alex McHugh
Grand Duchess Olga Katrina — Cassandra Shepherd



Theatre Presents: One-Acts



Every year the sophomore and freshmen Lancers do 1-Act Plays during the fall. This year they paid their tribute to the famous "tragi-comic" writer, James Thurber. The play, based on nine different short stories, was entitled "Thurber's Carnival".

The nine stories which were done are; "Mr. Preble Gets Rid of his Wife", "The McBeth Murder", "If Grant had been Drinking at Appomatox", "The Little Girl and the Wolf", "The Unicorn in the Garden", "The Wolf at the Door", "The Secret Life of Walter Mitty", "The Last Flower", and "The Night the Bed Fell".

This year a new addition was added to the play, a revolving set. This new idea was very appropriate because it accomidated the nine different settings of each story.

The teachers which helped the students put this all together were Mr. Frank Winslow, Mr. Ron Isom, and Mrs. Jemima Owens. The student directors were Liz Jahren, Eddie Evans, and Kevin Vogt.

All of these people did a great job, but most of the credit should be given to the students who put their time and effort into making this play for our enjoyment.

1) Ryan Robinson expresses his emotions to Jodi Dean in the play, "Mr. Preble Gets Rid of his Wife."
2) Brian Tallant relates, "The Night the Bed Fell" on his father.
3) Monica Rodriguez awaits to be operated on by Pat Swierczek and Alex McHugh in the story "The Secret Life of Walter Mitty"
4) Phillip Evans and Kelly Hobbs try to solve "The Macbeth Murder Mystery"
5) In "The Secret Life of Walter Mitty" pantomimes were used to help relate the story to the audience.

Lancers Helping Others . . . Ouch!*?

The yearly Blood Drive shows the Lancers' need to help others. This year on Oct. 9 and Dec. 10, all students over the age of 17 who were interested in giving blood, came together in the gym. There, the Red Cross' team of nurses with their supplies prepared for their arrival. Out of the many students that showed up, most of them were able to give blood.

Aside from the fainting, people backing out ect. the Blood Drive went very well. This outstanding outcome will help many people in need of blood for life.

1) The happy donor recipiant, Sheila Seets, anxiously awaits her milk and cookie reward.
2) Students mentally prepare themselves for what's coming.
3) "This is one way to get out of study hall."
4) A Red Cross volunteer nurse adds up the day's results.
5) "Hey there big boy, what time do you get off work?"
6) Mr. Klein "flips" for the blood drive.

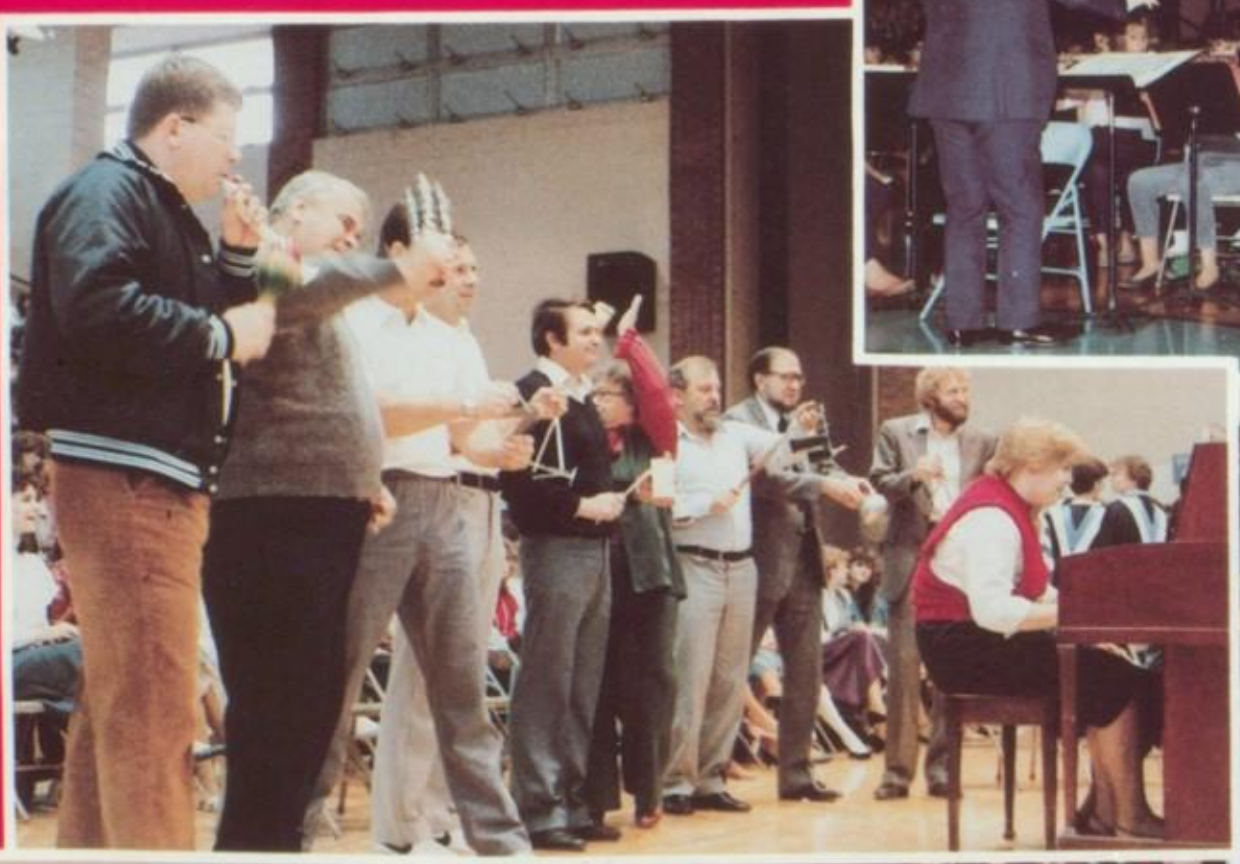
Santa Claus Is Coming

The last school day of 1984 finally came. Everybody was more than ready for the twelve day vacation that was to come. But before we could tie up the old year, us Lancers had to have our yearly Christmas assembly. At this assembly the student body was entertained by Mr. McHaney's chorus'. They did a very good job on some of our favorite Christmas songs and others. We also saw Mr. Kirsch and the Belleville East bands. One of the students favorite songs was a jewish song. Mr. Kirsch also had a number of teachers help him out on one of the songs. They played the triangle, the tamborine, the maraakas, a plastic clarinet and many others. The assembly was finally concluded by the arrival of the one and only Santa Claus. He ran around the gym and handed out candy to all of the good little boys and girls. Before he left, he reminded us of the East slogan," there are two kinds of students, those who go to Belleville East and those who wish they did."



To East

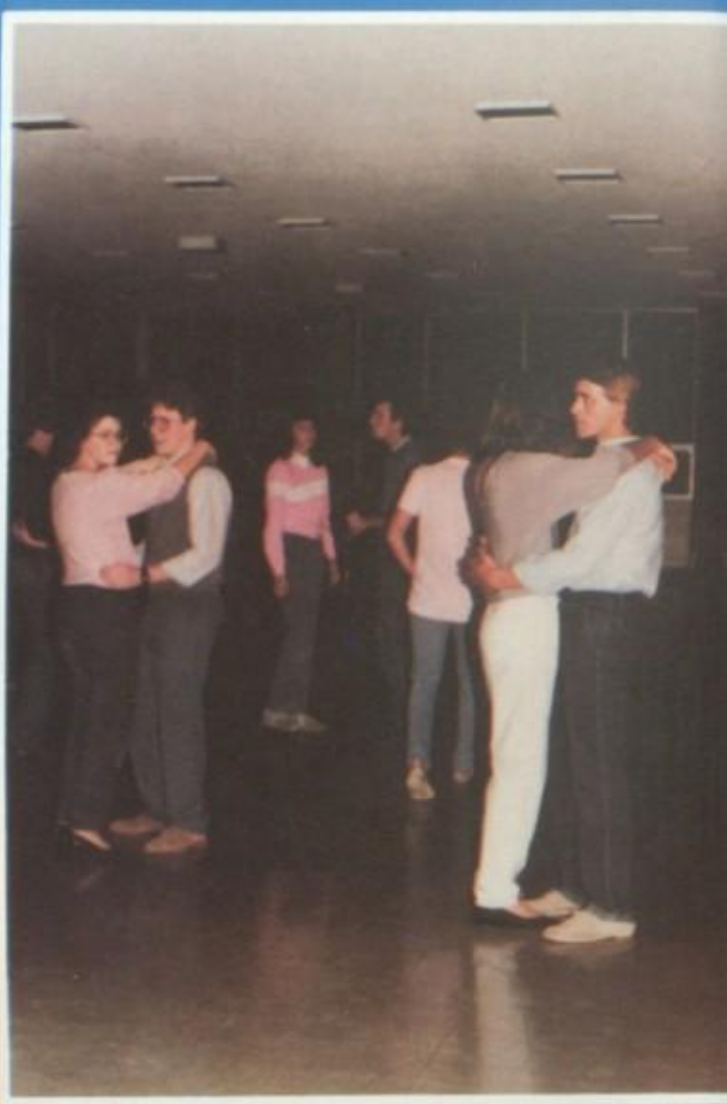
East Gets Dance Fever

Some of the many social events that take place at East are the dances. These are sponsored by the Student Council.

Many of these dances are opened to everyone. Only a few dances are for couples only and they take place at Christmas and near Valentine's Day.

The dance pictured here took place in November. It was a charity dance. If a gave 2 canned goods, they were admitted free. They could pay $2.00 instead.

These canned goods were given to the needy in the area. Many families received these. Not only did students have a blast, but they also showed that teens do care.



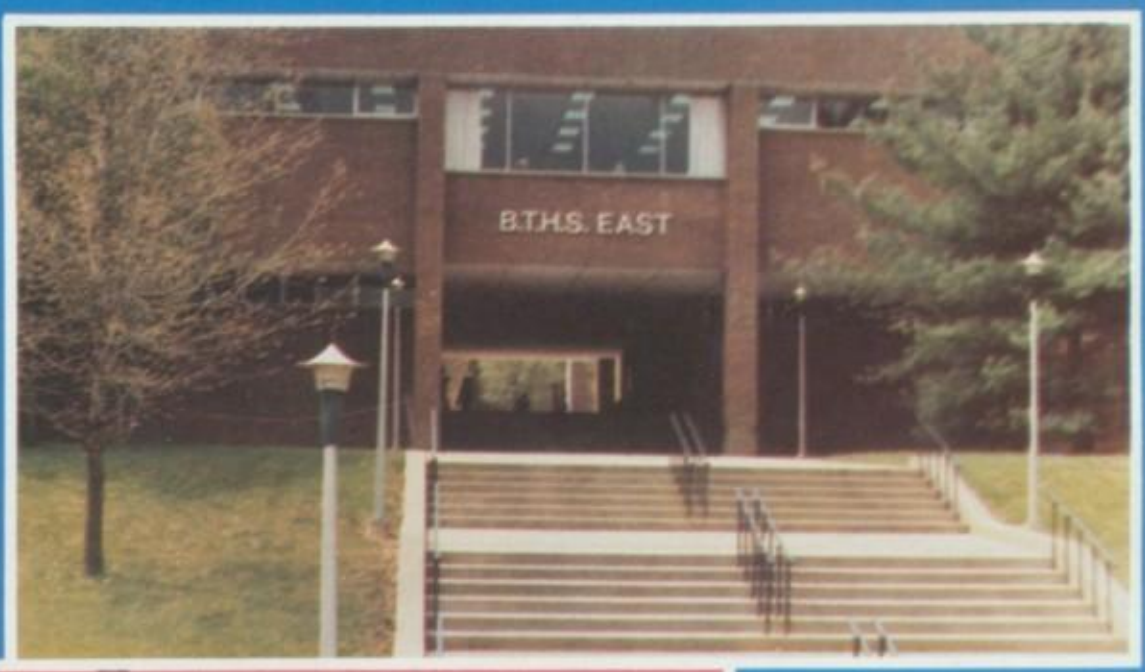
A Lancer's Gourmet Guide

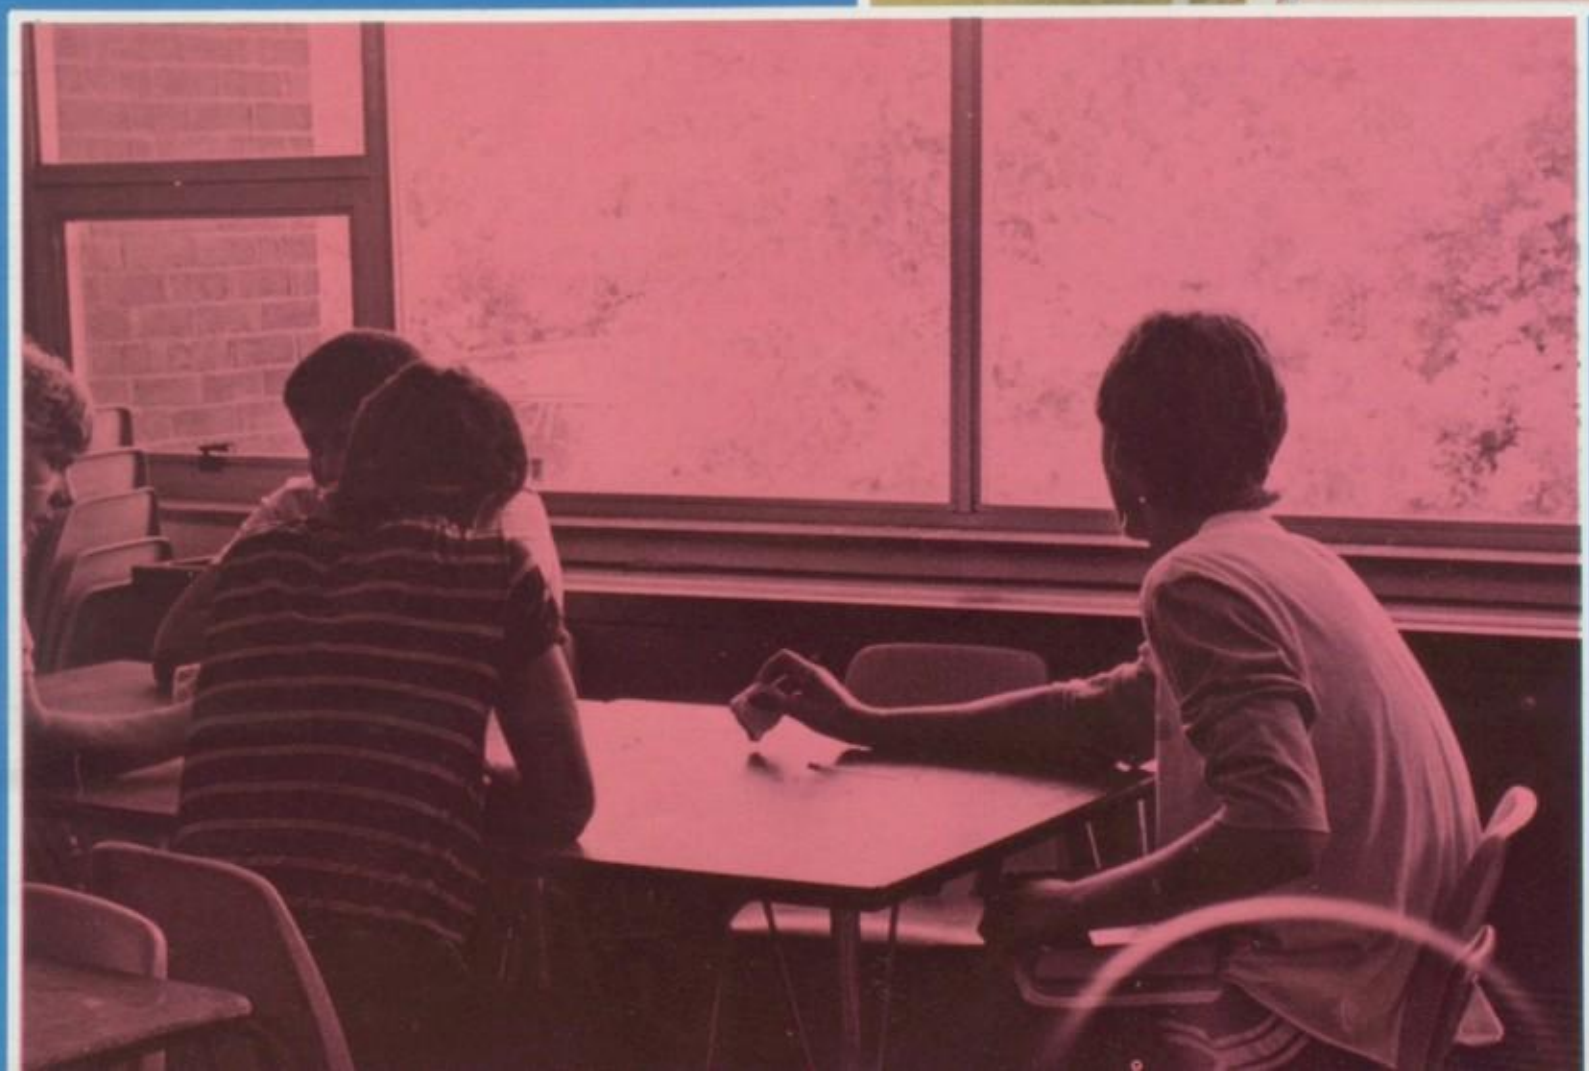
A Lancer's diet consists mainly of (come on, we all know it!) Junk Food! Lancers are JUNK FOOD MONSTERS! Here we have the basic three meal plan:

Breakfast: Breakfast is simply ignored, by students who can escape Mummy's orders. If not, cold cereal (Fruit Loop, Capn' Crunch, etc.), toast, bagels, and sometimes cold pizza with soda will do.

Lunch: Certain Lancers continue their streak with more junk food at the snack bar, McDonald's, Ken's, and other places. And, yes, some of us are brave enough to eat cafeteria food!!?* THIS is supposed to give you all your nutrients!!*

Dinner: Eaten at home usually between 5:00-7:00 p.m. Mummy always has it brewing on the stove.





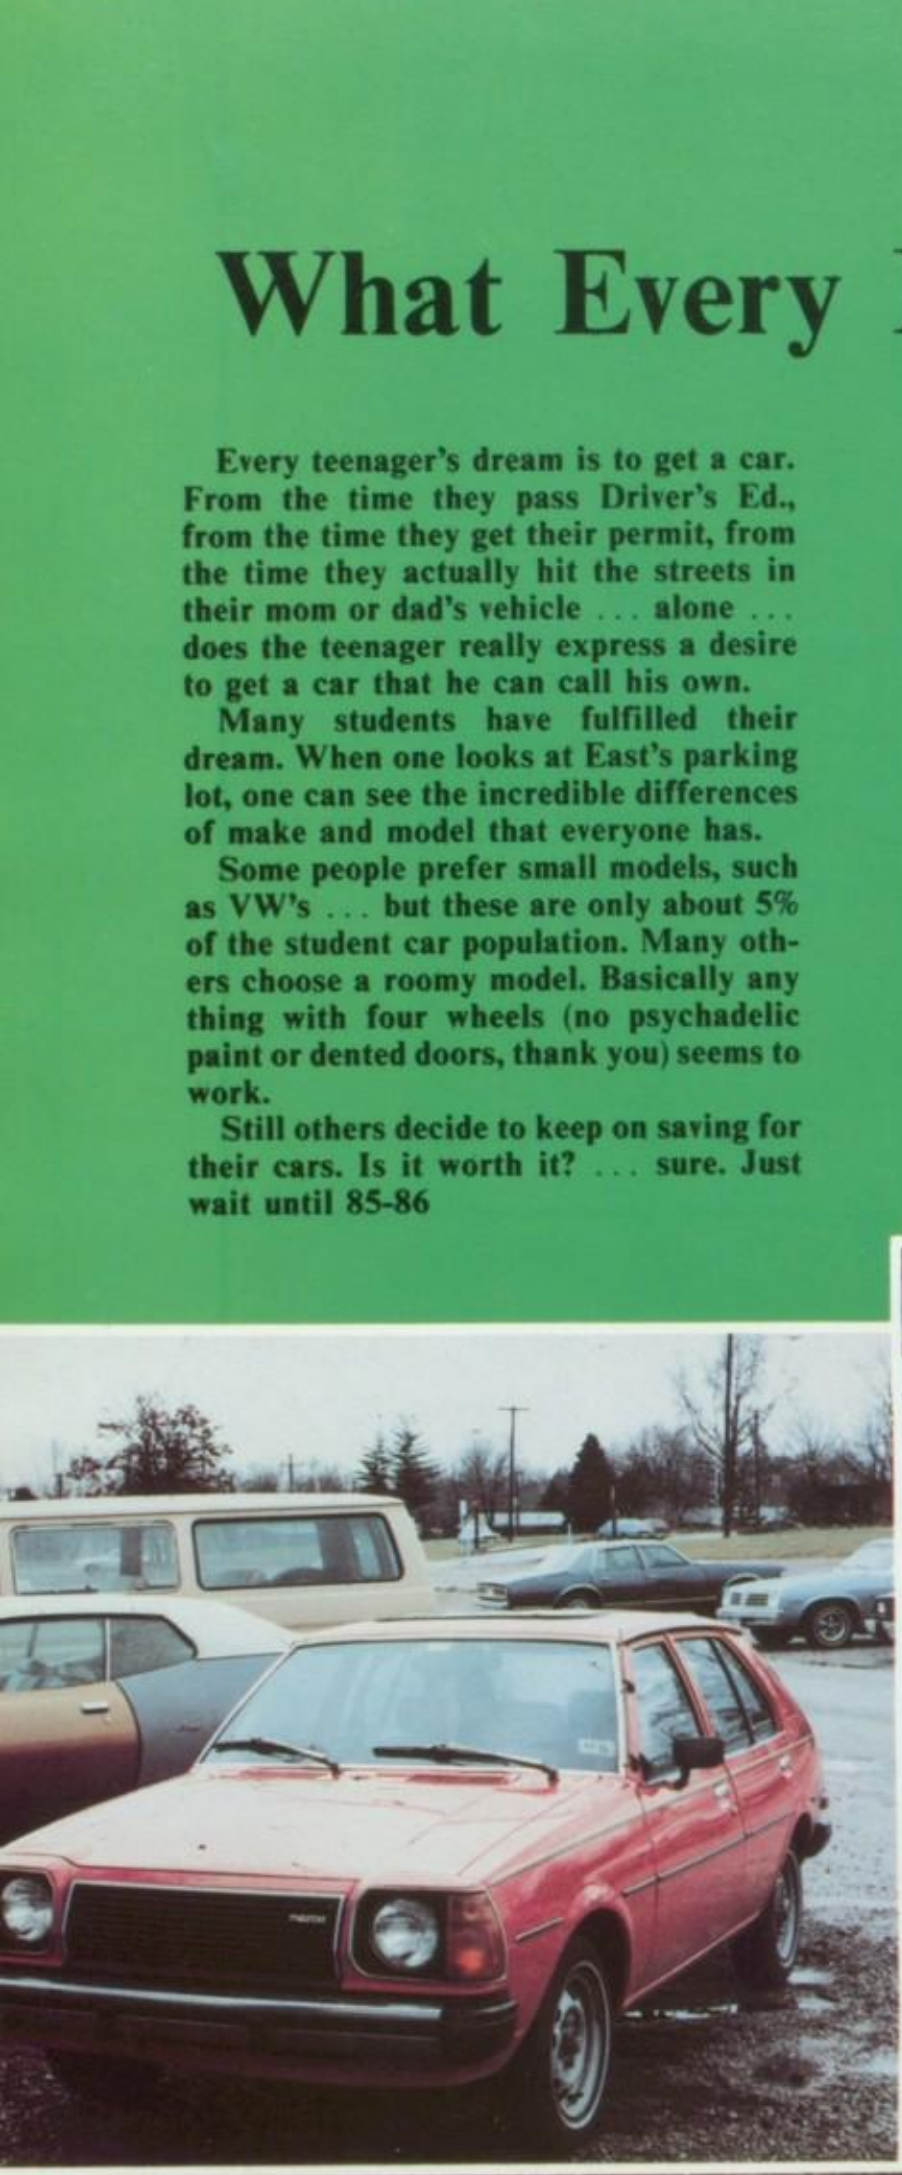
What Every Lancer Dreams Of . . .

Every teenager's dream is to get a car. From the time they pass Driver's Ed., from the time they get their permit, from the time they actually hit the streets in their mom or dad's vehicle . . . alone . . . does the teenager really express a desire to get a car that he can call his own.

Many students have fulfilled their dream. When one looks at East's parking lot, one can see the incredible differences of make and model that everyone has.

Some people prefer small models, such as VW's . . . but these are only about 5% of the student car population. Many others choose a roomy model. Basically any thing with four wheels (no psychadelic paint or dented doors, thank you) seems to work.

Still others decide to keep on saving for their cars. Is it worth it? . . . sure. Just wait until 85-86



How To Occupy An Evening

What does a Lancer do on weekends? They have FUN!!! For instance:

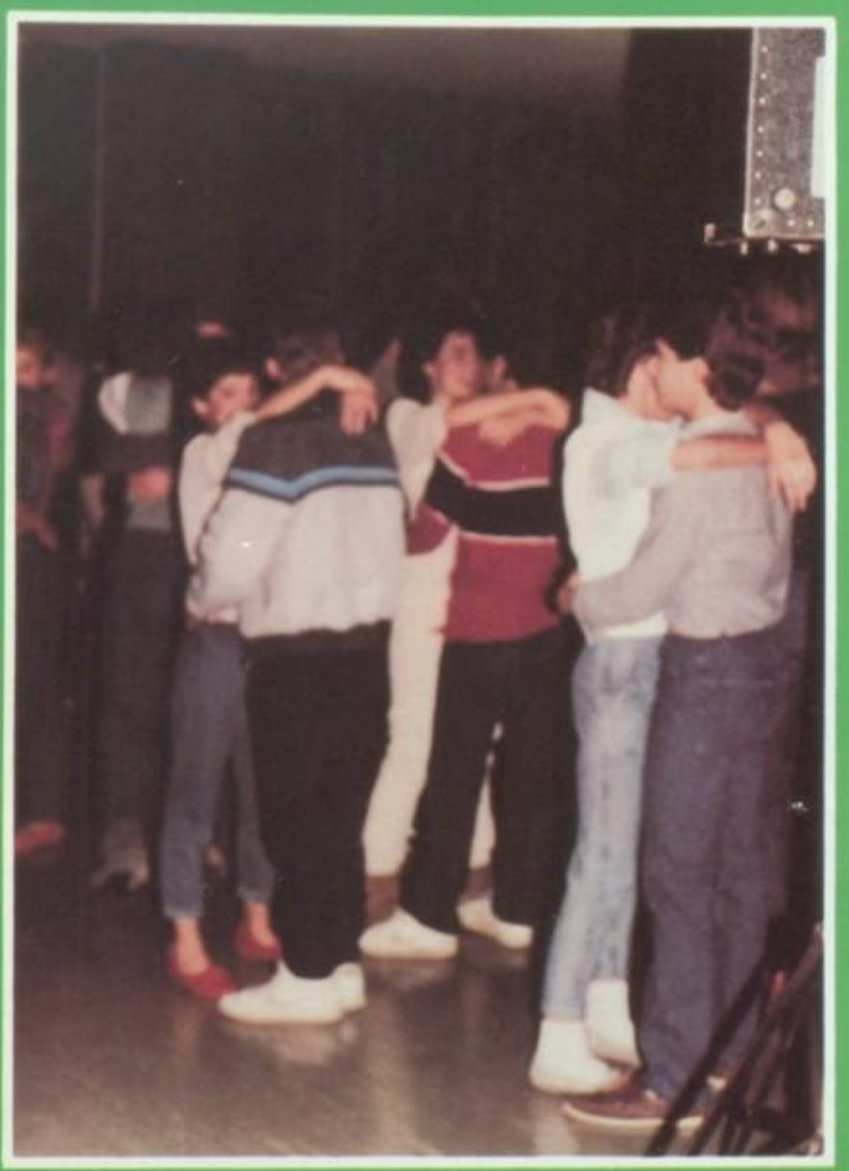
Games-Games are "the event", and so are basketball games. Everyone goes to them!

Parties: Parties are "the big thing". What's a weekend without one wild party?!!

Movies: Yes, if there's no games or parties the movies will do. (7:00 showings are reserved for Freshmen only.)

Concerts: Music! Screaming! Dance! Every Lancer has his or her favorite group or star.

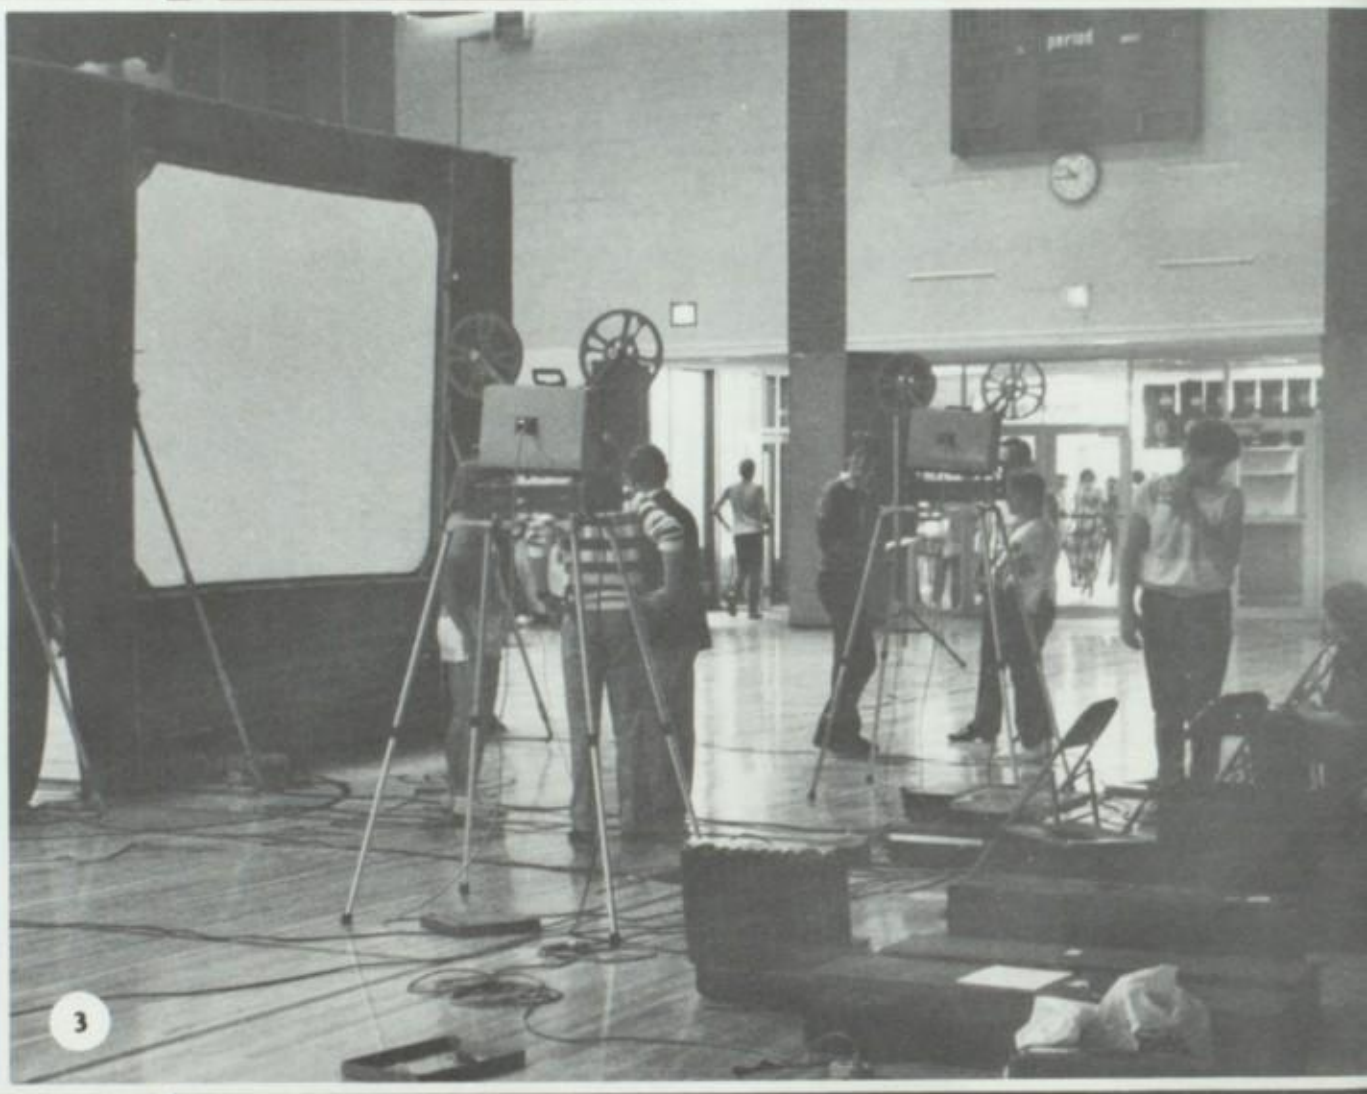
Cruising: Driving around aimlessly trying to find one of the above. This is found often.



Parents And Visitors

1 & 2) Ron Steinhardt came to East to campaign for State Representative. Even though many of the students can't even vote, he still came. This provides the students with an idea about who is running for a certain office and what they stand for. It also lets them see how campaigning takes place. This allows them to make up their own minds and by the time the next election comes up they'll be able to make a good decision about who is best for the job.

3 & 4) The Pepsi Assembly was once again brought to the East campus. Each year it has a special theme and message which is given out to the students. The show is put on by a man who talks and explains the certain pictures that flash on a screen that stands behind him. This is a very good learning experience.



Come To Belleville East

1 & 2) The Belleville East counseling staff presented an informational college planning night for students and their parents. This took place on Thurs., Nov. 29 from 7:30 to 9:30 p.m. The primary topics that were discussed were college admissions and financial aids. This allows the students and their parents to get answers to some of the perplexing questions they might have had about college entrance.

3) Here, Mr. Prince talks to some parents about their children at Open House. Open House takes place every year to let the parents of the students come in and get a first hand look at the campus and what goes on. It gives them a chance to talk to teachers and get opinions on how their children get along at school. Refreshments were also provided up in the cafeteria.

Is This A Building Or The Temple Of Doom?

Everyone knows that one of the busiest buildings in the whole school is the "A" building. Located at the front of the school this building is where all of the interactions between counselors, secretaries, students, principals, parents and others take place. All the offices, except for the teachers', are in this building. Also included is the nurse's office and the library, which is on the second floor. This is a pretty big building and sometimes it seems as though it can actually swallow you up (as shown in these photographs). It seems like that especially when you receive a pink slip that says one of the principals want to see you. That walk to "A" building can be one of the longest!

Winter Blows East Away

After having a "green" holiday season people began to wonder if Old Man Winter had forgotten to thrust snow upon us this year. Well, we soon found out he hadn't. We got a very big snow storm that could suffice as enough snow for one year. Even though most every other school in the area was closed, East's little soldiers marched right through the snow and came to school! It turned out to not be so bad (excluding the slips and slides and falls). The snow came and it melted. Compared to other years this winter's snow wasn't on the ground for long!

7) It still hasn't melted!

The Children's Play Featuring: Skungpoomery

Nicholas —— Alex McHugh

Faz —— Eddie Evans
Twoo —— Dave Appel
Mr. Humbottom —— Dana Clark
Mrs. Hubottom —— Tracy Arnold
Ins. Snatchem —— Laura Darner
Sgt. Stuff —— Linda Shaffer
Bunkett —— Ryan Robinson
Clowns: Kristen Etzel, Allen Miller, Angel Bates, Liz Jahren, Kelly Hobbs

SKUNGPOOMERY is a play about words; or rather about things and words that represent them. The main characters, Faz and Twoo (sort of Laurel and Hardy type) have gotten the idea that the language has lost its flavor, its zest and zoom. In addition, Faz complains that not only have words lost their zip but there needs to be new things created to extend the meaning of his amazing new words. This renaming and creating of newthings is played against a collage of action that brings to mind some of the old time slapstick comedy of the early movies of Laurel and Hardy, the Keystone cops and the Marx Brothers.

Children of all levels enjoyed the play. The lower grades appreciated the clowns used and the broad action of the characters and the humorous situations they get in to. The upper grades also enjoyed the action, but they appreciated the new words used in the play. At any rate, this is what SKUNGPOOMERY is, the art of thinking of a new word and then finding out what it means.

A Special Team Victory

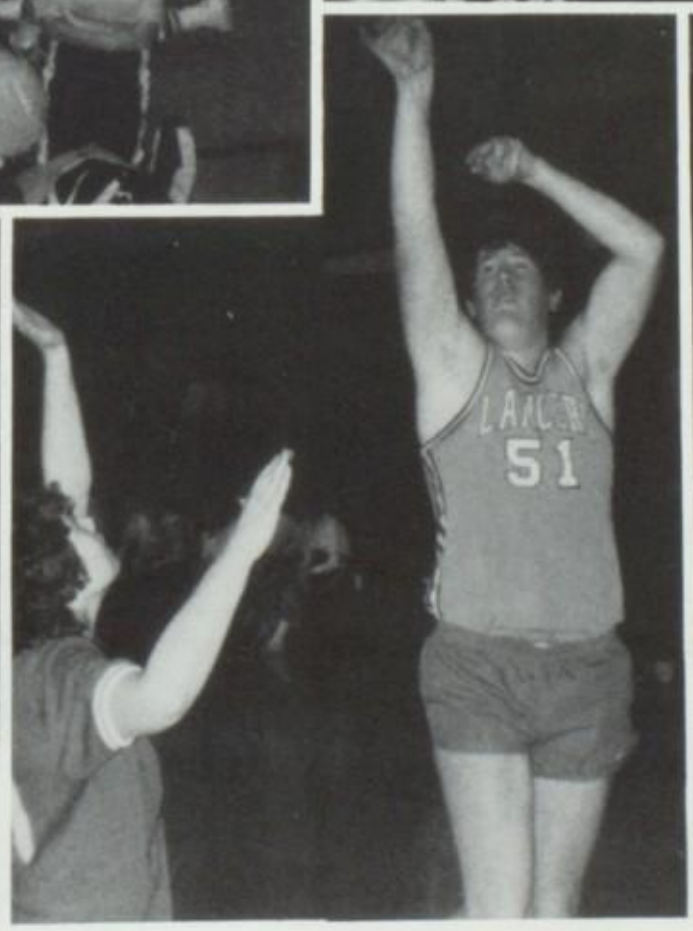
Players: (bottom row) C-Judi Schutzenhofer, Malcolm Ehols, Tami Rasch, Wayne Roth, Craig Huth, Larry Miller, Tod Cawvey, Jim McHaney-C, (second row) Tom Kish, Jeff Willman, John Cavins, Rob Baltz and Gary Hayden.

Cheerleaders: (Bottom row, L-R) Shellie Athmer, Angie Munie, Monica Becher, (second row) Tammie Ballinzer, Lisa Kupsky, Kathy Sylvester, Moniah O'Dowd

This year the Special Education classes basketball team won the Trainable Mentally Handicapped Athletic Association state basketball championship. They had three victories in the state tournament at Carmi which included: Tri County Murphysboro 28-19, Brownsville school of Carmi 42-32, and Kirk of Palatine 43-18.

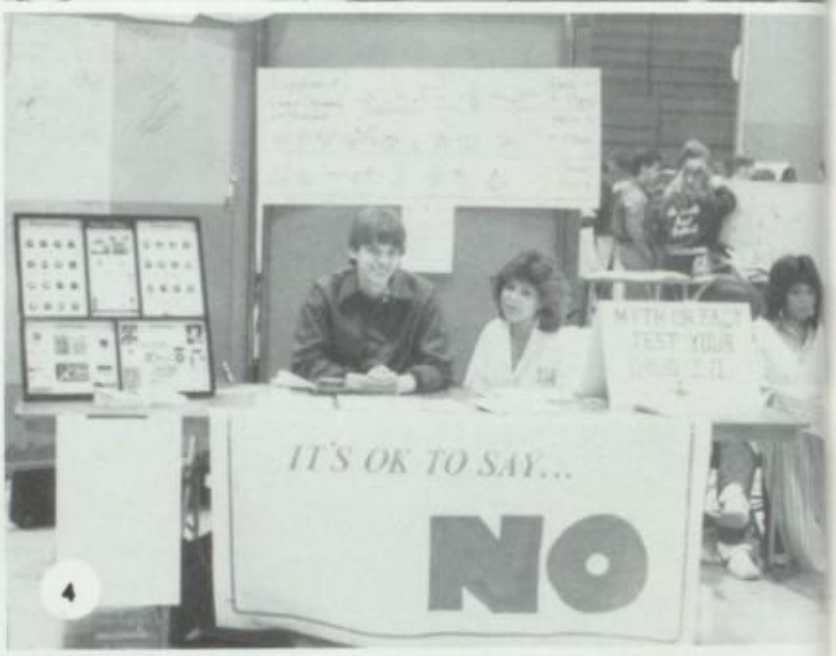
The team was coached by Judi Schutzenhofer, Jim McHaney, Jan Erdman, and Ann Crenshaw.

The East cheerleaders also claimed the first place trophy at the tournament. Congratulations to everyone!!

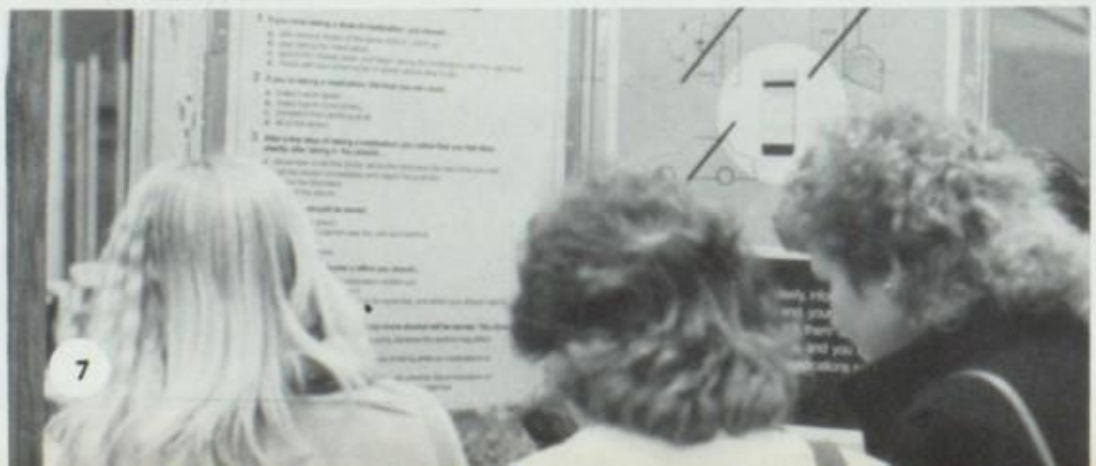


East Asks, "How Healthy Do You Think You Are?"

Belleville East held the annual Health Fair on Thursday, March 7. It was set up in the gym and included a variety of different kinds of booths, including one on vision acuity, blood pressure, height and weight, a venereal disease quiz board, drug abuse, CPR, nutrition and a demonstration of the Illinois State Police's breath analizer. The fair's coordinator, Mr. Al Walston, said, "It gives them (the students) a chance to ask questions and to share knowledge, skills and positive thinking about health with their peers." The school's nurse, Ann Schaltenbrand, supports the annual event. "The Health Fair is a worthwhile project in student awareness. It brings many segments of the campus together for one project."



1) The Health Fair used computers to teach students.
2) The V.D. Quiz Board gave students information about venereal diseases.
3) Video tapes were also used to inform.
4) Prevention of Drug Abuse was the highlight at this year's Health Fair.
5) At the blood pressure station student's learned how to take blood pressure and what their's is.
6) Eye examinations were done.
7) Students check out the poster on "Using Medications Wisely."



Wavelength Flows Through East

During the course of the year East had held many special assemblies, but the one that made the whole school roll off their seats with laughter was the Wavelength assembly. Wavelength is the name given to a group of five people who go to different schools and perform their comedy routine these people included: Jim Winter (president), Rachelle Richelieu, Paul Raci, Debbie Jansen, and Dean Edelson.

Their act consisted of a group of improvisations such as a "feeling" orchestra. Each person had a feeling assigned to them by the audience. They would show this feeling, in their orchestra. They also had a skit on seniors discussing what they are going to do with their lives, one on a kindergarten class that just got a new student that was, by the way, from outer space, one on commercials, one on movie themes and others.

If there was one assembly that really took Easy by surprise, it was this one. Everyone loved it and we hope we will see Wavelength come through again.

Lancers Prepare For The Future

During your junior and senior years in high school, one of the main concerns is college. Which college am I going to? What will I major in? How do I get a good score on the SAT and ACT tests? Many different kinds of information and preparations are given to juniors and seniors to help them get through this time of indecision and to help them make a good choice, which will affect the rest of their lives.

For instance, picking out a college. Throughout 1984-85 Belleville East had many representatives from all sorts of colleges, schools and academies come and talk to interested students. They gave them important information like costs and requirements. This allowed the students to view all kinds of opportunities and, in turn, let them make the best decision that was right for them.

Also, another worry is the entrance exams like the SAT and ACT. This year East had a preparoty class which helped students to do their best on these tests. These classes were taught by Mr. Talley twice a week before school. Any interested student could come. They practiced upon vacabulary, reading skills, and other things.

East also held a college planning night which welcomed students along with their parents to come and get information about college.

THE ME NOBODY KNOWS

A NEW MUSICAL

This year's spring musical was held on May 8, 9 and 10. It took place in B-100 and it contained a cast of eleven students. "The Me Nobody Knows" is a musical about street kids and their view on life. They express their feelings by putting them into songs. The musical turned out really great and congratulations to the whole cast.

Senioritis Takes Hold On The Class Of '85

Senioritis. It's a word we've all heard, but what does it really mean? Actually, senioritis can have many different meanings, depending on the individual. One day it might mean something and the next day another. One thing that is always the same, though, is the feeling of "What is going on with me?"

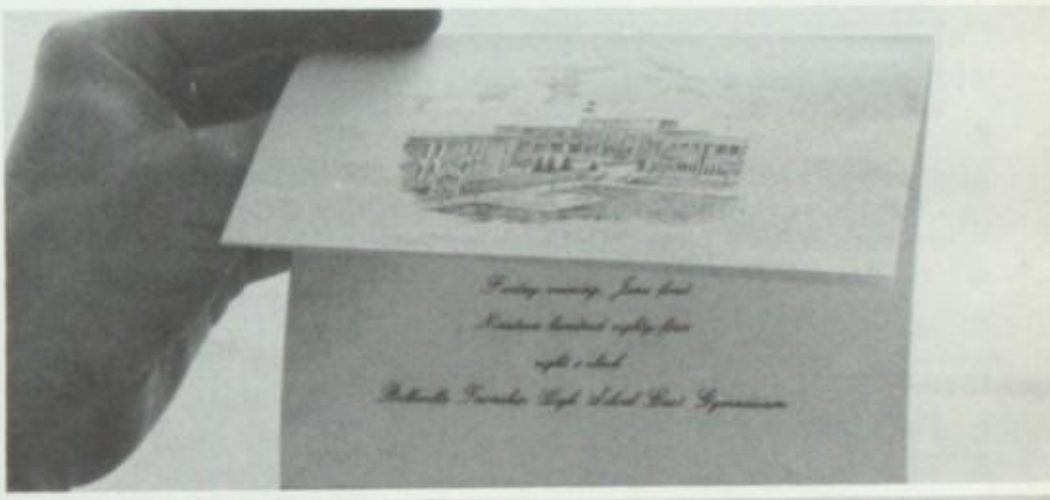
One of the aspects of senioritis is wondering if graduation day will ever come. "When will I ever get out of here?"

It is also asking yourself, "Do I really want to go to college?" Sure, college years are supposed to be the best years of our lives, but didn't they tell us that about high school years?

Dealing with senioritis means dealing with uncertainty. The hardest question is, "What am I going to do with rest of my life?" Not quite so serious is, "What am I going to do this summer?"

I think, though, that senioritis deals mainly with emotions. I guess you could call it a state of mind, confusion and reminiscing being at the top of the list. Senioritis is missing things before you've even left. It's realizing you can't laugh at the cafeteria food anymore because you won't be around to eat it.

This might have explained senioritis better for you, or you might have become more confused. Anyways, being a senior is so many things you can't understand is until you become one.



All Types Of Lancer Personalities

Belleville East's involved and, regretfully, uninvolved society includes various groups and cliques. These minigatherings represent the wide-ranged spectrum of the Lancer species, spanning from the burn-out to the S.O.C., Brains bring the library to life, jocks color the athletic fields, and beauties (strategically placed, of course) enhance the scenic East campus. Trouble-makers keep the dilligent assistant principals busy with fights, reports of cigarettes, and broken glass. The punk-new-wave tribe, a living herd of Christmas trees, parades through the halls and corridors shocking the traditional members of the student body and faculty. The wide array continues the tradition of the creek critters and calley marchers. Although the change of the student body through the years, one trait always remains the same—we're all East Lancers. This quality resides in our entire student body, giving us a sense of unity and alikeness.

Model United Nations is just one of the many organizations a student can join at East. This organization is open to all grades not just seniors.

Model U.N. teaches a student not only about the country they represent but also about what really takes place in the real United Nations, located in New York.

A student learns about problems that are current events or past occurences and then proposes a method of solving it in a resolution.

After writing a resolution the student will attend a mock United Nations session at McKendree College in Lebanon. These sessions are held in the fall and spring of each year.

All students should participate in this organization.

The J.E.T.S. (Junior Engineering Technical Society) is a team at East. To be able to participate on this team, you must be sponsored by a faculty member in a particular department such as math, or English, etc. Members of this team take the following test or tests math, engineering, English, physics, and/or chemistry. Each student takes a test for a subject he/she is particularly good in and another test that they might do as well on.

If a student does well in a local competition he/she will then advance to a regional competition. This is also the same for a whole team, however their placement is decided on by their total amount of points not an individual's score.

(left-right) Yogish Patel, Ron Fisher, Todd David, Greg Rotz

The Computer team is another one of the many organizations at East. This is primarily for students who have a genuine interest in computers and do well on them. A person would probably do well if he/she owned his/her own computer but not necessarily. With the growing number of computers in the world, this team is a step ahead of many people.

This team like every other team competes with local teams. These competitions are held on a local level with chance of advancement to other competitions.

Scholar Quiz: The Ultimate Trivia Team

The *Scholar Quiz* is a team made up of Belleville East students who are good at trivia and basically know something about everything. Even though there are a lot of people in this picture below, each team that goes to the tournaments is made up of four people. The same four people don't compete all the time. Instead they are switched around so everyone will get a chance. The Scholar Quiz people meet on Monday and Wednesday for about an hour so they can practice up for the tournaments. Miss Jett is their sponsor who gets them all together. There is no age requirements and any high school student can try out for it. The questions that are asked are about anything such as history, english, science, etc. . . , and each student usually does better in one certain topic. Belleville East hosted one of these tournaments in April.

Another Successful Year Of Victories

Sophomores

The Math team is something that only a select few can join. This team is composed of students who have ranked in the top ten percent of students taking this math test.

There are many different categories in which these students may participate. Some of these events are "two person," "calculator team," and also "eight-man team."

These students participate in local competitions which are held at various colleges such as Washington University, Carbondale and Fontbonne.

This year they, did exceptionally well.

Regional Teams Speak Well For School

(front row, left-right) Kelly Hobbs, Tracy Arnold, David Appel, Liz Jahren, Jemima Owens (2nd row, left-right) Ed Quinones, Todd Davis, Alex McHugh, Tracey Ferguson, Phillip Evans

For the third year in a row, East's speech team rose above the competition and captured this year's Regional I.E. championship tying for first with East St. Louis Lincoln.

This year, every Lancer who competed in the meet broke to finals. Senior Liz Jahren received a second place both in Dramatic Interp and in Prose. Senior Tracey Ferguson received top honors by placing first in Original Oratory and in Oratorical Declamation. Seniors Eddie Evans and Todd Davis also received well-earned firsts in Extemp and Radio Speaking. Senior David Appel and sophomore Kelly Hobbs received a third place in Humorous Duet Acting, and in dramatic Duet, Junior Carl Hott and Sophomore Eddie Quinones received a fifth.

The remaining sophomores also made an impressive showing for BTHSE: Tracy Arnold captured a second in Humorous Interp and Philip Evans received a fourth for his Original Comedy.

Rounding off the superior East team was freshman Alex McHugh, who received a first place in Special Occasion Speaking.

All the fourth through first place winners advanced to sectionals at Charleston High where eight of East's ten entries made it to finals.

State qualifiers were Liz Jahren, Tracy Arnold, Alex McHugh, Eddie Evans, Todd Davis and Tracey Ferguson. Liz placed fifth in Prose Reading at State.

G.I. To State

For the first time in eleven years East's Group Interpretation entry, *Once Upon a Mattress,* advanced to the H.S.A. State Contest this season. The group also captured East's first-ever Regional win and placed three members, Liz Jahren, Tracy Arnold, and Alex McHugh on the All-Sectional Cast.

Debate Contends For Top Honors

East debaters posed one of the best records in the state this year as they advanced to the Quarter-finals or beyond in eleven consecutive tournaments. Eddie Evans (5th), Tim Denond and Carl Hott (tied for ninth) paced East to the third best squad record at the State Lincoln/Douglas tournament, and Frank Luin and Bill Ritchie became East's first two-man team in four years to qualify for I.H.S.A. State. Dan Laskowski placed fifth in the Greater St. Louis Speech Association.

I.E. Inspires Excellence

The Individual Events team had a successful season overall. The team posted impressive records at Belleville West, Pattonville, SIU Carbondale, Rend Lake University High School (where 100% of the team won an award, Waterloo, Thornwood, Lincoln, and Francis Howell. This activity always welcomes new members who can begin competition any time from October to March.

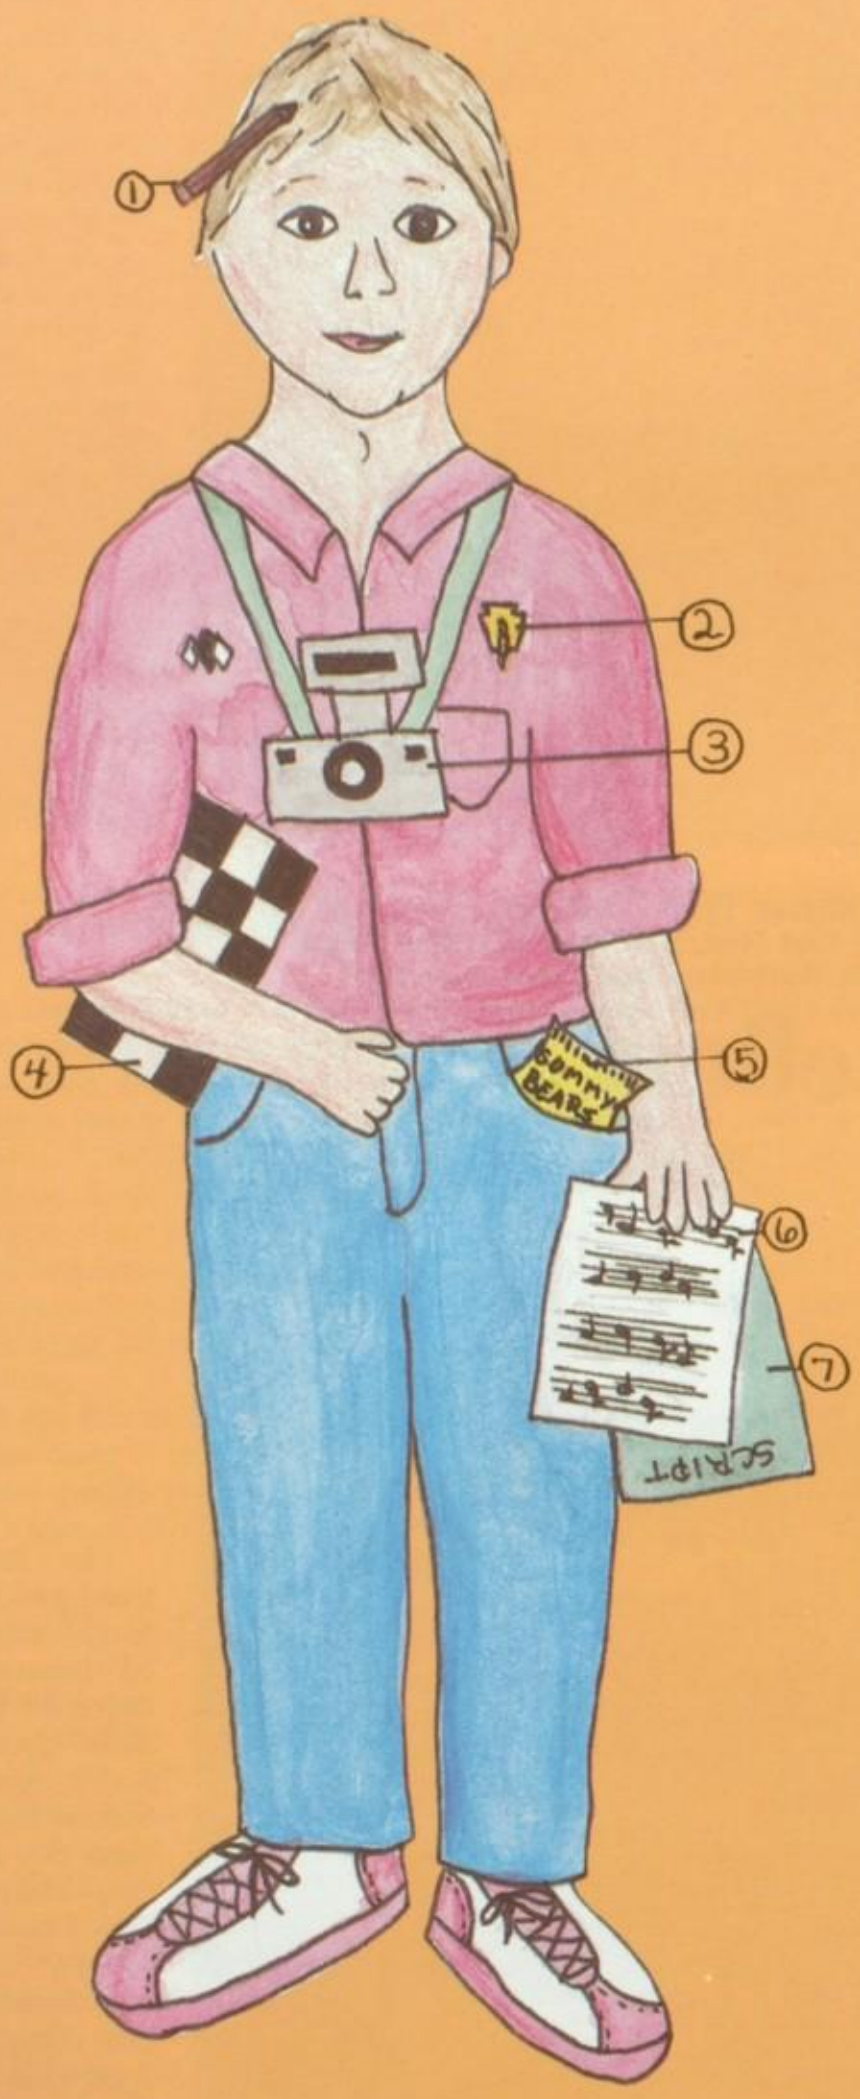
Clubs



When the word club is, shall we say, casually brought up in conversation, most people would think of the type of club that is used as a weapon. Banish that thought from your mind! The type I'm talking about is when a group of people gather together for a special purpose. Our illustrious school is gifted, and then some with many such organizations. There seems to be a club for everyone, no matter what your interests may be.

1. pencil-a thin stick of wood with lead in the middle. For those of you who have never seen one of these you should try it! You might even graduate soon.
2. N.H.S. Symbol-this is found prominently displayed by the main brains of the school.
3. camera-The most truthful item on the list. Often brings up the statement, "This cannot go in the yearbook! My hair was fried that day!"
4. chess board-A good player must always be ready to try out strategic moves when the mood hits them.
5. Gummy Bears-Holds your stomach over till lunch. Also an interesting Biology experiment when you leave it in water overnight.
6. sheet music-a sheet of paper with everything on it a singer needs, except, of course, a good voice.
7. script-What would our Thespian friends do without this? If you said nothing you were right!

Student Council is an organization offered as a service to students who wish to voice their ideas or opinions and an opportunity to provide leadership training to the members. Student Council meetings are held every week on Tuesday and Thursday to discuss class questions, needs, and problems. Members of the Student Council also plan out Loyalty Week, charity drives, dances, and elections. The different classes elect a President, a Vice-President, a treasurer, and a secretary to represent them. A librarian and a parliamentarian are then elected by the class officers and representatives. Members serve their classes throughout the year.

French Club

Belleville East's French Club traditionally meets on the second Thursday of every month. This organization helps interested students learn about the way of life in France, especially concerning cooking and culture.

Around Christmas time, the students prepare a special Christmas dinner of French cooking and sing (what else?) French carols. Throughout the year, members sell candy from France to pay for a French film to be viewed by all the classes. At the end of the school year, members take a day-long trip to Six Flags and have a lot of fun, marking the end of their long year.

1st row: Sandy Zemlicka (Tres.), Chris Reed (V.P.), Karen Hunter (Sec.), Rachel Moorman, Cathy Rinne, Julie Caswell, Karen Honey, Chris Bell. 2nd row: Angie Bates, Terry Daniels, Erin Hoffken (Hist.), Angie Warner, Cindy Benton, Leslie Hermann, Jason Skidis, Art Holt, 3rd row: David Worley, Jeff Fietsam (Hist.), Adam, Rosenkrantz, Shane Oplt, Chris Perillo, Rod Caswell, Glenn Arney, Brian Biliski. German Club

Seniors: 1st row: Eric Mays, Mark Kettler. 2nd row: Carla Boeckman, Mantu Das.

Like other social and cultural clubs at East, the German Club was created to provide students with learning and fun through extracurricular activities. Unlike other social and cultural clubs at East, the German Club has experienced a rapid growth since its creation 17 years ago, making it, this year, the largest club on campus and one of the most stable financially. The more-than-100 members, who are not required to take German to join, have had the opportunity to participate in activities concerning the customs and culture of the German people.

All cultural activities and other important topics are discussed bi-monthly at the general Club meeting (the second Tuesday of every month) open to all members and at the Executive Council meeting (the fourth Tuesday of every month) open to all officers and representatives. Cultural activities which have become traditional for the German Club include hayrides, the Christmas caroling party, the German Club dinner, and ice-skating. Special activities for the German Club range from going to Six Flags or seeing the Vienna Boys Choir to going swimming or having a coke-and-pretzel party. To raise money for the cultural and special activities, the German Club has a candy saleeach semester.

The German Club would like to thank its sponser, Mr. Schoenebech, for whose time and effort the German Club is eternally indebted to.

Juniors: 1st row: Oliver Bell, Liz Cobb, Angela Roth, 2nd row: Greta Brinkerhoff, Peggy Cotter, Barb Brown, Tracia Schuchman. 3rd row: Mr. Schoenebeck, Gretchen Brinkerhoff, Laura Darner, Denise Hott.

The Computer Club is a new organization at Belleville East which meets bi monthly after school in room F200. It helps to extend the member's knowledge of the computer's uses, learn more effective programming, and share ideas. This organization plans to enter a team in programming contests at Fontbonne College, St. Louis University, and at other colleges and universities if they are invited.

National Forsenic League

1st row: Bill Ritchie, Tim Demond, Dan Laskowski, Billie Woody. 2nd row: Todd Davis, Liz Jahren, Tracey Ferguson, Carl Hott. Not pictured: Eddie Evans, David Appel, Jessie Ruff, Marla Millonas.

If you are interested in forensics in any way, and are looking for a little prestige, this is a good club to join. The N.F.L., or National Forsenics League, is a society honoring outstanding speech contestants. To join, a person must be highly active in speech and drama. Inductions are held twice per year for the N.F.L., one at Christmas time and the other around Easter.

The group meets about thirty times a year. Some of these meetings are included in speech contest trips, others are business meetings on campus, and still others are inductions usually held at area restaurants.

Mr. Winslow, co-ordinator of the N.F.L., is well aware of the advantages this organization offers, saying "N.F.L. prepares youth for leadership.

This club adorned many new members at Christmas time and more at Easter.

1st row: Jennifer Simpson, Andrea Benevegna, Debbie Woods, Eric Vernier, Mike Schwarz, Coach Patton. 2nd row: Annette Buscher, Joe Hardimon, John Hardimon, Alan Miller, Sven Klaus, Jeff Lassiter. 3rd row: Bill Gass, Pat Tilley, Karen Genui, Kim Jones, Ethan Rutter. 4th row: Larry Hamilton, Jim Boeschen, Bob Farmer, Chris Harris, Gail Otness, Katie Brauer, Rhonda Reifschneider, Julie Stein, Brian Hamilton.

The Fellowship of Christian Athletes meets every other Tuesday night from 8:00 p.m. until 9:30 p.m. at the houses of the members. This organization provides encouragement, support, and guidance in dealing with weakness, handling problems, making decisions and meeting challenges. Membership is open to any girl or guy, athlete, manager, cheerleader. The members plan a Christmas party, rallies, a banquet, weekend retreats, and a national conference in the summer.

"The Fellowship of Christian Athletes is an organization that gives athletes the opportunity to gather together in fellowship and discuss the role that Christianity plays in their lives and in their athletics. It is alot of fun and I think every athlete should get involved."
Bob Farmer, Pres.

"Being in F.C.A. has been a great experience. I've made alot of super Christian friends, who I've learned alot from. It's great to get their encouragement just when you need it most."
Gail Otness, V. Pres.

"To me, F.C.A. is a chance for athletes to get together and learn about God. It is a chance to learn about God's word not only in church, but in school and at other people's houses. One can also talk problems over with the group. He or she can relate to people more their age. F.C.A. is a wonderful way to show your faith in God."
Jim Boeschen, Sec.

Pom Pon Squad

1st row: Jamie McHaney, Becky Moran, Stacey Sievers, Meredith Strinni, Susan Andes, Dawn Mank, Joni Lutes. 2nd row: Julie Brueggeman, Jody Rouch, Kim Neuner, Christy Kelso. 3rd row: Jane Pensoneau, Nicole LePere, Lynette Boehne, Susan VanDusen, Sheila Seets, Laura Phillips, Christina Vlahavas.

The 1984-85 Belleville East Pom Pon Squad, also known as the Lancer Line, performs at many events throughout the year. Some of these include: the football and basketball games, parades, St. Clair Square, Downtown Belleville, and the Fairview Heights City Hall. The Squad is made up of 18 girls (7 seniors, 10 juniors, and 1 sophomore), who were selected through tryouts last spring. The members are Seniors: Kim Neuner, capt.; Julie Brueggeman, Christy Kelso, Lynette Boehne, Becky Moran, Sheila Seets, and Dawn Mank; Juniors: Susan Andes, Nicole LePere, Jane Pensoneau, Jamie McHaney, Meredith Strinni, Jody Rouch, Stacey Sievers, Susan VanDusen, Laura Phillips, and Joni Lutes; Sophomore: Chris Vlhavas. They are sponsered by Sarah Curtis. The Squad meets first hour for class and after school on Tuesdays. This past summer the pom pon squad went to an NCA camp at the University of Indiana. They returned home with all the awards possible, including two for their home routine. In order to raise money for uniforms, pom pons, and camp, the squad holds bakesales and sells different items throughout the year.

D.E.C.A.

1st row: Tammy Keller, Cynthia Walker, Maggi Cruce, Connie Neal. 2nd row: Monica Paulo, Geri Knowles, Kim Winiecke, Janelle Fuqua. 3rd row: Katrina Winstead, Tony Gonzales, Yvonne Collins, Sandra Starr (student teacher), Ed Hayden, Cathy Bradley. 4th row: Curt King, Kevin Laird, Lee Vogel, John Vick, Tim Snyder, Cathy Jeffers. Not pictured: Ken Leonard.

D.E.C.A. stands for Distributive Education Clubs of America. All members of D.E.C.A. are in the D.E. program which is a program of cooperation between the business community and the public schools. There is something in it for everyone. It provides the student with a combination of school study and practical job training; it provides the businessman with capable, mature, careerminded employees. D.E. is available for high school students interested in entering the business world. D.E. students usually put in about 15 hours a week working for a cooperating business firm in the local community. The student is paid for the hours he works, and his experience serves as a "laboratory" in which he can practice the skills he learns in class. D.E. is a sound and economical solution to the problem of unemployment.

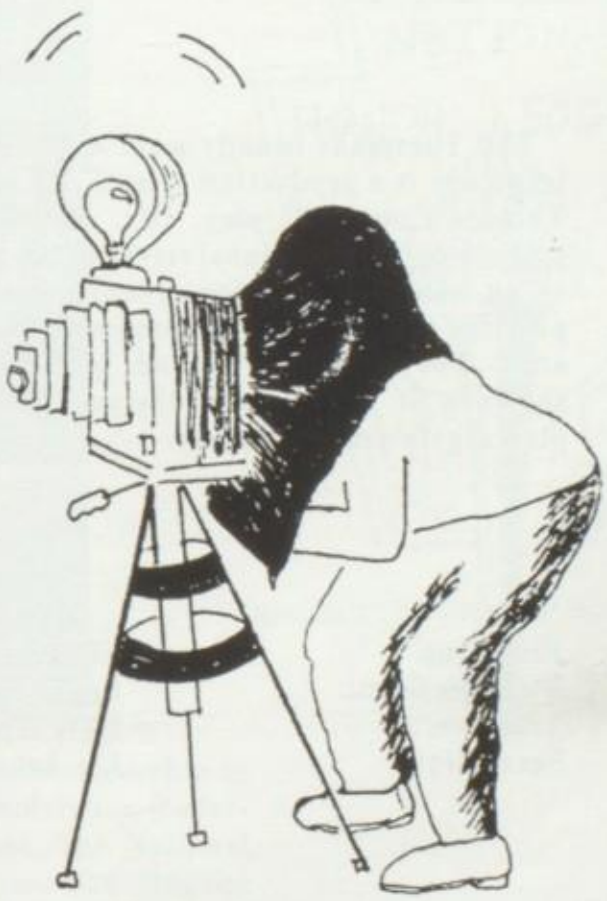
Photo Club

1st row: Christine Grass, Jennifer Handley, Paula Sandor, Renee Casper. 2nd row: James Sneddon (V. Pres.), Tim Schwarz (Pres.), Tom Pour (Sec-Tres.). Not pictured: Andrea Reister, Dana Clark, Bruce Gagliolo, Becky Hackman, Diane Headrick, Chris Polito, Betty Reister, Jesse Ruff, Charlie Belleville, Lydia Wilson, Scott Hull, Kevin Vogt, Sue Lagrange, Troy Ramsey, Tom Reay.

Photo Club meets every Thursday after school in Q105. The members discuss old and new news, plan group projects, and learn the principles and processes of photography. This organization is open to all students and members are not required to have a camera.

In the past, the Photo Club has taken field trips, made photograms and movies, sponsered a fashion show, and participated in the Foreign Fair, along with many other school sponsered activities.

The Photo Club's main purposes are to stimulate interest in photography, participate in photographic experiences and projects, and to encourage group participation in the Photo Club and school activities.



Thespians

1st row: Laura Darner, Eddie Evans, Ellen Mather, Liz Jahren, Dave Appel. 2nd row: Todd Davis, Phil Evans, Kristin Etzel, Turner Simpson, Mark Pearce.

The Thespians usually meet monthly unless there is a production of an E.T.C. (East Theatre Company) play. Mr. Zeller (the sponser of the Thespians) refers to the group as an honor and service organization that provides leadership in and promotes the theater. The members attend professional shows in St. Louis during the year and also plan a gala year end party.

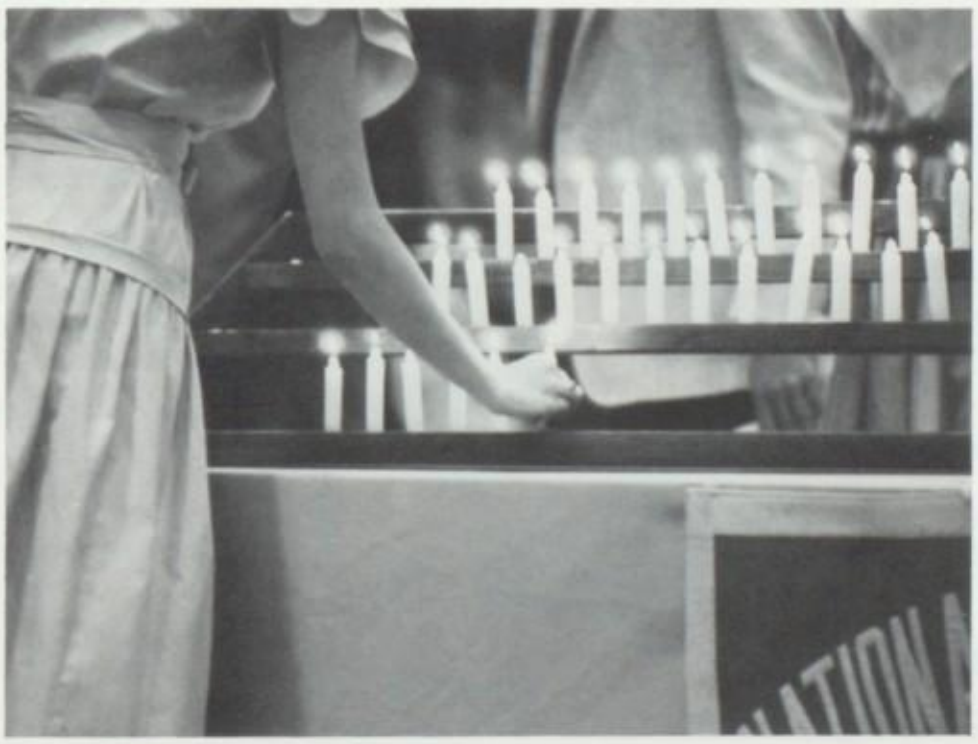
National Honor Society

1st row: Amy Hollmann, Michelle Eastman, Amy Buscher, Lisa Jones, Tracey Ferguson, Nanette Munie, Kimberly McDade. 2nd row: Renee Richards, Kimberly Menees, Carla Boeckman, Rebecca Whitfield, Mr. Powell, Michelle Johnson, Julie Brueggeman, Kimberly Neuner. 3rd row: Armarenda Das, Anthony Kern, Timothy Schwarz, Steve Jacobs, Bansam Abdulhadi, James Needles, Richard Schwarz, Ronald Fisher, Lynette Boehne. Not pictured: Brendan Bauer, Mark Bridges, Donna Bujnak, Paul Greiff, Melinda Groquist, Michelle Johnson, Rhonda Kins, Ellen Mather, Eddy Wright.



The National Honor Society meets at least once a month. Membership in the N.H.S. is an honor according to students, based upon scholarship, leadership, character, and service, by the faculty at Belleville East. The National Honor Society holds a Departmental Awards assembly each year honoring the top five students in each department. They hold a reception for these honored students and parents after the assembly. Some members of the N.H.S. also tutor at other schools.

Sports

The Belleville East athlete is a distinctive figure on campus. Often referred to as "jocks", these people set an example for the rest of the school to follow. The Belleville East jock can be either male or female and can be easily distinguished by the insignia on the back of his navy blue nylon jacket. Often involved in more than one sport, the jock's jacket will change in accordance with the seasons. The Belleville East athlete has to have determination and dedication. Belleville East athletes are an important part of the Belleville East design.

1) The hat- like the jacket, the hat is reminder to all that the wearer is a Belleville East athlete.
2) The uniform- worn in competition and usually it is too big or too small.
3) The equipment- the basic essentials that make sports what they are.
4) The knee pads- the true athlete owns two or three pairs. Bruised knees are definitely out.
5) The socks- after a game they can probably walk to the locker room by themselves.
6) The shoes- a must for all athletes. They must be *exactly* the right kind.

Although not many of girls and guys that took this survey were interested in going Krogering, we found a number of them enjoyed the blue light specials at K-Mart. Still others preferred National Supermarket and another group thought it was a much better day when they saved the Wal-Mart way.

Thank you for your cooperation and your participation in the survey.

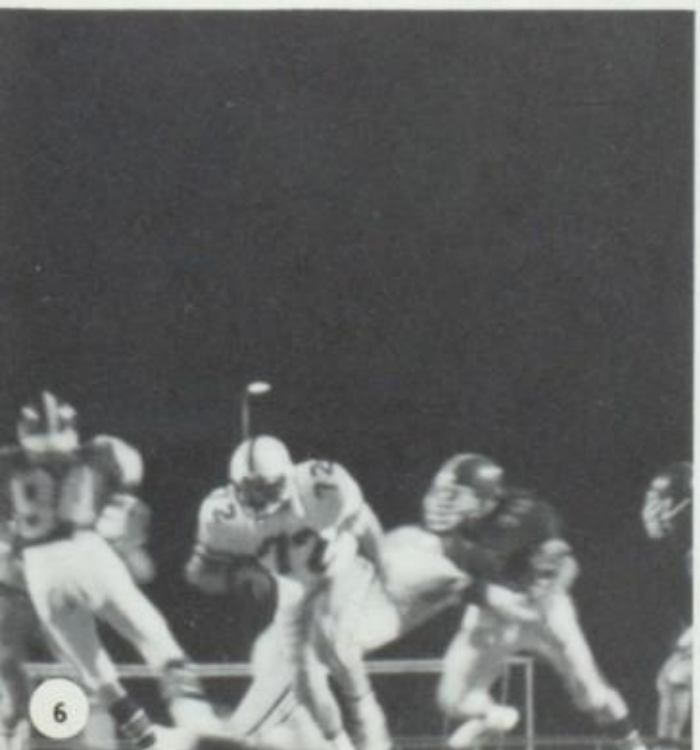
1984 Football

"An aggressive defense that ranked among the best the Lancers have fielded, and an unpredictable and inconsistant offense were the trademarks of the 1984 Lancer Football team. Character, poise, and the determination to achieve were evident each week as the players worked to improve. In spite of the frustrations of falling short of their goals, the players displayed great fighting spirit each week and never quit. Short on ability but long on effort is how they will be remembered."

Coach McGinnis



Hut . . . Hut . . . Hike!

1.) Lancers set up for an offensive play.
2.) East carries the ball for a first down.
3.) Lancer defense makes it clear for a run down the field.
4.) Lancer football fans enjoy the game.
5.) The Lancer mascot helps to arouse enthusiasm in the stands.
6.) A Lancer positions himself for a pass.

You Mean You Have To Have A Reason?

4

Hundreds of people scream at the top of their lungs. Everyone is bundled up from head to toe. Steam rises from hot chocolate in styrofoam cups, as the team scores one more touchdown. This is the typical scene of a Belleville East home football game, complete with fans. Most of the people who witness the games are students. But *why* do they attend the games?

A majority of the students come to see their friends and cheer for their team. Peggy Cotter (junior) likes to be with her friends and have a good time. Cindy Isselhardt (frosh.) says, "A football game is a good chance to be with friends and show my brand new Lancer spirit." Amber Nicholson (frosh.) adds, "And to check out the guys!" Kendra Fehner (junior) comes to root our team on to victory and watch the team in action. Mike Meyer (junior) comes to help arouse enthusiasm by playing in the band. Jeremy Rosenstengel and Danny Schott (soph.) come, "to show support for the greatest team on earth- the Lancers!"

Whatever the reason, football games are a great way to show school spirit, and if you don't care about that, they're also a lot of fun!

Hays-A New Face In Cross Country

Richard Hays has made a name for himself in Belleville East cross country as the new coach. This is his first attempt at coaching, since his schedule did not permit time until this year. Coach Hays teaches remedial English and social studies.

Coach Hays has always been involved in sports. In high school, Hays lettered in all varsity sports and was the outstanding senior athlete. In college he played golf, and then played professional golf for four more years.

Coach Hays thinks the prospects for East next year are very good. He says one thing runners have to learn is to run as hard as you can the entire distance. They also have to work on mental development.

His first exposure to cross country was in 1982-83. He spent a lot of time with his friend Craig Virgin, and had developed an interest in cross country.

Hays loves training and keeping in good shape. His goal is to motivate students to run not only during their high school career, but also throughout life.

1.) On to Victory!
2.) Coach Hays keeps the stats.
3.) Tracy Hussman crosses the finish line after a grueling run.

Golf "We Played Up To Our Potential."

Keith Nye

1

2

The golf team this year was not too good. The team was very inexperienced. But we did play up to our potential.

Golf takes up a lot of hard work and dedication. I played every day in the summer and practiced every day. You just can't go out and play. You have to practice hard and learn how to concentrate.

You also have to play in a lot of competition to learn how to handle the pressure. I played in the biggest junior tournament in the world this summer. It was the Junior World in San Diego, California. I had to qualify out of the state of Illinois. They took the five best players in the state to go to San Diego. They did that in every state, and also in Japan, Korea, South Africa, Spain, and other countries.

I didn't play very well because I wasn't used to all that pressure. The tournament was the best experience that anyone can have, because you are playing with the best golfers throughout the world.

My greatest goal was to win the Illinois High School Championship. Last year I wasn't a good enough player to win the Championship, but this year I felt like I could win it.

I ended up 19th in the state, and I played terribly. I wasn't happy with the way I played but those things happen. My real goal was to get a golf scholarship and I did. I'll be attending SIU-E. They have a good golf team. They are ranked 13th in the nation among Division II teams.

So I did achieve my greatest goal and that's all that counts.

Shoes And The Belleville East Athlete

Shoes. Usually not much thought is devoted to shoes. Unless, of course, you are an athlete, and then shoes play a very important role in your athletic performance.

Rick Dison, an employee at the "Foot Locker," shared a few tips about athletic shoes with us. Dison suggested that it was a good idea for an inexperienced person, and even the experienced athlete, to buy his shoes at a specialized athletic shoe store due to the better quality shoes a specialized store offers. He stated that many high school students buy their athletic shoes at specialty stores such as the "Foot Locker." Dison commented that different sports require different types of shoes. A tennis shoe, for instance, is built up on the sides and is cut wider in the toe box. A running shoe, on the other hand, is not built up on the sides for better flexibility. Running shoes often have carbon rubber soles so they wear better. The basketball shoe is similar to the tennis shoe. Basketball shoes have rubber soles for better traction and are made out of leather. The leather, Dison stated, is for better ankle support and leather holds up better than other materials.

So if you're confused about which shoes are right for your sport, guys like Mr. Dison are always around to offer some sound advice and will help make your choice a lot easier.

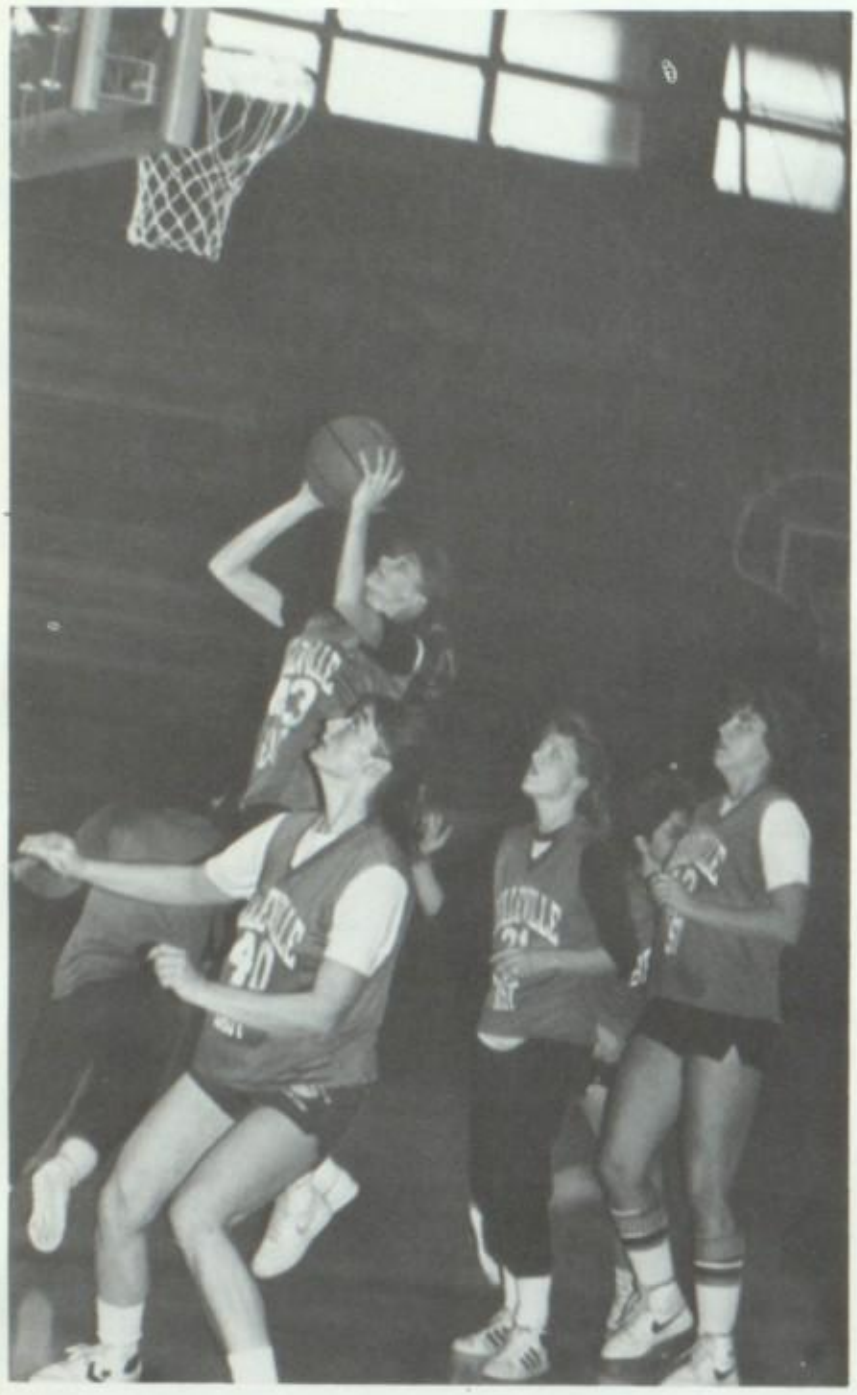
Training To Be Number 1



Sweat and pain are major factors in striving for perfection. Belleville East athletes can vouch for that. Hard work during the off season that continues as the season begins is what makes the Belleville East athletes perform as well as they do.

The athletes here at East push themselves to work hard in the off-season, so they can be the best they can be. Their desire to be the best is so strong that they're willing to take the sweat that goes with being #1. They're willing to fight the pain and soreness they get. And they're willing to defend their position as number one to anyone or any team that dares to challenge them.

But all this isn't accomplished over night, nor is it accomplished all alone. The East athletes have people called coached to guide them through their training. The coaches put their time and effort into helping the athlete become as good as he or she wants to be. No one can just tell an athlete that they're good and expect them to perform. The athlete must believe it and work for it themselves. Only by the athlete being physically and mentally strong will he or she become #1.

Faculty

(1) A style like this comes in handy for a helpful pencil holder.
(2) The glasses signify a touch of importance.
(3) The wrinkles show how her wisdom has helped many kids.
(4) Her grade book is always at hand with pink slips ready to give out if needed.
(5) Her dress mode shows her conservative side.

The Faculty this year has been working very hard in getting students through their courses. They have been very understanding, when a student says "I am having trouble" they are always willing to help us out. Besides just helping us out, they teach us how to help ourselves. They make us think and make our own decisions, which is a skill that is needed if we are to succeed on our own someday. Every school, including Belleville East, has their idea of what a typical high school teacher looks like. Here is our example. Even though this particular teacher is a woman, she represents our idea of what a Lancer teacher should be.

Retirement

(2) Leroy Kirsch

Mr. Kirsch has been teaching here at East since it opened - 19 years. After retiring he plans to relax and take it easy. Some hobbies that Mr. Kirsch enjoys are: Gardening, working with wood, and fixing things around the house. Mr. Kirsch has enjoyed seeing his former students go into music as a career opportunity such as a musician or teacher.

"Everyone wants to dance, but no one wants to pay the fiddler."

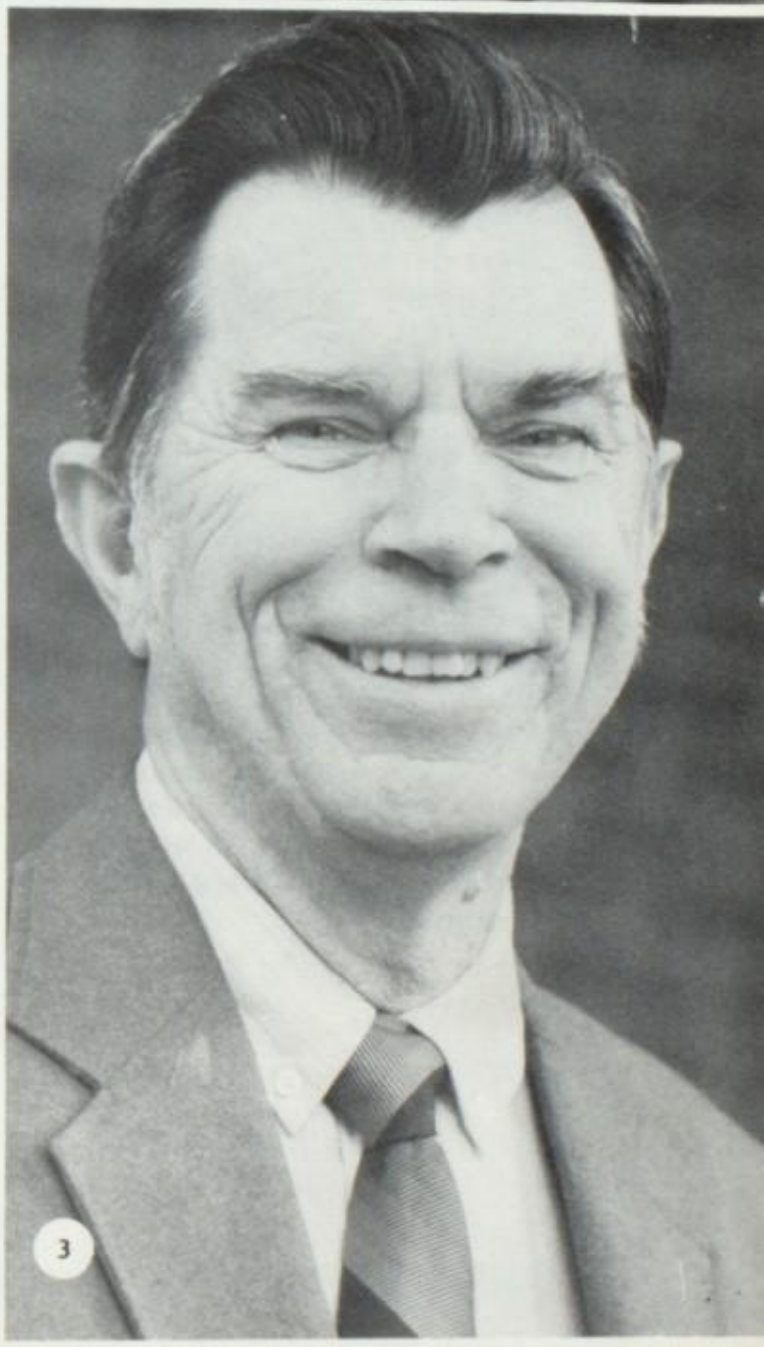
(1) Erwin Dilday

Mr. Dilday has been teaching at East for 19 years. He has several things in mind to do after his retirement. One of his hobbies is following the stock market. A change that Mr. Dilday has seen here at East over the years is the building of the Auto Shop.

(3) Freeman Sorrell

Mr. Sorrell has been teaching here at East for 18 years. After retiring he plans to become a "great white fisherman." He has many hobbies in mind to do, such as: build houses, hunt, fish, and restore old automobiles.

"Pursuit of the truth is much more meaningfull than pursuit of the dollar, but they are alike in the great importance of what you do with them once acquired."



Mr. K.L. Miller, Superintendent Retires After 18 Yrs. Of Service To District 201

As the 1984-85 school year comes to an end, Mr. Miller, Superintendent of District 201, is also going to retire at the end of this school year. Mr. Miller has been with District 201 for 18 years. He was Principal of Belleville Township High School West before he became Superintendent.

Mr. Miller prepared for this position by going to college for four years, some of the colleges that he had attended were: Knox College; Bachelors Degree, Western Illinois University; Masters Degree, and University of Illinois; Post Graduate. Mr. Miller belongs to alot of different organizations such as the following: Member of Phi Delta Kappa, Educational Fraternity; Life Member of Phi Signa Kappa Social Fraternity; Chairman of Advisory Council for Education of Handicapped Children-Illinois Office of Education; Advisory Council-St. Elizabeth Hospital, Belleville.

Mr. Miller's favorite activities are water skiing, reading, refinishing furniture, yardwork and gardening. Mr. Miller has three children which one is a Foreign Exchange Student, A.F.S., from Switzerland.

Dr. John R. Dosier, presently the assistant superintendent, has been appointed by the Board of Education to carrying out the leadership duties of superintendent effective July 1, 1985.

Mrs. June Cox, president of the Board of Education, recently stated, "District 201 is fortunate to name one so well qualified to assume the duties of the superintendency."

Dr. Dosier assumed the assistant superintendent's role in 1970.

In addition, he is involved in countless activities with various area civic and educational organizations, very similar to the distinguished civic career Mr. Miller has developed.

Mr. Miller agreed by commenting, "I see no problem in the transition of administration, as long as we have the continued community support that we have enjoyed."

As Mr. Miller finishes his business on the phone, Mr. Curtis, Principal of District 201 at East, plans his thoughts thoroughly on the next topic to be discussed.

Mr. Miller sits in the Conference Room looking over notes before an important Conference Meeting.

The Board of Education; Robert Nebgen, Edward Burris, Charles Heller, Leonard Moore, Jean Nelson, and George Nold; President.

The Board of Education is very helpful to the Superintendent, Mr. Miller. They assist him in managing money keeping the school's running and organized. The Board also helps him keep the school's extra curriculum activities going, so the students will have fun while in the learning process. The Board of Education also assists both Administration's — Belleville Township High School East and West.

Art usually seems just in a catagory of just paintings or drawings. There are alot of other things; for example: Ceramics, Sculpture, Commercial art, Crafts, Jewelry Designs, Printmaking, Photograph, and for those who are more advanced in photography there is Advanced Studio. Art can be very interesting if you put the effort and ability to work. When Belleville East opened, the Art Department has been expanding. One year of art fundamentals is offered, plus eight additional elective course from which to choose. The Art Department fosters the developments of perceptional and creative skills. These art teachers create an atmosphere and let process take place in the student. They try to teach from students point of view.

Biology is one of the sciences offered at East. The teachers of this department were asked what their favorite homework excuse was, their educational philosophy of teaching and to mention anything they would like to tell about themselves or their teaching.

Joan Weisenstein's favorite quotation was "The secret of happiness is not in doing what one likes, but in liking what one has to do." Barrie

Mr. Urban Baum said, "I would like to be known as the teacher that wiped out smoking on campus in his lifetime and/or got rid of lockers in classroom buildings in his lifetime."

Mr. Tim Barths philosophy of education was "to cover the maximum amount of material with a minimum amount of pain." He also mentioned that he is originally from Marion, Illinois and a high school graduate of Marion Senior High.

English teachers help students understand and evaluate literature in a number of phased classes which offer a variety of student challanges. English classes also work at increasing students reading comprehension and public speaking skills. East offers a wide variety of English courses. These courses are available at five different levels to correspond with the students learning capabilities. The English Department offers such courses as: Literature of Action, Literary Explorations, Technical Theatre, Individualized Reading, Film as Literature, Composition I, Science Fiction and Supernatural Literature, English Literature I, English Literature II, American Literature, and Public Speaking.

Industrial Education is researching, planning, teaching and learning. There are all kinds of proposals being studied for the basic instructions of *ROBOTICS* in advanced and vocational classes of electronics. There are all kinds of different classes that consist in Industrial Education or that is related to the class. These are: General Electricity, General Drafting, General Woods, General Metals, Draftin, Construction Occupations, Metal Occupations, Electronics, Auto Shop, Welding, Vocational Electronics, Vocational Drafting, and Advanced Construction Occupations and Auto Shop. All these classes have at least one thing or another to do with something in our life now or in our future life.

(1) Mr. Knoya is busliy at hes work. His work is very inticed for him.

(2) Mr. Willet is very ready and willing to help hes students out at their very sufficient task which they are about to do

(3) Mr. Prince looks like he is explaining something to one of his classes. While he is explaining this he looks like he could use a relaxing time to gather hes thought for the future of the class.

(4) While Mr. Humes is teaching class he says to anyone listening "take me away from it all." He looks like he is trying to thumb a ride away from it all.

Home Economic are courses which include the study of cookery, nutrition, clothing, and whole lot more. The Intermediate Foods, Food Management, and Cooperative Food Service classes planned, prepared and served a traditional turkey dinners and made homemade Christmas cookies which was invited to guests and parents. The student in these classes have gained valuable food preparation experiance and acquired skills in entertaining. The Homemaking Department has the philosophy that every student needs and education in Home Economics for success in everyday living.

"Everyone wants to dance but no one wants to pay the fiddler."

Leroy Kirsch

Music offers alot if you are planning on some kind of singing or playing an instrument for a career in your life time. Of course you work very hard to accomplish these goals. In the singing opportunity you can be in the following choirs: Freshman chorus, Swing Choir, Treble Choir, or Concert Choir. If you do not have the talents to go into singing but would like to learn or do play an instrument you can go into the following: Stage Band, Marching Band, or Orchestra.

Math is a course in which you always need to be thinking and staying on top of your studies. Almost all of the Math courses offered, will be very helpful for college-bound students. There are several different courses to suit everyone's skills in Mathematics.

(1) Mr. Patton is busily trying to explain congruent angles to his practical Geometry class, and it appears they are catching on quickly.

(2) Mr. Dunn goes over some Geometry terms with his honors class.

(3) While Mrs. Flaugher is explaining an Algebra problem, she thought of a funny story that had happened to her: "One of her former students was studying square roots for Algebra and his little brother, age five or six, went outside looking at trees to see if he could find any square roots that his brother had been talking about!"

Math teaches a lot of topics such as Introductory, Computer, Basic, Practical, and Honor classes. For the more advanced students, the Math department offers challenging courses such as Trigonometry, College and Analytic courses! Another challenging event that the Math department offers is a Math team, for those Math students who are interested in pitting their Math skills against others. The Math team enters several contest such as, Fontbonne College, Washington University, S.I.U. Math field day at Carbondale, I.C.T.M. Regional, and I.C.T.M. State Final. They recieved first place out of 35 schools. The results from the rest of the contest are not yet known, However in the past they have been very high.

"It is not aptitude but attitude that effects the attitude alone."

Basic Education consists of several courses. Individualized English, which is highly individualized in order that the student can advance in reading, writing, and study skills according to his level of performance. Basic Mathmatics, which emphasizes the fundamental operations (add, subtract, multiply, and divide) with whole numbers, decimals, and fractions. Consumer Arithmetic, is a course combining consumer education and basic mathematics. The areas of wise spending, saving and investing are studied. Individualized English, emphasizes the individualization of writing kills, fundamental reading skills, and the need to complete assigned tasks. Cooperative Work Training is designed for related work training in the classroom. It provides preparation and opportunities in various work areas: searching for a job, applying for a job, interviewing, and the responsibility of holding a job, another one of the many courses is a Work Training Assignment, which is a combination to provide necessary information in the work areas especially "on the job" training. "On the job" training provides work experiences and the responsibilities necessary for holding a job.

Remedial Education is a course that is intended to correct study habbits or reading habbits. Their are many courses that do just that. Voc. English is highly individualized and designed to begin giving the student a practical use of English. In Civics 1-2, the EMH student will pass the required tests of the United States Constitution and the Illinois Constitution for graduation. They will also study about local government and local laws. L.D. Math 1-2 provides for the necessary mastery of basic number skills for everyday living. L.D. English 1-2 is designed to give the practical use of English through communication and reading. Social Problems the EMH class will enable the student to understand the laws and social mores of his environment. The L.D. Remedial Health class is designed to teach health on an individualized level when a reading problem is identified. Vocational English is an extention of EMH Vocational English and emphasizes English necessary for beginning employment. The course in Related Work Training, begins training for skills needed for holding a job in the work world. It also gives the EMH student a place to ask questions about jobs. Training Assignment is an EMH Pre-Vocational work experience with a business outside of the classroom setting. L.D. American History, is a course to fulfill graduation requirements. The student will study national history in relation to today's society. All of these courses will help the students prepare for the future.

Some of the classes that are offered in Remedial Education are taught in a simpler and more direct way. There are 3 main functions of the Remedial Education department. The first function is to help students who otherwise could not function correctly in a normal classroom setting. The second function is to teach the trainable mentally handicapped students. These students come to school to work under constant supervision. The Remedial Education Department focuses on gearing these students to work successfully in the community in which they live. The third function of the department is to help the autistic student.

Social Studies consists of several courses ranging from civics 1-2 to Economics 7-8. Civics 1-2 is an introduction course to all other Social Studies courses. In a class such as World Geography, the student will gain extensive knowledge of the Uniteo States and all other regions of the world. American Studies is a two-period course combining American History and American Literature. The Social Studies department also provides mini courses in the fall, such as Civil War, which is in-depth study of the background and causes of the most tragic event in our history. As well as fall courses their are also spring semester courses. The United States At War is a course designed to study the influence and actions of the military in American life. There are many courses in the Social Studies department. You can always find one that can be of interest to you.

Mr. Gentsch Goes to Russia.

Mr. Gentsch had the privilege to spend a week in the Soviet Union in February. The trip was described as an educational seminar and included 2 hour sessions with college educators and a half day in a Moscow secondary school.

At Moscow School 49 they visited second grade classes studying English and also visited other classes. When students would stand at the side of their desks and then give the American visitors small pins, drawings, and other items which they had made. The pins had been provided by the government.

Although the school had been built in 1936, it seemed much older because of the very drab architectural style used in constructing the building. Students attend this school from age 7 to age 17, unless they drop out at 15 to take jobs. Next year this school will also have a 6 year old students as all schooling in the Soviet Union is being extended by 1 year. Prior to entering this school students attend nursery school and then kindergarten.

The students of School 49 also provided entertainment for about an hour. This included a puppet show, ballet, several songs and some instrumental numbers. The performances were well done; the English was memorized and the students rarely showed any emotion. Most Soviet citizens do not smile or show any other type of facial expression.

"Look ahead and prepare or look back and regret."

Supportive Staff

Secretaries are very helpful in keeping our school "up-to-date" and organized. So, as you can see the secretaries here at Belleville East are always here to try and help us out on those days when we don't know what to do or to help us to get what we need when we need it. A secretary is also a big help not only to us but to other secretaries and to people who are here, such as: Assistant Principals, and the Principal. They help keep them informed about the students, to keep a calendar of the up-coming events, and to schedule their important staff meetings that we all like especially when the students at Belleville East get off school.

The custodians are like the "unseen" of East. They keep our campus really looking nice. There always there to unjam a locker.

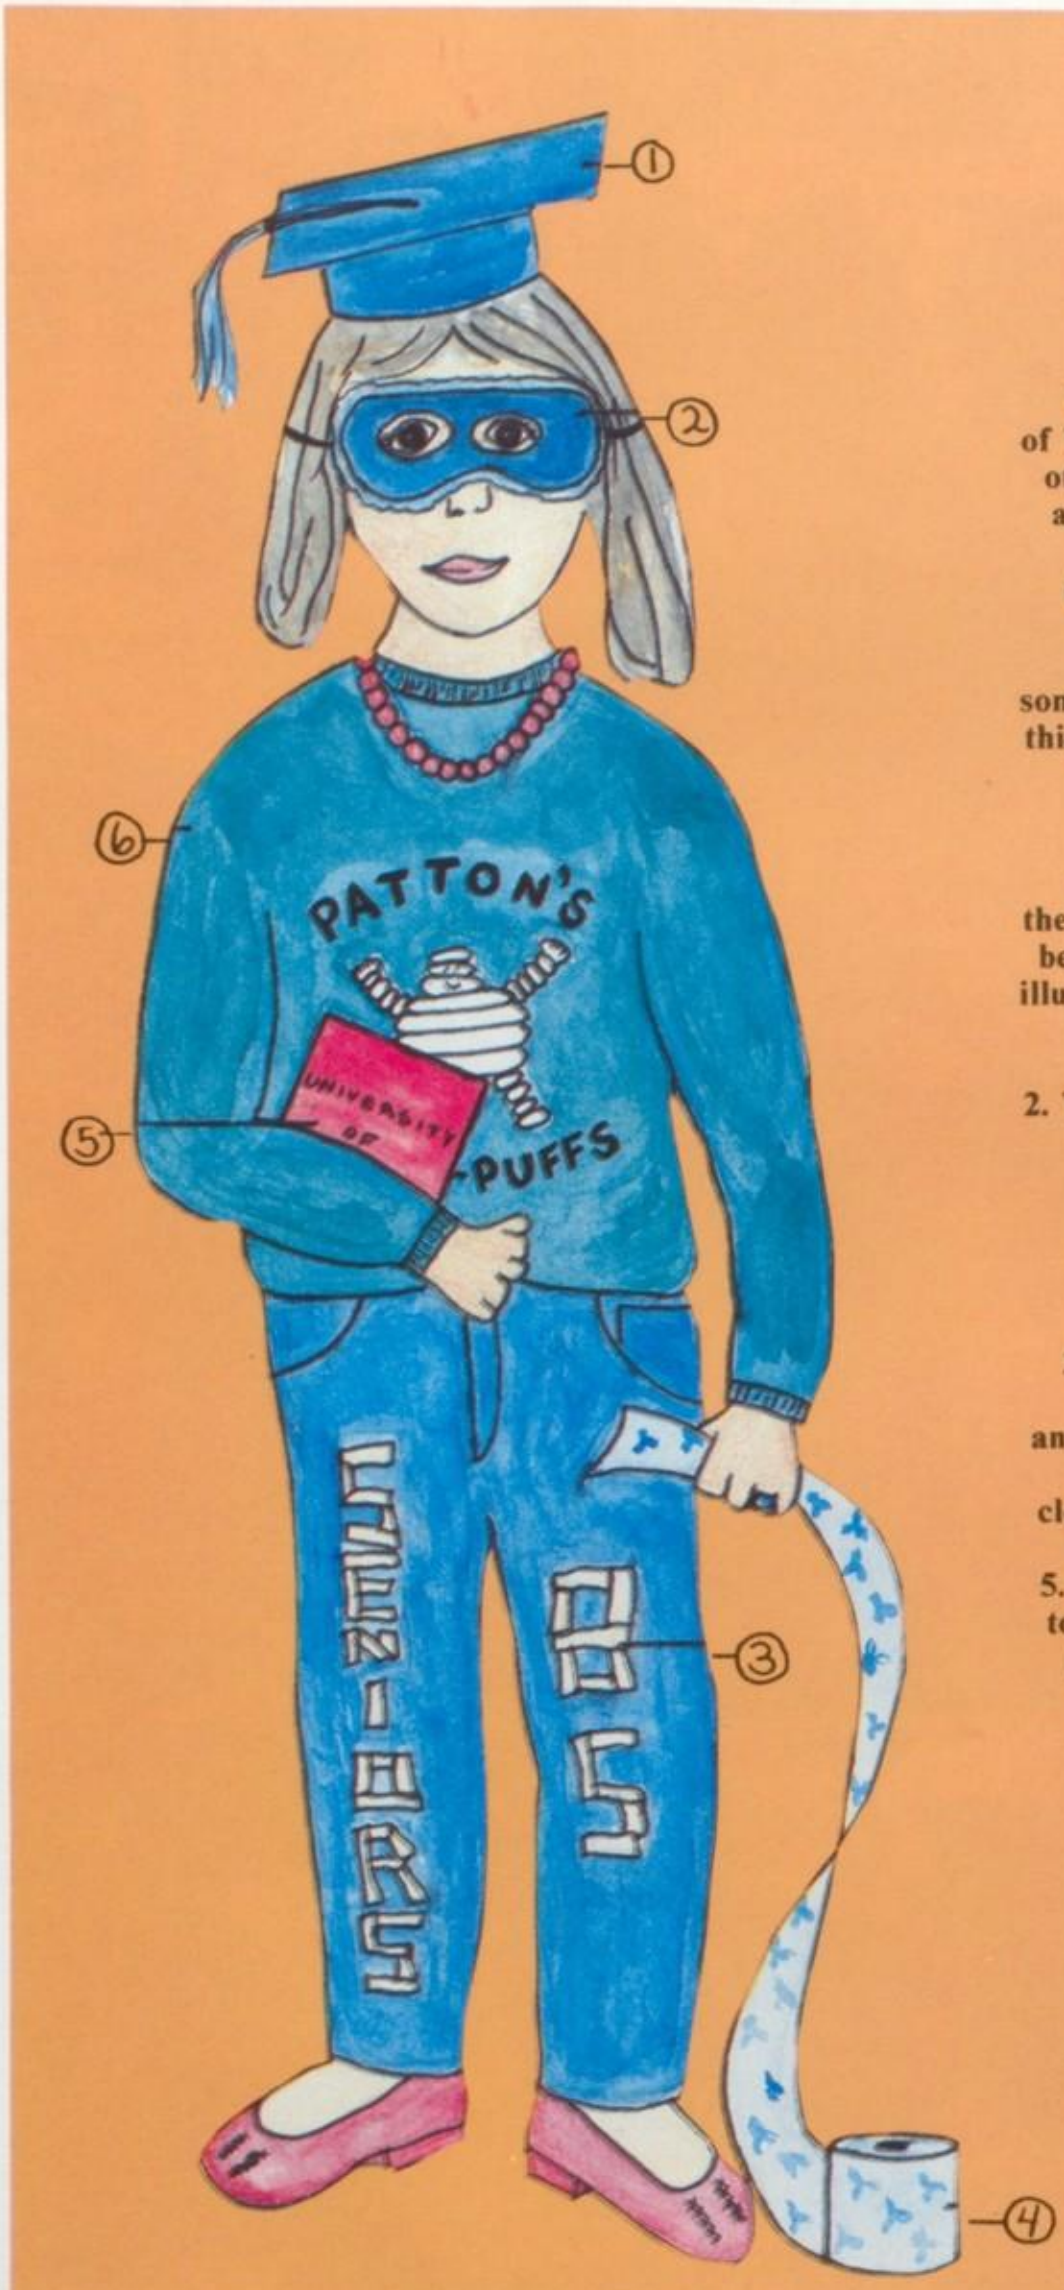
Seniors



Yep, this is a Senior! The Seniors of '85 are easily distinguishable from other campus members by how they act and what they tote around with them. This particular Senior has done quite a lot. PPO, a phantom, class volleyball star, and she even found time to graduate! Here are some helpful explanations concerning this particular East (loud and proud!) Senior's paraphernalia:

1. Cap (known as mortarboards to the more intellectual types)- although being used as a status symbol in the illustration, these traditional caps are used as frisbees at the end of ceremonies at graduation.
2. This mask is often associated with the Lone Ranger in the outside world, but to us at East, it is a symbol of the Phantoms, but especially of Seniors. (The words "Phantoms" and "Seniors" are synonomous.)
3&4. Tape and toilet paper are the tools of the Phantoms and yet another Senior symbol. Not only can their artistry be found on their clothing, but on certain days at East it can be found all over campus.
5. Many Seniors have a big decision to make, namely: "Where do I want to go to college?" College catalogs are carried around by Seniors to make other people think they have their future all planned out (but *we* know better).
6. During Loyalty Week, many Senior girls participate in the Powderpuff Olympics. This is the reason she is smiling — her team won.

SENIORS

We all start out at East as freshman, even though we all don't like to admit it. But the years go by quickly and soon you are on the top rung of the ladder ... a senior!

Many changes take place from the time you start high school to the time you graduate. As a freshman, you weren't used to this new way of life with the large campus, and all the new students and teachers. What makes a freshman stand out so much, though, is the great effort that is made in trying to fit in.

By the time we all became sophomores, we were used to East and we were no longer the babies of the campus. Sophomore year was the year to have fun, because we had nothing to worry about.

When junior year rolled around the SAT's (Scholastic Aptitude Tests) came with it, and so did planning for the future. A lot of us were getting jobs by now; so there wasn't much time for goofing off.

Well, senior year is here and it will be gone sooner than we think; with it will go all of our high school days. But, it's not the end ... it's just the beginning. We will all go on to meet new friends and have more good times, but we will always look back upon our days at Belleville East with fond nostalgia.

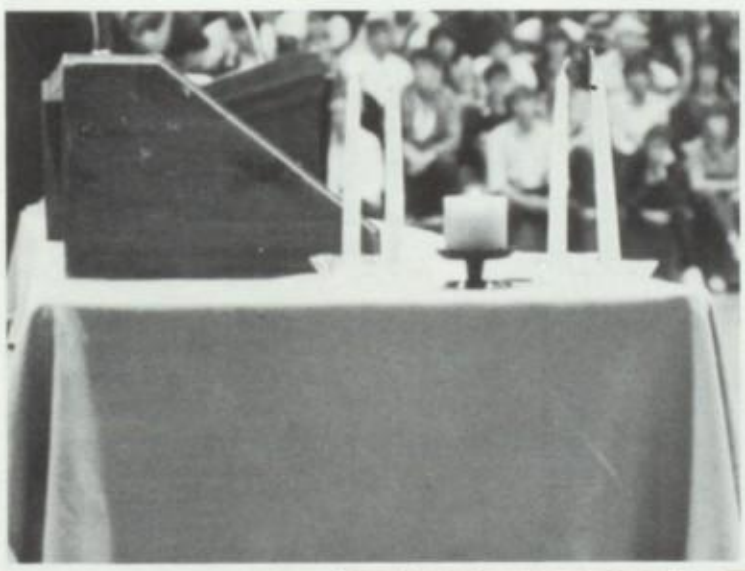
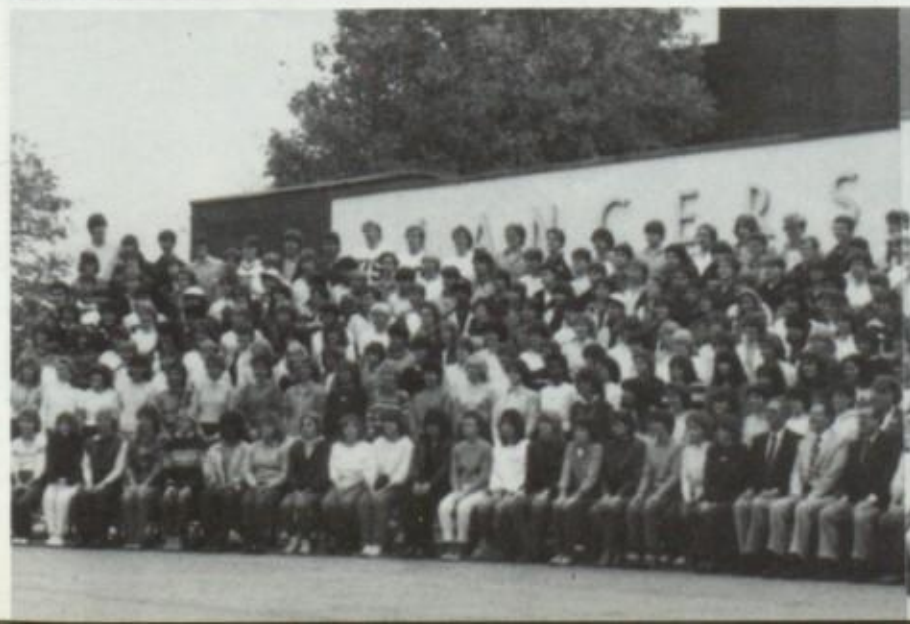
B.T.H.S. EAST





Class Officers

Seniors

(from bottom) Monica Mohr, Robyn Schneider, Kerrie Tyler, Tami Trover

This year the senior class officers were as follows: Robyn Schneider- president, Monica Mohr- vice president, Kerrie Tyler- secretary, and Tami Trover- treasurer.

The senior officers were kept very busy this year working on different items like Loyalty Week. Robyn Schneider said that, "Winning the first prize on our float made us feel great and it really rewarded our hard work that we did on it." During the beginning of 1985 the officers were working on getting the senior T-shirts ready. These T-shirts have every seniors name printed on them and they are sold towards the end of the year. They also got together the senior gift to the school which will be presented at the graduation ceremony.

Juniors

The junior class officers are as follows: Ann Sullivan- pres., Mary Dunn- vice pres., Denise Hott- secretary, and Peggy Cotter- treasurer.

Being a junior class officer takes alot of imagination and especially alot of organization. They have to put together some of the most important activities that go on at East, like Loyalty Week and their float. They felt that the junior class had the best float and should have been judged better. One of the biggest activities that they had to put together was the prom. This was very hard for them because they didn't know how to do it and they had to get help from others. Mary Dunn said that, "The hardest thing to do is to learn how to get organized and make sure we don't forget anything."

Sophomores

(front row) Laura Barret, Wendy Smith (back row) Wally Funk, Rick Barret

This year's sophomore officers were: Rick Barret- pres., Laura Barret- vice pres., Wally Funk- secretary, and Wendy Smith- treasurer.

The sophomore officers put in alot of effort this year to get everything organized. They worked on putting their float together for Loyalty Week. As Wendy Smith put it, "Putting the float together took alot of time because our whole class was split on the idea, so coming up with an agreement was very hard." Also, along with the rest of the class, they were very proud in presenting to the school the flags from the different cities and towns. The officers were also happy because their class had the longest spirit chain. It was the one thing that the whole class pulled together on.

Freshmen

The freshmen class officers this year were: Terri Geschwend- pres., Carla Cassulo - vice pres., Chrissie Keeling - secretary, and Tracy Peterson- treasurer.

This year the freshmen also worked on their foat for Loyalyty Week. Even though it was their first time they did a good job on it. They also helped to plan this year's dances, including the Christmas dance and the Thanksgiving dance. They also helped deliver the Christmas messages.

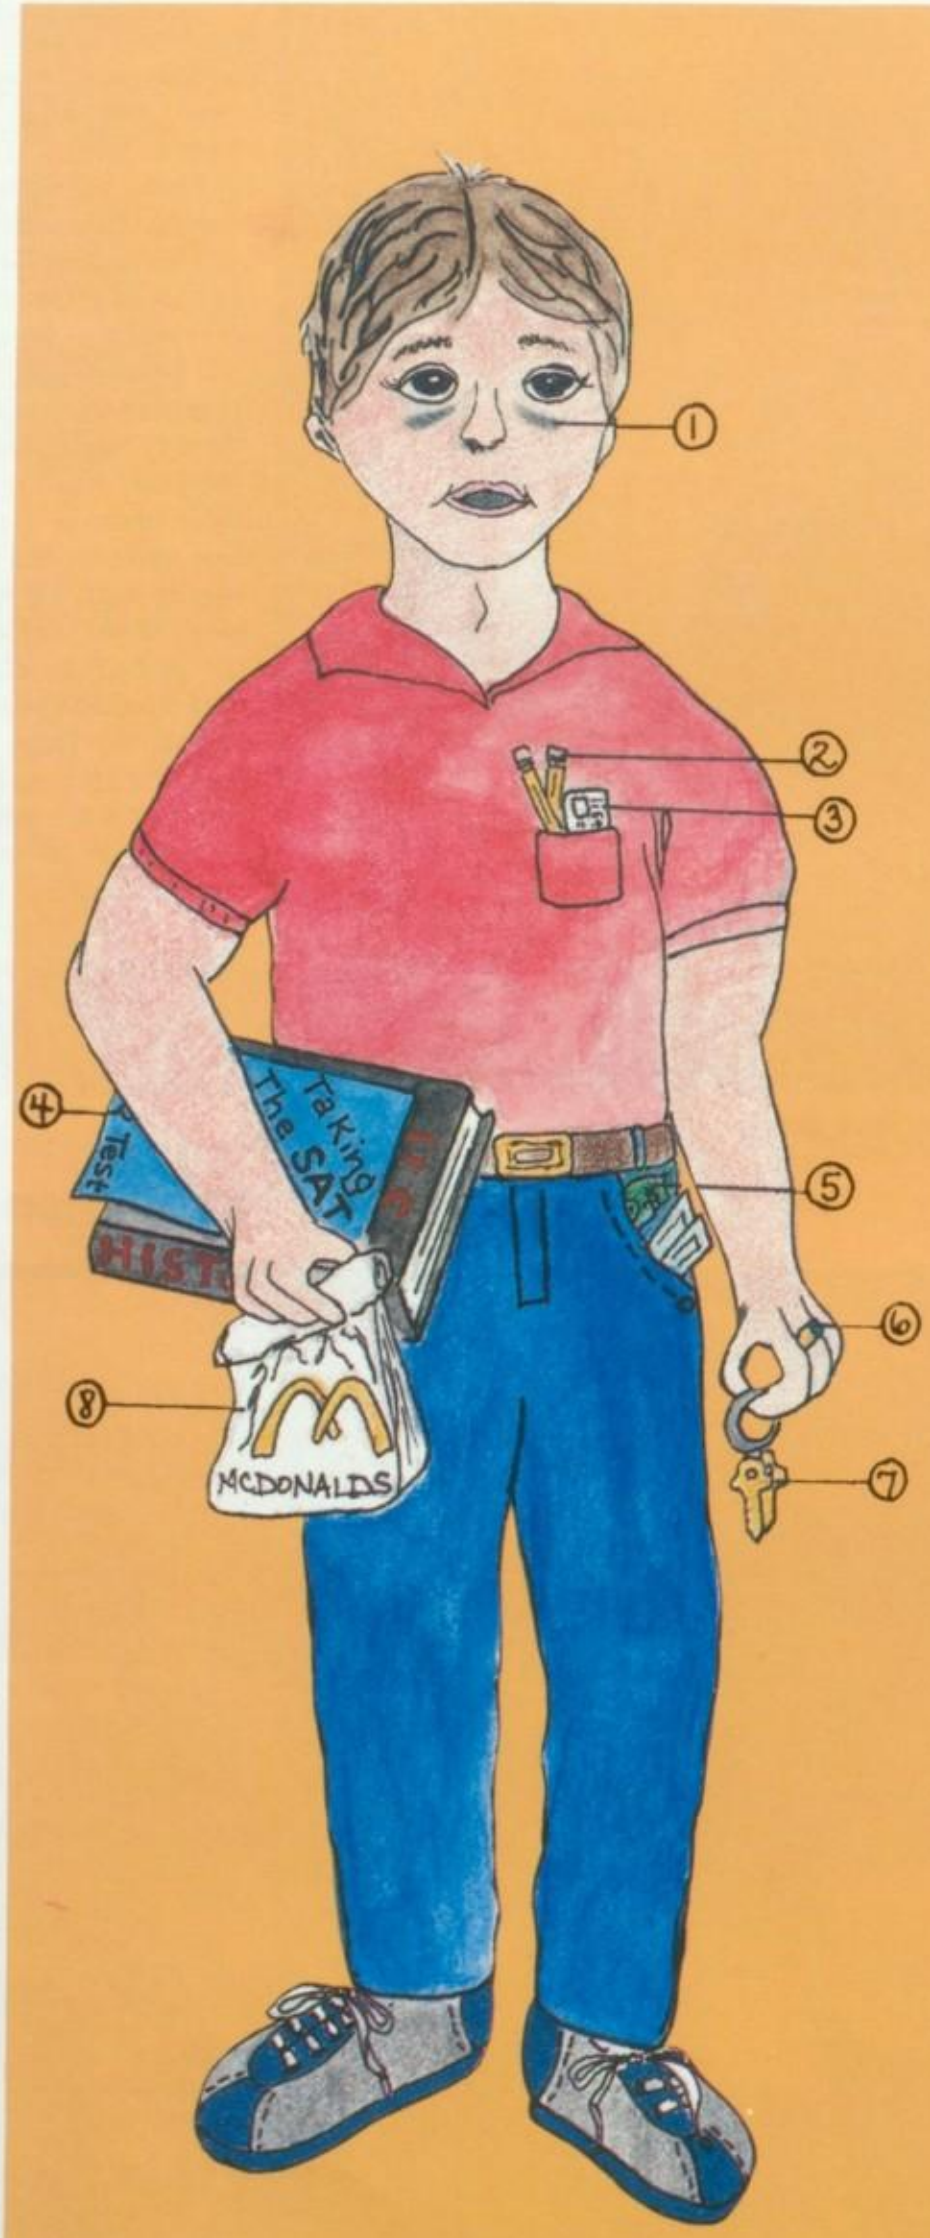
Juniors



1. Bags under eyes come from the late-night jobs.
2. A junior has many no. 2 pencils left over from the PSAT test-A test he's sure he failed.
3. The drivers license. A junior is most proud of them. I got mine!
4. Books that a junior has include history and helpful test-taking books.
5. Money. The pay from all those long work hours.
6. The class ring, the ultimate symbol of a junior.
7. Car keys, usually from mom's car.
8. McDonald's bag, the souvenier of daring off-campus adventures.

Juniors are the unique link between under and upperclassmen. In these paragraphs we shall try to explain more of what goes on in a junior's mind.

The majority of juniors are age 16. They mostly drive to school or have a friend drive them. The average junior spends a lot of time on the phone and listening to the radio. 2-3 hours a night are spent on Alex Bell's invention, usually while listening to the radio. Most junior radio dials are on 106.5 KWK.

Juniors are most likely to be caught on weekends doing one of the following: (in order) partying, at games, going out with friends, working, or at the movies.

The movies that they'd most like to see are: Purple Rain, Star Wars, Bachelor Party, Footloose, Karate Kid, Raiders of the Lost Ark, Fast Times, and Animal House. When a junior isn't on the phone or partying, they can be found watching t.v. Some of the favorites are: Dynasty, Cheers, soap operas, Family Ties, MTV, Miami Vice, and the old-time favorite, Leave it to Beaver.

The majority of juniors named Mr. Boyles and Mr. Asbury as their favorite teacher. But when asked, most said "Are there any?"

JUNIOR SAY: I don't care- I'm a junior!

Lockers

V

As every freshman knows, lockers cause fear. What if somebody set my books on fire? What if I forget the combination? Well, as the years go by, students find that their lockers aren't so bad after all. They're useful to punch and kick when nothing in the world goes right. Lockers are also a good outlet for creative energy. Who doesn't have pin-ups, stickers, or fish in theirs?

You know you're bored when:

1) You count how many ceiling tiles are in the room.

2) You try to see what was writen on the chalkboard before it was erased.

3) You start picking lint off your sweater.

4) You can't remember who your date is tonight.

5) You tell your life story to the bug on your desk.

6) You read and finally understand your Chemistry.

7) You actually do your homework in study hall.

8) You answer the Christmas trivia.

9) You think the above statements are funny and can think of more.

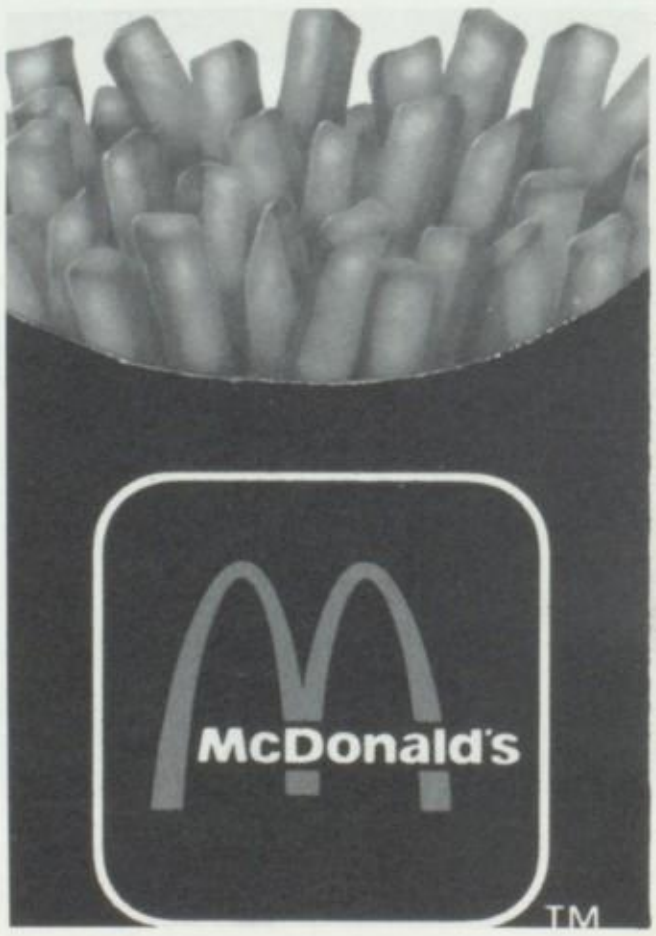
THE BIG FIVE-O!

A few favorite foods of 1984, 83, 82 . . .



Baby Fae was the first infant to receive an animal heart.

His name, Prince Henry Charles Albert David, was considerably more imposing than he was, weighing 6 pounds 14 ounces.

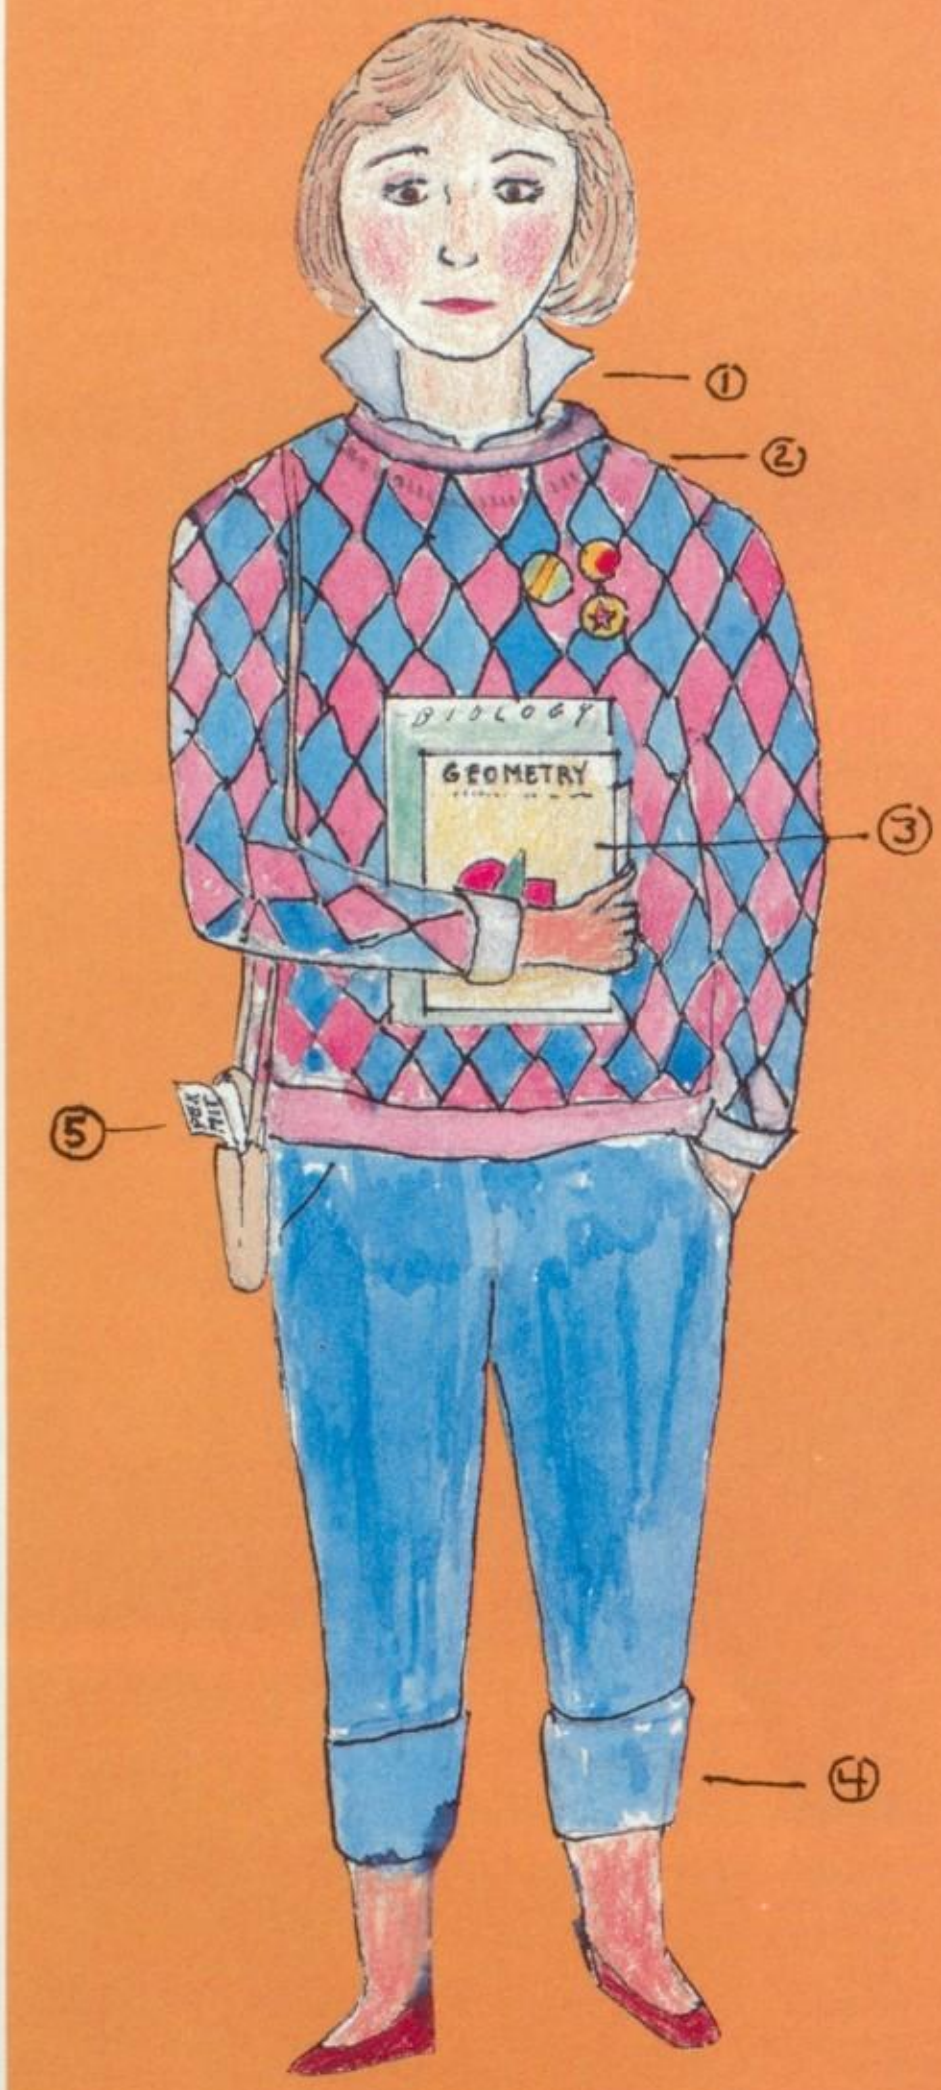
Favorite Groups
1) Van Halen
2) Duran Duran
3) U2

A Golden Summer-
from July 29 through August 12, over 8,000 athletes representing more than 100 nations competed in the XXIII Olympic Games at Los Angeles.

Sophomores



1. A turned up collar is one of the requirements for the well-dressed sophomore.
2. Another accessory necessity is a beaded necklace. It's so much fun when they break during class.
3. Books that sophomores carry are geometry and biology.
4. Another fact of sophomore dress is rolled up pants cuffs. We know it's the style, but . . .
5. Many sophomores have just gotten their permits. Watch out licensed drivers!

Sophomores are a confident class because they have finally gotten rid of the freshman stigma. They treat their freshman counterparts like they escaped from the Planet of the Apes. They are able to do all of this without seemingly remembering that they were freshman a few short months ago.

The sophomore guys seem to not have as much activities as their junior and freshman friends. On the other hand, sophomore girls seem to be doing everything. They make up most of the cheerleading squad, and filled more blanks on the survey for activities.

When sophomores aren't doing school activities, they are on the phone four or more hours or watching t.v. While doing homework, they listen to KWK, FM 106.5. Other after school and weekend time is spent at games or at McDonalds.

Sophomore's favorite movies include Purple Rain, Karate Kid, and Empire Strikes Back. Their favorite teacher is Mr. Dunn.

WORDS ON SOPHOMORES

When I was a Sophomore, all I could think about was how come I still feel like a freshman!

Sophomore year I became a lot more involved in school activities because I felt a lot more confident. I wish now that I would have been more involved last year.

I can't believe all of the speeches that I have to do! I also thought Biology would be a lot more interesting. Who cares about the sexual parts of a flower?

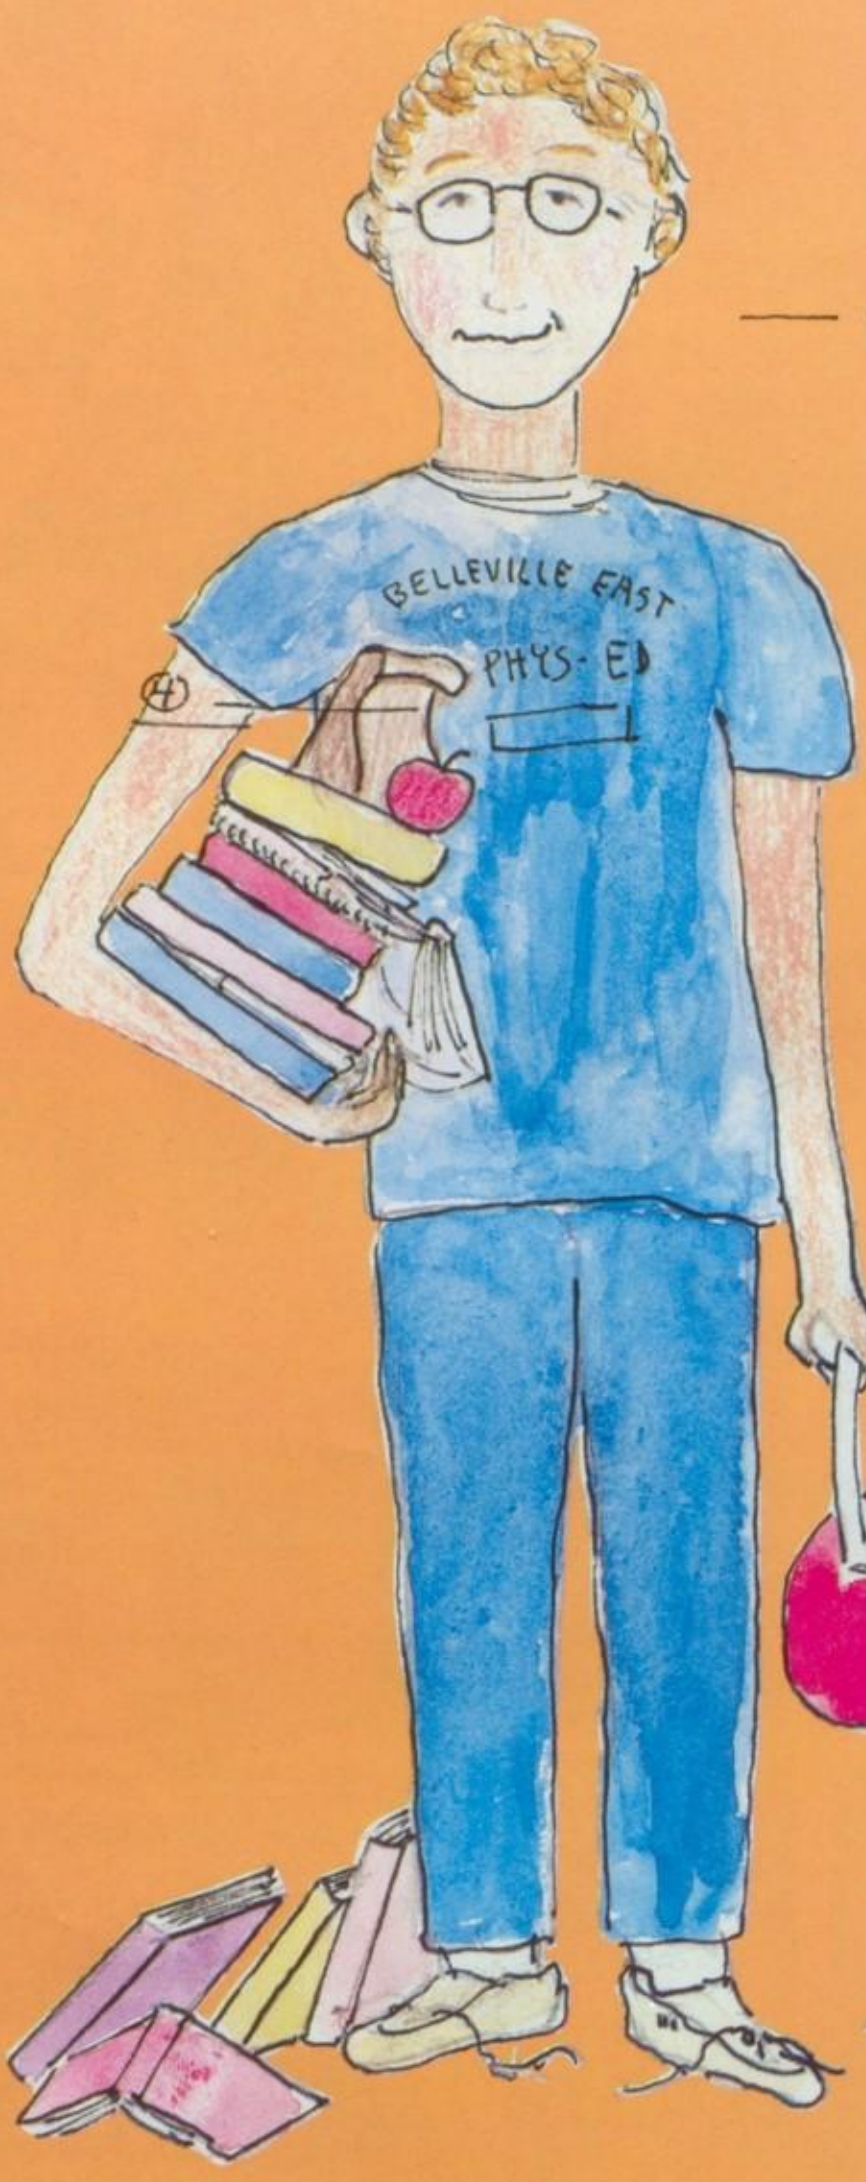
Have you ever wondered what is the favorite food or radio station of Belleville East? Well, so did the yearbook staff. A survey was held having an equal amount of students from each class. The following statistics show a certain number of people's opinions. They do not represent the entire student body.

The survey contained many questions such as do you own a car?, what is your favorite food?, what is your favorite kind of music?, do you actually eat school food?, what is your favorite or least favorite school food?, how much t.v. (hours) do you watch?, etc.

The following answers were produced from these questions:

Freshmen



Freshmen seem to always be heralded as the low-life of high school. They seem to always get the raw end of the deal. This may be true! Since freshmen haven't had as much experience with Belleville East and upperclassmen, they often come off as being stupid and unknowing. By the end of the year, though, they feel as though they can truly be a part of everything and move up to becoming a sophomore.

Your typical freshman seems to find himself on the bus a lot. This is his main source of transportation to and from school.

After school they are on the telephone for at least two hours a day. The radio station most favored by our freshmen friends is KWK. The favored places for a freshmen to go on weekends is to go to a game, or movies.

Freshmen's favorite movies include Purple Rain, Red Dawn, Muppet movies, and Karate Kid. Favorite t.v. shows are: Knots Landing, Young and the Restless, and Webster. Their favorite teacher seems to be Mr. Heiligenstein.

FRESHMAN SAY: WHO? . . . WHAT? . . . WHERE? . . .

1. Most freshmen wear a nervous, please-don't-pick-on-me smile on their face.
2. Freshmen are the only class that wears their Belleville East P.E. shirts.
3. Freshmen carry their books almost everywhere they go. Maybe they are afraid that someone will break into their locker.
4. Some freshmen bring their own lunches to school.
5. Gym bags are a necessity for carrying excess books.

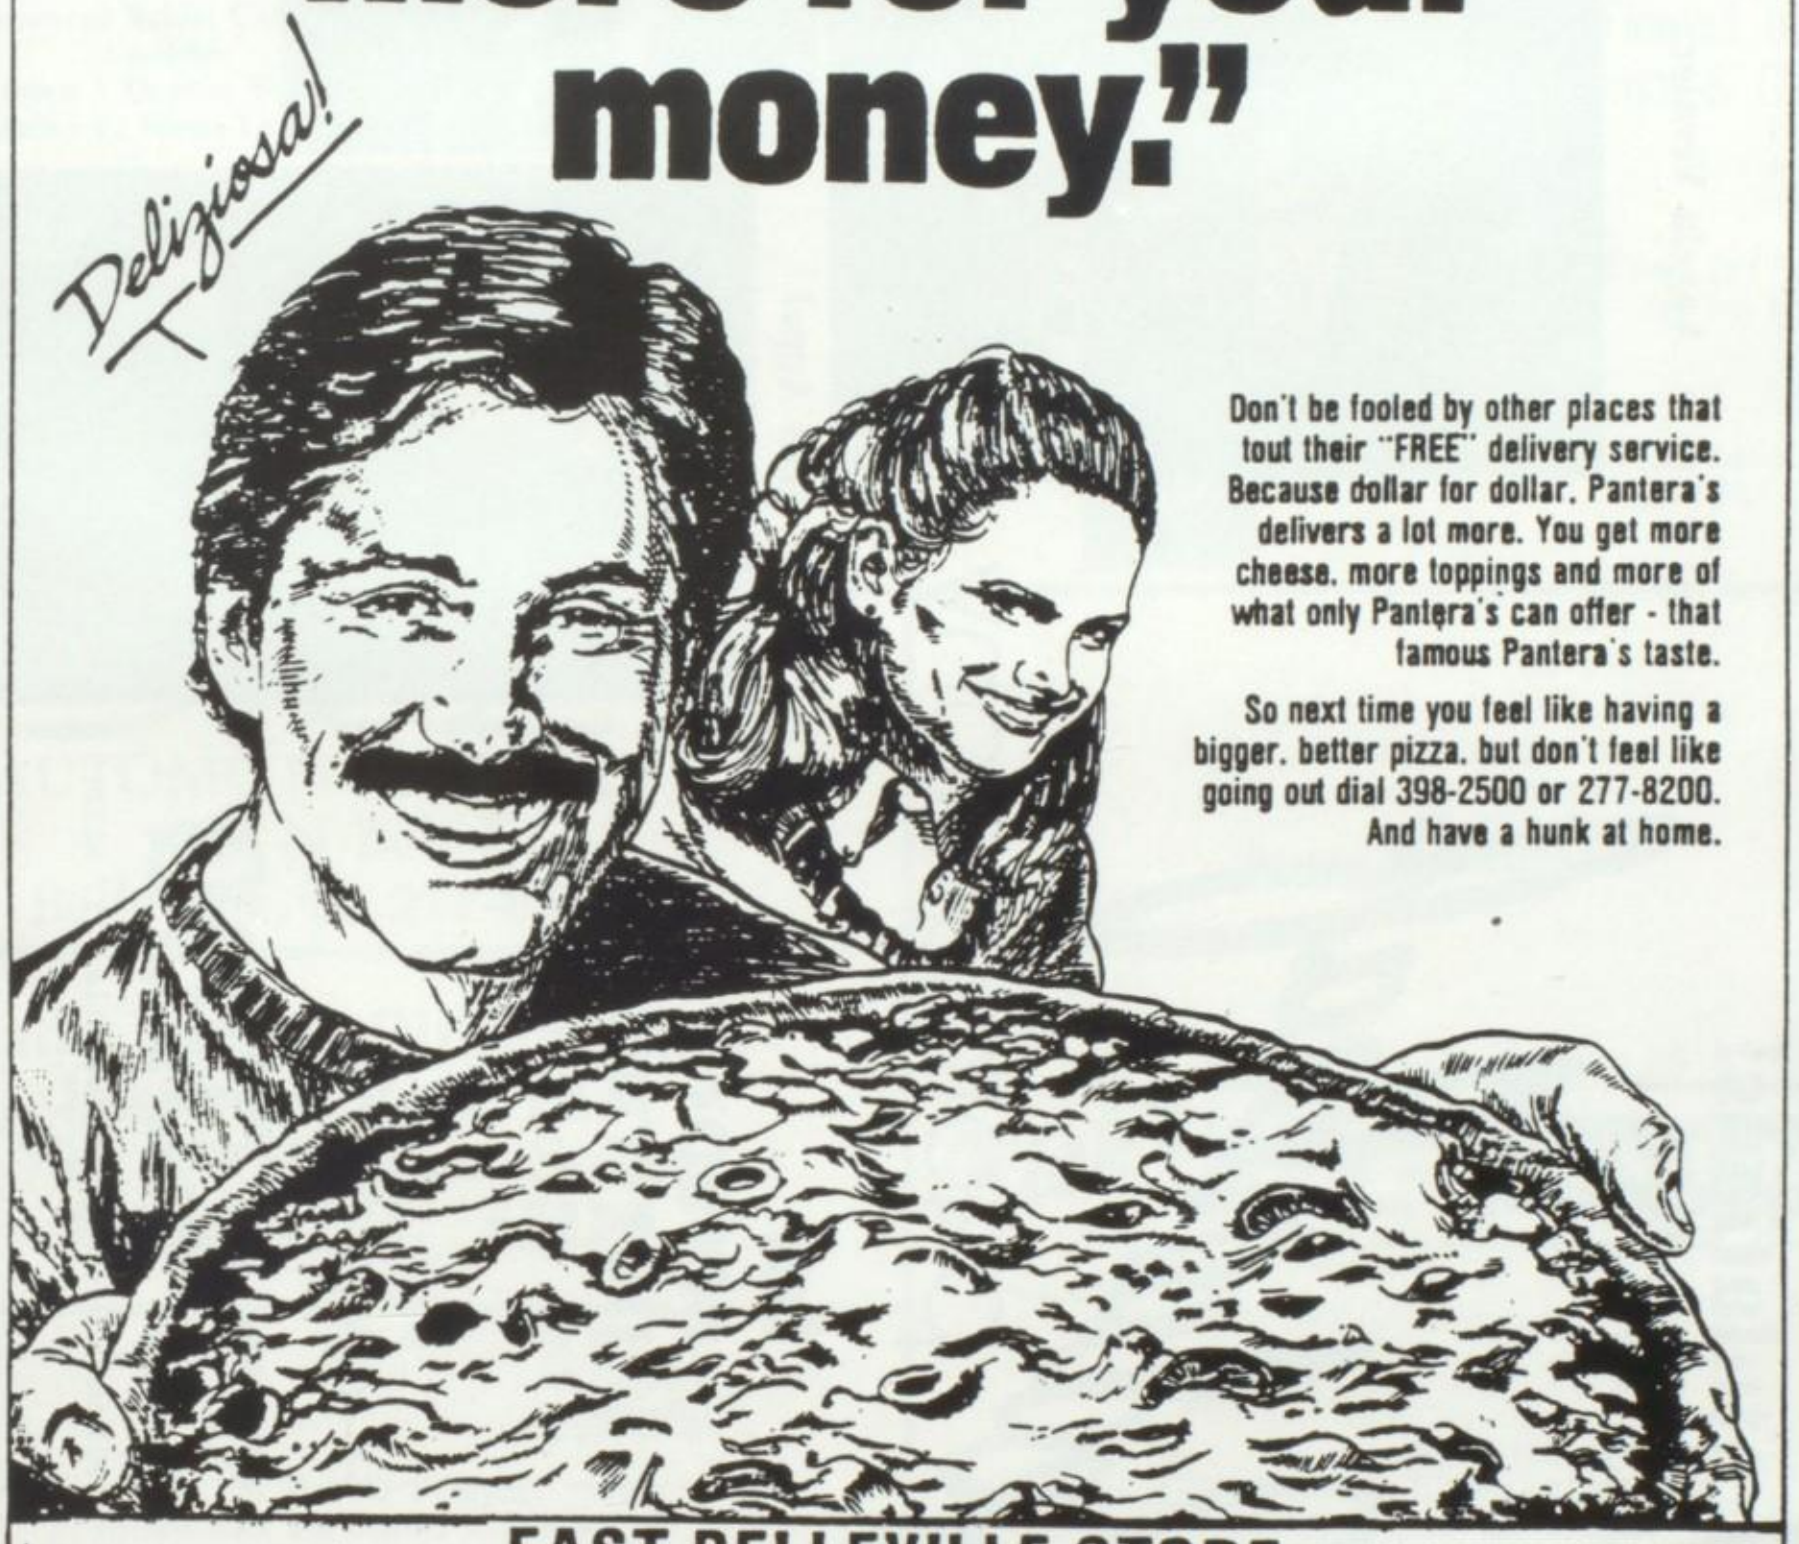
Pantera's

INTRODUCING PANTERA'S DELIVERY SERVICE

"Pantera's delivers more for your money."



Don't be fooled by other places that tout their "FREE" delivery service. Because dollar for dollar, Pantera's delivers a lot more. You get more cheese, more toppings and more of what only Pantera's can offer - that famous Pantera's taste.

So next time you feel like having a bigger, better pizza, but don't feel like going out dial 398-2500 or 277-8200. And have a hunk at home.

Answers About Student Loans

Q. If my family's income is greater than $30,000, will I still qualify for an ILLINOIS GUARANTEED STUDENT LOAN?

A. Yes, it is possible for those students whose family income is more than $30,000 to qualify for at least a partial loan.

Q. Can I apply for an ILLINOIS GUARANTEED STUDENT LOAN even though I plan on attending college in another state?

A. Yes, as long as you are an Illinois resident for at least the six months prior to attendance at a post-secondary school.

Q. I plan on starting college this fall. When can I apply for an ILLINOIS GUARANTEED STUDENT LOAN?

A. Fall applications can be submitted after May 1st.

Q. When do I repay my student loan, and what rate of interest will I pay?

A. Repayment begins six months after your college graduation. The interest rate during repayment is 8% APR-Simple Interest.

Q. If necessary, will I be able to borrow through this program for each year of college?

A. Yes, a student can borrow up to $2,500 per academic year up to a maximum of $12,500 as an undergraduate student, a total of five academic years.

Q. I plan on attending a trade/technical school. Will I be able to get a Guaranteed Student Loan?

A. Most well-known, established trade-technical schools are participants in the Guaranteed Student Loan Program.

The employees and the managment of Record Printing and Advertising Company are a *team* of professional, dedicated craftsmen in the art of printing.

The challenge of today's economic and business conditions have not, of course, bypassed the printing industry. We are aware of these challenges and are constantly keeping ourselves educated in technological advances that will aid us in producing quality printing at a competitive price.

In our pre-press department we are equipped with computerized typesetting, offering a very large library of type faces for your selection in addition to cameras and plate making equipment.

Our pressroom is equipped with some of the finest presses, namely Heidelberg and our bindery is also equipped to put the finishing touches to your job.

We are prepared to assist you in creative layout and design of your printing needs from stationery, industrial product sheets, brochures, booklets, catalogs or even hard bound books.

With the equipment and expertise of the employees of Record Printing and Advertising Company, we can produce your printing in single color, or fine multi color arrangements including 4-color process.

The next time you have need for a professional printer

The Yearbook Staff

At this time, we'd like to thank the following people who made up the yearbook staff.

To the artists: Jennifer thank you for filling up the dreaded "WHITE SPACE"! We know you own that car; you can't fool us!*?

Amy (alias, "The Trouble Maker"!) You deserve a big thanks too. We"ll be coming to see you in a few years with the 16 lil' ones and Maria's favorite spaghetti recipe (HA! HA! HEE!).

Geoff, what else could we possible say to ya?!

You guys all did excellent work!

To the sports editors: There are no words that better express are true feelings for you than "Hey boy, you look mighty cute in them jeans". Thank you both, Sue and Denise.

To the faculty editors: Mary and Stacy though your section was a toughy, you guys really did well! Thank you!

To the senior editor: Beth thank you for helping out on gobs of stuff! For your birthday we've all pitched in and bought you something you've always wanted. Yu guessed it! Your very own bottle of rubber cement.!!!

To the ad editors: Thank you Steve and Roland for your help on this section. Steve did you ever get that Open Book ad? (Ho! Ha!)

(And last, but not least.) To the photographers: Thank you Tom and James for all the pictures you took for us! Just think guys you'll never have to hide out in a cafeteria again!

Thank you all for your help throughout the year on this project!

Your humble, sweet, kind, and highly intelligent editors,
Maria Rigas and Debbie Noonan

P.S. A special thanks to the two who cleared out that awful smell in the yearbook office.

We'd like to also thank the following people for their help on this year's book; Mr. Colgan, Mr. Isom, Brett Thurwalker, Carl Hott, the special education teachers for their pictures and Ed Sudgen, yearbook representative. Also, a special thanks to the Belleville News Democrat and Fairview Journal for sports pictures.

(left to right) Amy Williamson- artist, Denise Hott- sports editor, Sue Gilmer- sports editor, Geoff Story- artist, Stacy Yunker- faculty ed., Mary Dunn- faculty ed., Maria Rigas- editor, Debbie Noonan- editor, Jennifer Noonan- artist. Located in the tire is our own advisor, Mr. Fred Hott.

(top row left to right) Photographers: Craig Coehlo, Anie Fedder. (bottom row lft. - rght.) Photographers: Tom Pour, Tom's Woman, James Sheddon. Located in the hubcap position is Mr. Hott, our advisor.

My dearest John,

You've made my senior year the best! Together we have made many great memories and I know there will be many more to come. I have learned more in this past year and a half that I did throughout my whole lifetime, and I know there is not a better teacher than you. I could not have asked for a better listener when I needed one the most, and you were certainly always there when I needed you. I love you, John, and I will till the end of time!

Love forever,

Gina

Greeting earthlings from your humanoid friend.

To all my amigos in first hour Spanish. I say Hola, como estás?

To my spacey friend Spiff I wish all the luck with guys and I say luck!

To big C who never returns my library books on time I say, Forget it you're not using my ID, but when you're head Journalist of the New York Times you can afford your own.

Lou, you owe 5 packs of gum.

Hello to all my earthling yuppies and my singing buddies Lisa and Healther.

Later Days, Better Potato Chips!

Pam-n-Alex, Pam, Diane, Angie, Alex, Chris, PARTY To Pam and Diane, Friends Always, From Angie. To Chris, I love you! "August 17". Love Always Angie. To Sheila, Best friends forever, Angie. "Baby Car", '86" School, Julia, It has been 5 years and it will be at least one more of high school. Now what college?? It has been great being friends. Angie.

Dear John,

You are one of the cutest and sweetest people I know. I hope we are always at least friends. I love you lots.

P.S. I have blue eyes not green!

Love,

Beth

Rick, The year I spent here became more valuable to me as the months past by. You made my stay worthwhile. The little things you did really showed me how much you cared. We shared a lot together. Whatever frustrations occurred, we overcame. It was wonderful being able to cry on your shoulder, and then laugh with you. I'll miss you when I leave. The decisions you make next year are important ones. I just want you to know that you're terrific! Love and Prayers, Cathy. P.S. Smile! Somebody will smile back!

I would like to take this time and space to thank the following people for all the support and appreciation they have given me throughout the year; Rick Barrett, Missy Blum, Mantu Das, Wally Funk, Libby Gass, Brian Gibson, Janice Hartmann, Laura Jojola, Chrissie Keelind, Shelly Krummrich, Rich Lockwood, Erin Mahoney, Anne Risavy, Jon Rosenstengel, Wendy Smith, Julie Sudduth, Stephanie Todd, Debbie Tracy, Kevin Whithe, Scott Thorn, and the entire staff and faculty of Belleville East who helped make this year enjoyable.

Thank You,

Tres Poe

Junior Class:

Thanks for all your support. Too bad about the float. Maybe next year! Ha! Ha!

Your Prez,

Ann

Senior Class

We are the BEST class!

We might not have been the best in sports, but we have a lot more to our class! We have brought school pride to East. We have had the most spirit. (We have the spirit stick to show it) Our class has pulled together to get the Various Jobs done like our float (which we got first on) and phantoming.

Always remember our class and the good times we all have had. After all,

"We're the BEST
We're Alive
We're the class of 85!"

Senior friends

Let's go fishin' this summer. Julie- look out for that tree! Mike-look! My lad, it's green. Dede, Ise- I won't hand out the windows! Ise- don't float away when a guy sings to you. Jill- don't forget B.A.S.S., Auffen Burg, Bowling ball, or the stick! "Julies, time to drive." Gary- sorry for our head on collisions. Robyn- let's go to the Ozarks! Janice- loved our talk glad it worked out! Bassam-Don't clean your glass door! Mike- Do author!

Rebekah the Munchkin,

It won't be the same here without our big sister to show us the way to McDonalds, which classes to avoid, and how to get along in general. It won't be the same here without you mooching lunch money from us, hogging the telephone all night, and wearing our clothes before we have the chance to wear them. It's been nice having you here. We will miss you.

Jen and Jo

1984-85 Student Council

You guys have been great this year! My job was made a lot easier because of your hard work and determination. Thanks for all those extra hours working at football and basketball games, also all your work during Loyalty Week. You really are the ones responsible for making it a success. (Well with the help of Mr. Barth's planning!) Everything has gone so smooth this year and that's because of you!! A special thank you to the officers for all your extra time and help! Thanks, from your President, and friend. Tami Trover.

Eric,
I just thought I would let ya in, on a little secret. I love you! I will always be here.

Love, Cecilia

John Donohue,
I love you!! Don't ever forget that. My love for you is there forever! You are always gonna be my "sweetie!"

Love ya bunches,
Tammy Jones

Dear Bruce Romine, To the most georgous guy I have ever seen. You are the sweetest guy in the whole world. I hope that someday I get to know you better. Congratulations on your graduation. Too bad I won't see you anymore. I sure will miss you. Love you always, Tami Michalke.

Dear Todd Volkman, When I think of you the sun comes up over the clouds. Even just a small glimpse of your good looks makes my world a little brighter. May life be sweet and good to you as long as the sky is blue. Love always, Cathy.

Beth,
A sister who can be nice, if she wants to. Hope your next three years at East are everything you want them to be.

Your favorite sister,
Julia

Hi Keli,
We still have to party together.

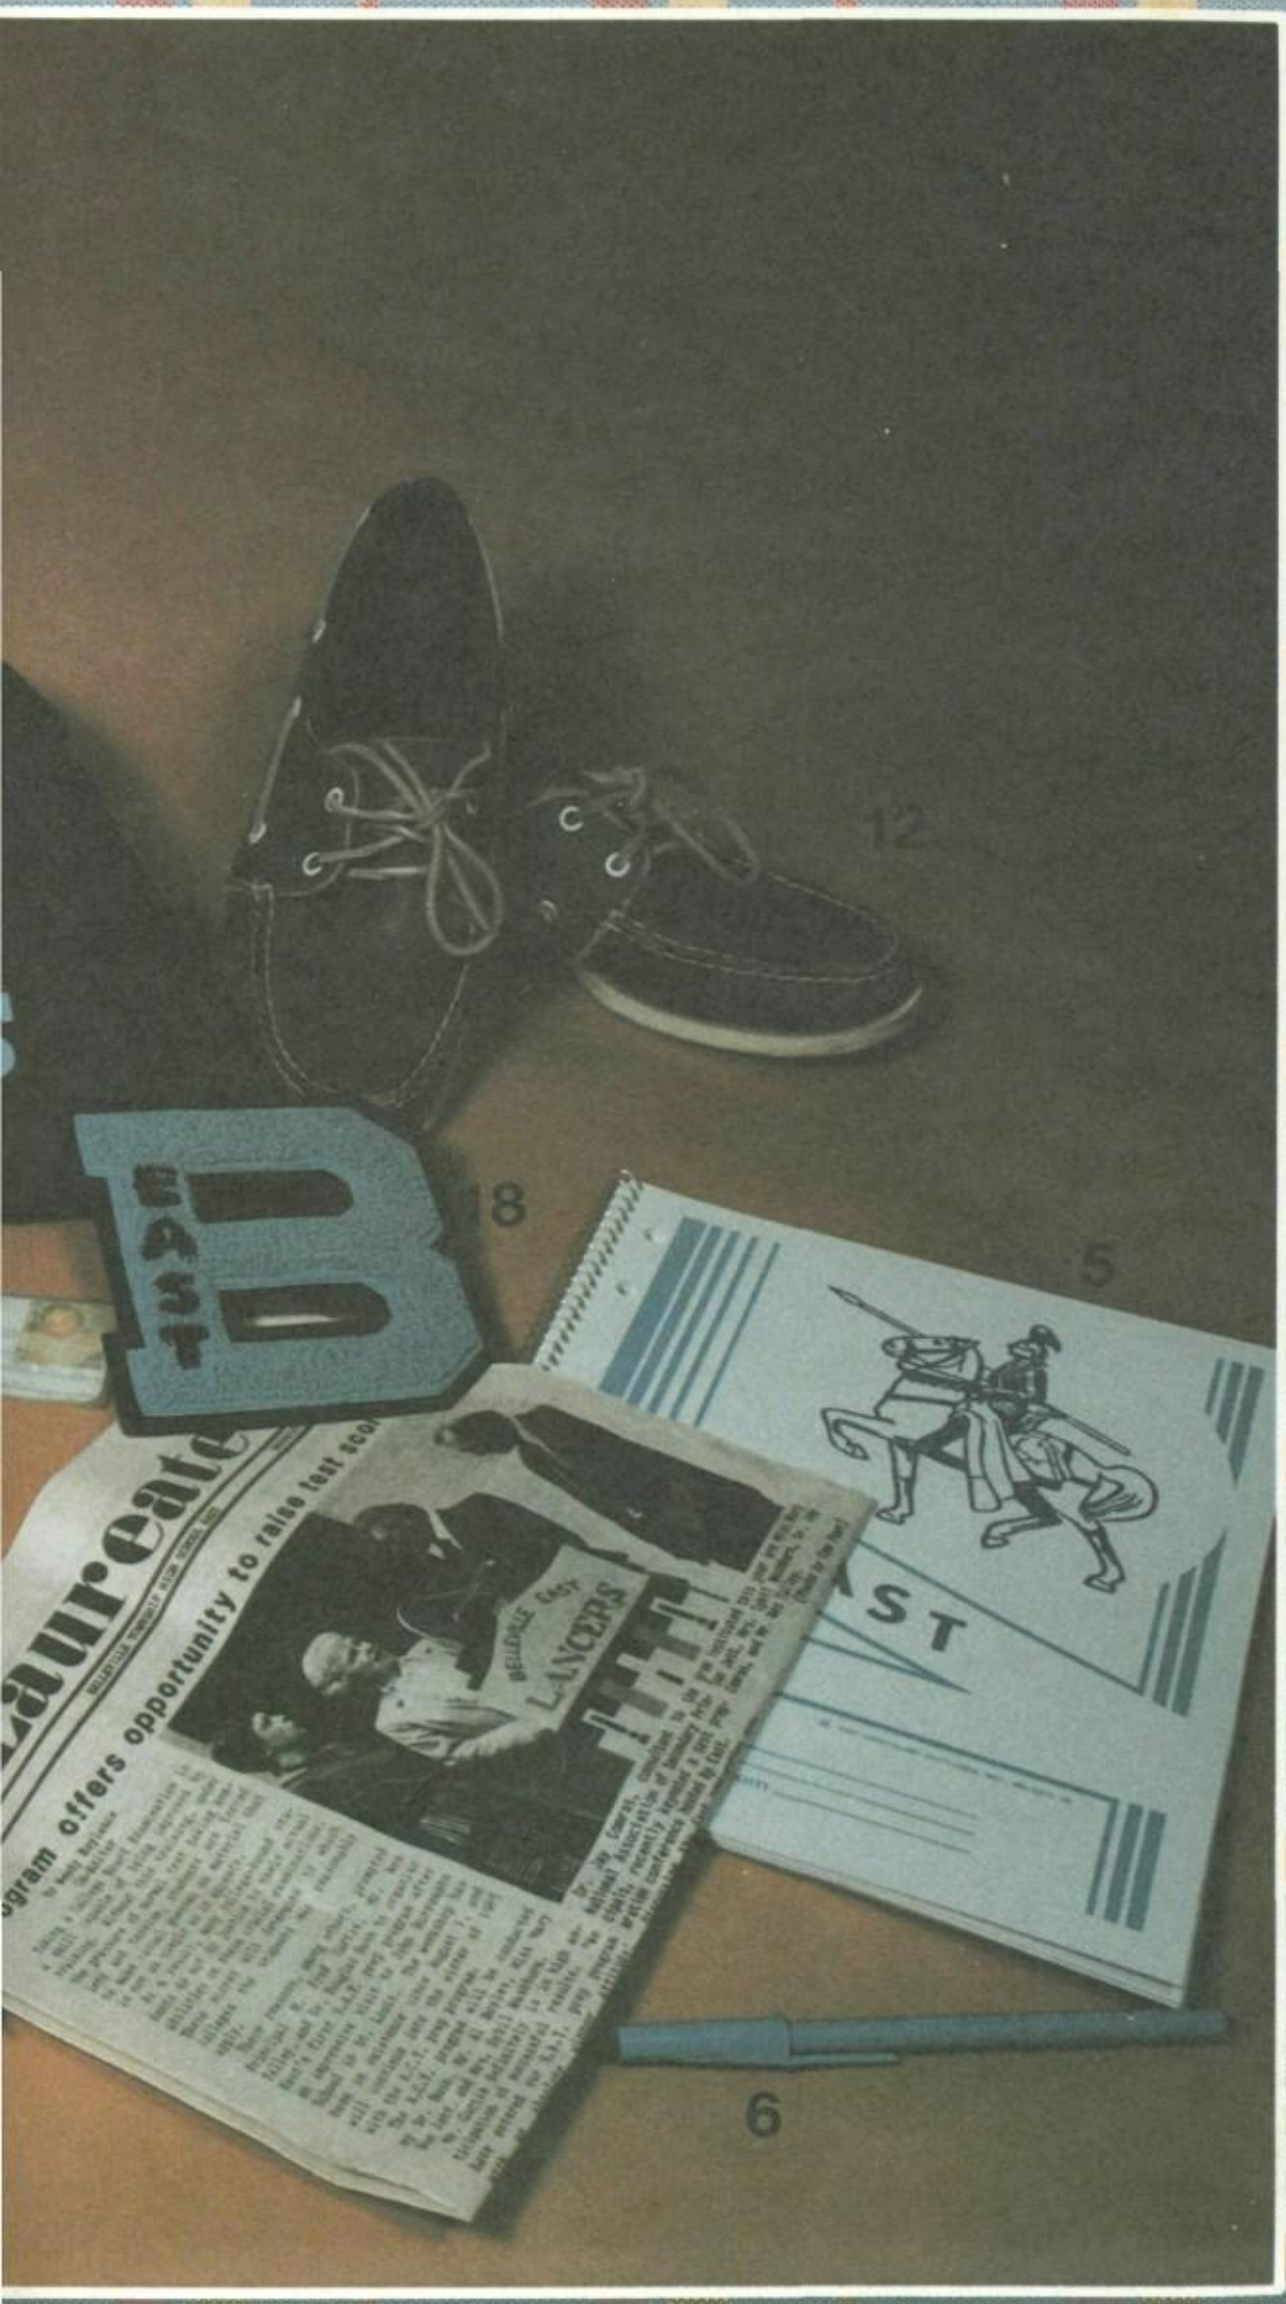
POSTENS

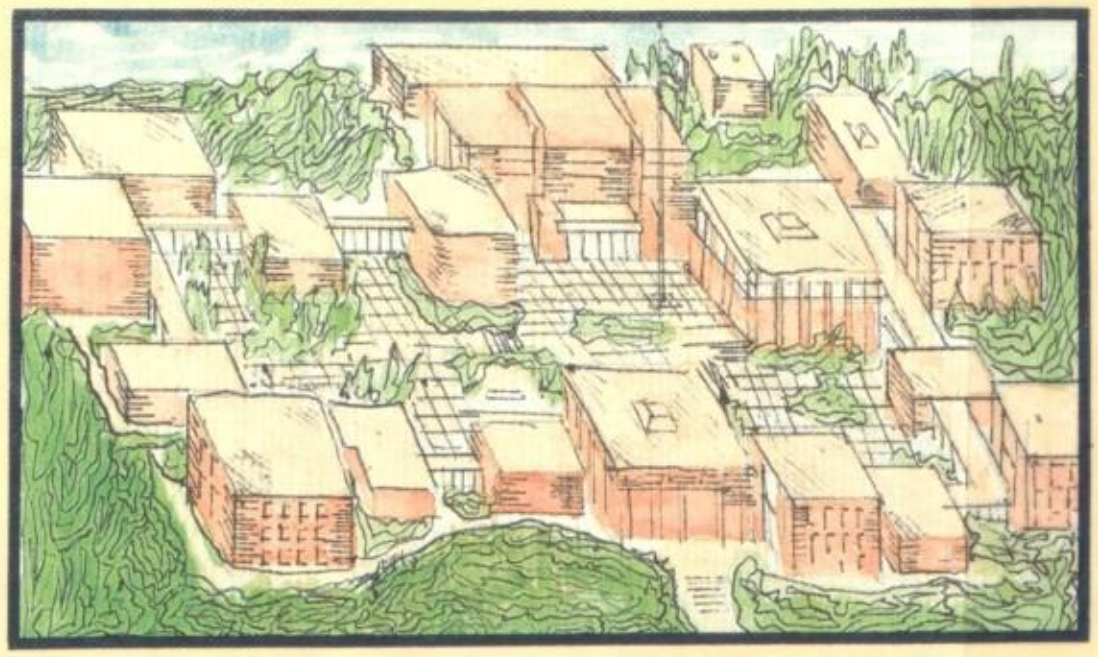
Eighteen typical accessories that no L

ancer should go without

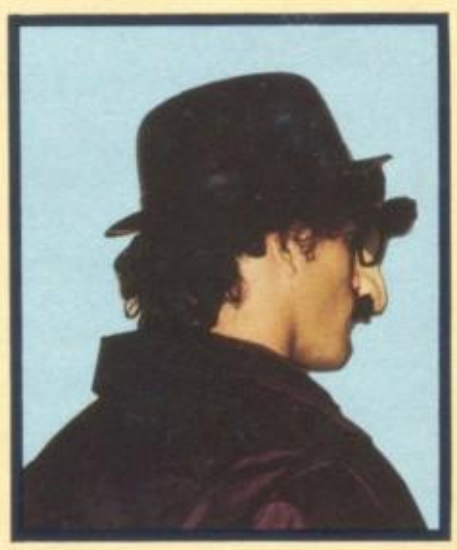


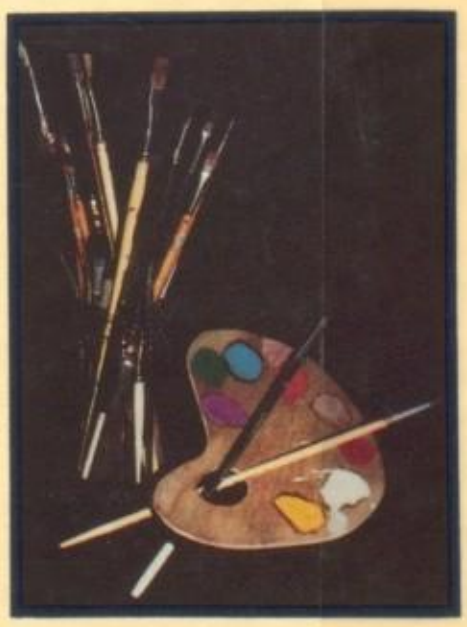
YOUR OFFICIAL EAST SURVIVAL KIT

1. **ID-** Proof that you exist at Belleville East. Second only to the credit card.
2. **Curling Iron-** An essential for the girls after P.E., but if it's raining or you got up late, the end of history is O.K. too.
3. **Brush** (substitutable for comb if you are a guy) — 80% of the girls at East cease to exist without their brush. Most often in use at the last five minutes in class, right after the makeup has been applied. Boys, on the other hand, are armed with a comb *at all times,* and use it . . . whenever time permits.
4. **Black Address Book-** (get this if nothing else)- A guy without his little black book is like a sea without water, a bird without wings . . .
5. **Notebook-** primarily used for your writing assignments, but, as we all know, it's also useful for doodling in while plagued with boredom in class.
6. **Pen-** the pen is most commonly used for your essays and notes, but you sometimes see their inkblots all over your desk, which some Rorshach-happy nut from Psychology left behind — watch where you set down those papers!!
7. **Pencil-** used for Algebra and Geometry homework, but it is also used for making more detailed pictures on your desk along with inkblots.
8. **Algebra Book-** the Algebra book's most obvious use is for teaching algebra and providing assignments to do. While trying to do assignments, some students find it makes a good pillow. It has other uses, like . . ., um, acting as an umbrella in the rain! Or perhaps kindling for the fire! (After it has been used, of course.)
9. **Laureate** (school newspaper)-When the newspaper comes out, you can always find the Laureate staff. They are the ones loaded down with tons of newspaper, trying to unload them onto you for 20¢.
10. **Jacket-** Yes, when you enter high school, you feel an obligatory tug to get an East jacket. Go ahead, everyone else does.
11. **Handbook-** An item handed to you in one of your English classes at the beginning of the year containing the sacred commandments of Belleville East (usually found at the bottom of everyone's locker.)
12. **Shoes-** typical Lancer shoes: never seen with socks and worn all year round.
13. **Phantom Mask-** Only essential to bankrobbers, masqueraders . . . or seniors who wish to become phantoms, that insidious group who wreak havok upon the East campus by "decorating" with toilet paper and masking tape during Loyalty Week. They cover their faces so they can't tell who taped up that freaky comment of David Letterman's, or who loves such-and-such . . . you get the idea.
14. **Tape-** used by students to post up signs, letters, etc., while teachers think it could be more wisely used on students' mouths.
15. **Lock-** The lock is used for protecting items that you don't want stolen, such as clothes, books, and other personal items. Then you have your locker combination (most of the numbers unreadable) which usually takes the poor freshmen ten times before they can even get it open.
16. **Lancer schedule-** If you don't know what to do on a Friday (hard to believe, but some people don't), just pick up your Lancer schedule and attend a game in your local area: B.T.H.S. West.
17. **Toilet paper** A major item that has many uses. It can be used to decorate our school, get back at your favorite teacher's trees, blowing your nose etc. (comes in a variety of colors and florals)
18. **The Belleville East Letter-** The East school letter is usually sewed on the sweaters or jackets of jocks or preps. This "B" is a prestigous symbol for them to show off to their girlfriends or boyfriends.



Class of '85: you survived it all from freshman dilemmas to senioritis. Now you have been promoted to a freshman.





BELLEVILLE EAST FIGHT SONG
On you LANCERS, on you LANCERS
On to VICTORY!
We will stand with heart and
Hand behind you Belleville East
Rah! Rah! Rah!
Onward LANCERS, forward LANCERS
Loyal we'll ever be
Our team will fight, score, win
To VICTORY!
